| 8 06/09/2016 | Kim Ballard | Thank you for your assistance yesterday. I would like to request from the log viewed yesterday, the first 3 pages of the residential properties tab and the last 3 pages through this FOIA request. Also to reiterate my request for copies of occupancy showing the conditional pass stamp for the properties I identified from the spreadsheet you provided, in addition to the final occupancy permit and comcheck/rescheck, from a previous FOIA request. You explained the reason why the conditional occupancy was not available for 407 W Washington Street was because the conditional stamped copy was not maintained. The final occupancy permit apparently replaced it and it was not scanned for copy, under the old process. There's just one flaw in this explanation I can't get past. Through several FOIA requests as early as Jan 14, 2015, I asked for the occupancy permit and was told there was not one. In fact, I asked repeatedly and was told there was not one. I asked the owners for proof of occupancy on January 8, 2015 and nothing was provided. If a conditional stamped copy existed at the time that would have fulfilled my inquiry but nothing was produced. |
