MOTOR FUEL TAX 2030

Purpose

Illinois Motor Fuel Tax (MFT) is levied at fueling stations. Each time someone purchases fuel in Illinois, a portion of the sales tax goes to the State of Illinois for distribution into the Motor Fuel Tax program. Illinois has imposed a motor fuel use tax since October 1, 1977. The tax is disbursed by the Illinois Department of Transportation.

MFT funds tend to be allocated to large projects, such as bridges and intersections, for two main reasons:

1. The money carries over from year to year, so that money can be banked and saved to fund major construction.
2. The State of Illinois has rigorous standards, including documentation requirements that far surpass requirements for locally-funded work. From an efficiency standpoint, it makes no sense to use MFT for many small projects, due to the intense amount of documentation.

Local Motor Fuel Tax (LMFT): The City imposes a LMFT of 4 cents per gallon under home rule authority. The LMFT does not have the administrative requirements and is typically contained within the Street Maintenance narrative. The LMFT is authorized by City Municipal Code, Chapter 39, Article XVIII.

Authorization

Statutory regulations for the Motor Fuel Tax Fund may be reviewed in the Illinois Compiled Statutes 35 ILCS 505/13a.

What are the Illinois Motor Fuel Tax Rates?

Illinois' gasoline tax is 20.1¢ per gallon (.19¢ per gallon plus a leaking underground storage tank tax of 0.003¢ per gallon and an environmental impact fee of 0.008¢ per gallon) Diesel is 21.5¢, plus environmental and underground storage taxes. A municipality's share of the total MFT municipal allocation is based on the ratio of that municipality's population to the total population of all incorporated areas in the State. The allotment for each municipality is based on statewide sales, not on the total fuel tax collected within that municipality's boundary.

How Can MFT Funds Be Used?

In general, Motor Fuel Tax (MFT) Funds can be used for the following items, assuming that IDOT requirements are met:

- Construction and maintenance of any municipal street designated as a part of the federal aid primary, or the federal aid urban system of streets within the municipality
- The construction and maintenance of municipal streets and alleys as is designated by the corporate authorities and approved by IDOT
- The construction, maintenance or repair of sidewalks in the municipality
- The payment of engineering costs in connection with all work described in this Division of this code. The municipality may contract for such services with a professional engineer.

FY 2020 Budget & Program Highlights

- Improve and widen Fox Creek Road, from Danbury Drive to Beich Road, and the bridge over the Union Pacific Railroad (FY 17 was a planning year) by combining \$5.93 million in MFT funds with \$1.45 million in Grade Crossing Protection Funds.
- Install traffic signals and make improvements on GE Road at Keaton Place
- Partnership with the McLean County Regional Planning Commission and the State of Illinois for the funding of the extension of Hamilton Road from Bunn Street to Commerce Parkway

What We Accomplished in FY 2019

- Paid for electricity for street lighting
- Installed sidewalk along the Washington Street crossing of the two Union Pacific Railroad sidings west of the High Speed Rail corridor, using funds that will be reimbursed by the Illinois Department of Transportation for expenses

BOARD OF ELECTION COMMISSIONERS 2070

Purpose

In accordance with Illinois law, a Board of Election Commissioners was created to oversee local elections, to ensure propriety.

Authorization

Article II.--Election Commissioners and their Duties

- Section I. In every city, village and incorporated town so adopting this act there shall be created a board of election commissioners, which shall be composed of three members, each of whom shall be designated as an election commissioner, and shall be appointed by the county court in the county in which such city, village or incorporated town shall be located. And such appointment shall be entered of record in such court, and, when qualified, such commissioner shall be an officer of such court. The first appointment of such commissioners shall be within sixty days after the adoption of this act, and those first appointed shall hold their office for the period of one, two and three years respectively, and the judge appointing them shall designate the term for which each one shall hold his office, whether for one, two or three years. If the office of either commissioner shall become vacant, it shall thereupon be the duty of such county court to appoint a successor for such unexpired term; after the expiration of the term for which each commissioner is appointed, such court shall, in the same way, nominate and appoint a successor, who shall hold his office for the period of three years, and until his successor is appointed.
- Information gathered indicates that this portion of the election law was enacted due to rapid growth of cities at the time and also use of political influence.
- Per a past intergovernmental agreement, the City maintains the financial system (receivables and payables) for the Board of Election Commissioners.

Timeframe for Elections

General Elections are held to elect County, State and Federal officials.

- General Primary elections are held the third Tuesday of March in even numbered years.
- General Elections are held on the first Tuesday after the first Monday in November in even numbered years.

Consolidated Elections are held to elect School and City officials.

- Consolidated Primary elections are held on the last Tuesday in February in odd numbered years.
- Consolidated Elections are held on the first Tuesday in April of odd numbered years, unless that date falls during Passover, in which case the elections are held on the first Tuesday following the last day of Passover.

DRUG ENFORCEMENT 2090

Purpose

The Drug Enforcement Fund is a Special Revenue Fund of the City. This fund accounts for the revenue and expenditures related to the Police Department's drug enforcement seizures. This account is composed of 3 sub-accounts which track activities in each function.

What Accounts Make Up the Drug Enforcement Fund?

- DUI Enforcement - This function accounts for associated court fines obtained by the City through DUI Enforcement. The funds are used to offset direct expenditures related to DUI Enforcement by the Police Department.
- Marijuana Leaf Testing - This function accounts for associated court fines obtained by the City through prosecution of Marijuana possession. These funds must be used directly by the Police Department for law enforcement purposes related to drug possession.
- Federal/State Drug Enforcement Program - This function accounts for funds obtained through the Federal Asset Forfeiture Program, which distributes a percentage of monies/assets legally seized for drug offenses. These funds must be used directly by the Police Department for designated law enforcement purposes.

COMMUNITY DEVELOPMENT BLOCK GRANT 2240

Purpose

This division provides oversight of the funds and activities covered by the City's Community Development Block Grant (CDBG), an entitlement grant distributed by the US Department of Housing and Urban Development (HUD). Entitlement cities are required to develop and submit to HUD a five-year plan, known as the Consolidated Plan (Con Plan). This plan provides a comprehensive review of the current needs of the community, upon which all activities are based. On March 23, 2015, the City Council voted to approve the 2015-2019 plan to pursue HUD's overall goal to develop viable urban communities by providing decent housing, a suitable living environments and expanding economic opportunities principally for low- and moderate-income persons. Each year, activities proposed must meet the predetermined needs established within the Consolidated Plan and submitted to HUD via an Annual Action Plan for approval.

In addition to the CDBG program, the Office of Grants Administration administers approximately \$330,000 annually in HUD Supportive Housing Program (SHP) grant funds. The City serves as the fiscal agent for the grant funds while PATH (Providing Access To Help) administers the day-to-day management of the grant and serves as the lead agency for the Central Illinois and McLean County Continuum of Care (COC) networks. Grant funds support several agencies within the McLean County Continuum of Care network including PATH, Children's Home + Aid, Collaborative Solutions, Partners for Community, Mid Central Community Action and the Salvation Army. The grant provides funding for supportive services, administration and rental assistance activities.

Community Development leverages CDBG funds with other funding sources when available. In 2017, the City received \$236,250 from the Illinois Housing Development Authority's (IHDA) Single Family Rehabilitation (SFR) grant and \$75,000 through IHDA's Abandoned Property Program (APP). Both of the IHDA grants were on a two-year cycle ending in FY19. Through the SFR grant, the City provided moderate to substantial rehabilitation for six single-family, owner-occupied households meeting program income guidelines. The APP grant provides relief to the City's General Fund by covering the cost of maintaining vacant properties and demolition when necessary. The City received an additional \$60,000 in SFR funding in FY 2019 and is applying for more funding available in FY 2020. There are currently 23 properties approved for expenditures through the grant.

In FY 2019, the Grants Coordinator was appointed Staff Administrator to the John M. Scott Health Commission. On July 2, 2018, the focus of the John M. Scott Health Trust shifted focus from providing direct services to a grants-only program. The Staff Administrator's role is to assist the Commission during the transition period and manage the grants program on behalf of the Commission and the City as Trustee.

In addition to the Community Development Department's grants, this division provides grant-writing technical assistance to other departments throughout the City. When grants are awarded, division staff assist with required reporting and financial documentation.

This division is supported by (1) full-time Grants Coordinator, (1) full-time Rehabilitation Officer/Inspector III and (1) Support Staff position that is shared with Code Enforcement.

Programs and Activities Administered and Sponsored:

- Single-family home rehabilitation projects for low- to moderate-income households
- Demolition of properties too distressed for rehabilitation
- Public service activities including (but not limited to):
 - Peace Meals Senior Nutrition Program
 - Homeless Prevention activities
 - Emergency Services through PATH
- Infrastructure funding (sidewalk, street, curb and gutter replacement, water and sewer services)
- Public Facility Improvements (building improvements for non-profits)
- Job and Life Skills Training for public housing residents and Section 8 participants
- Administration of the Continuum of Care programs for the homeless
- Administration of non-HUD grants such as the Illinois Housing Development Authority's Abandoned Property Program (APP) and Single-Family Rehabilitation Program (SFR)

Visit the City's website for a complete list of projects and activities outlined in the Annual Action Plan.

<http://www.cityblm.org/government/departments/community-development/block-grant/action-plan>

FY 2020 Funding Level

We are projecting the same level of HUD funding in FY 2020 as in FY 2019. The federal fiscal year begins October 1. HUD generally announces allocation amounts by March the following calendar year. Our allocation for May 1, 2019, will be under the FY 2019.

The City received \$60,000 in Round 3 of Abandoned Property Program in FY 2019. We anticipate 100% of that funding will carry forward into FY 2020. We will expend the remaining Round 2 funding by the end of FY19. We submitted an application for an additional \$75,000 APP Round 4 funding that will be awarded late in FY19 or early FY20. Each Round is a two-year cycle with overlapping years.

The City has submitted an application to for Round 2 of IHDA's Single Family Rehabilitation funding. We requested \$378,000 to complete eight rehabilitation projects. Each household is eligible for up to \$45,000 in assistance. Award notices will be sent late in FY 2019 with projects beginning in FY 2020.

The City submitted a grant application for IHDA's Home Accessibility Program. If awarded, the City will receive funding for six rehabilitation projects with the primary focus on making accessibility improvements for senior and/or disabled residents. The City has not utilized this funding source in the past.

FY 2020 Budget & Program Highlights

Community Development Block Grant programs planned for FY 2020 include:

- Approximately \$137,350 for housing rehabilitation loans and grants will be provided to low- and moderate-income, single-family households through the Homeowner Rehabilitation Loan and Grant Program;
- \$10,000 to Section 3 Job and Life Skills Training for Bloomington's public housing residents and Housing Choice Voucher Program recipients;
- Collaborating with the McLean County Regional Planning Commission and Town of Normal to complete a regional Consolidated Plan;
- Renovation, Repair and Painting (RRP) training for all CDBG approved contractors;
- Financial support to local not-for-profit organizations in the amount of \$129,780;

- Continued support of the West Bloomington Revitalization Project.

As the fiscal agent for Continuum of Care programs, the City will focus on the prevention of homelessness and meeting the needs of those currently experiencing homelessness by managing \$328,126 in HUD funding to the following agencies:

- Coordinated Entry Grant: \$29,583 (PATH);
- Families and Individuals with Disabilities Grant: \$95,427 (PATH, Children's Home + Aid and Recycling Furniture for Families);
- Core Services Grant: \$136,706 (PATH and Salvation Army);
- Mayor's Manor Shelter Plus Care Grant: \$23,193;
- COC Planning Grant: \$43,217 (PATH);

The FY20 budget includes \$60,000 in funding from the Illinois Housing Development Authority through its Abandoned Property Program. The Office of Grants Administration anticipates requesting several budget amendments in FY20 to add additional IHDA funding received through the Single Family Rehabilitation program, Home Accessibility Program and another found of Abandoned Property Program. The total for all three new projects could be more than \$500,000 if requests are fully funded.

Funding Source

100% Grant Funded-

Community Development Block Grant Entitlement Grant = \$552,428

Supportive Housing Program - \$328,126

Illinois Housing Development Authority - \$60,000

Community Development has \$1,522,017.85 in active loans to low- and moderate-income households. The majority of the loans are 0% interest, deferred. No payment is due as long as the home remains owner-occupied. Loan repayments average approximately \$35,000 annually.

Note: All the labor-related expenses are paid out of the City's General Fund Code Enforcement Division.

What we Accomplished in FY 2019

- Development of a neighborhood park in the Woodbury Estates Subdivision.
- Sewer replacement/improvements along W. Elm and W. Taylor St.;
- Extensive rehabilitation on six homes through the Illinois Housing Development Authority Single Family Rehabilitation program;
- Completed approximately 20 minor to moderate rehabilitation projects for low- and moderate-income households with CDBG funding;
- Provided economic opportunities for local contractors to improve the quality of the City's low- to moderate-income housing stock through the City's Homeowner Rehabilitation Loan and Grant Program;
- Donation of vacant lots to Habitat for Humanity for construction of new, affordable housing;
- Supported revitalization efforts in West Bloomington through the West Bloomington Housing Collaborative partnership and West Bloomington Revitalization Project activities;

- Adopted a new regional Citizen Participation Plan in preparation for the next 5-year Consolidated Plan;
- Secured grants management software allowing staff to manage programs more efficiently;
- Administered six Continuum of Care grants, which provided services to homeless individuals. The grants totaled \$328,126;
- Developed a new grants program for the John M. Scott Health Trust for implementation in FY 2020.

Budgetary Fund Balance

Community Development	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	-\$14,665	-\$14,665	-\$14,665

IHDA Grant Funds	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	-\$6,490	-\$6,490	-\$6,490

Challenges

- Additional staff is needed in order to bring more grant funds to the City.
- Funding from HUD is significantly lower than in the past making it difficult to meet the needs of the community.
- For the past two years, HUD has not released annual allocation amounts until well into the project year. This creates delay in the start of the programs and activities outlined in the Annual Action Plan, which begins May 1 making it difficult to achieve the identified goals for many of the programs.
- Program Income is difficult to estimate as most CDBG Rehabilitation Loans are deferred at 0% interest as long as the home remains owner-occupied.

Community Development Marketing/Advertising Policy

Background – HUD requires that the City of Bloomington follow an adopted Citizen Participation plan to ensure public involvement in the planning process and use of Community Development Block Grant (CDBG) funds. The participation plan includes proper public notice and hearings to ensure engagement of those affected by its programs, as well as identifying the activities triggering this activity.

Public Hearings –A minimum of 2 public hearings are required annually. One hearing discusses the needs and associated activities to be undertaken by the City using our CDBG funding. The second hearing discusses the accomplishments of the City for a given year. Both hearings provide a forum for public comment.

Public Notification – The public is required to be given either a 15-day or a 30-day advance notice of a scheduled public hearing. Notifications shall be posted in:

- City Hall and Government Center
- Bloomington Public Library
- City of Bloomington website

- Local newspaper of general circulation (The Pantagraph)
- PATH's newsletter (Providing Access to Help)
- Neighborhood organizations and churches located on the South and West sides (target areas) of Bloomington.

Substantial Amendments – Any time there is a proposed change in priority, purpose, location, scope, or beneficiary in the amount of \$100,000 or more, the public will be notified and allowed time to comment as stated above. The Substantial Amendment process is also triggered if an activity is added to the Consolidated Plan and/or Action Plan after approved by HUD or an approved activity budget increases or decrease more than 10% from the approved amount.

Other Notices – The application cycle for the Homeowner Rehabilitation and Partner Programs is open for 60 days - July 1 - August 31. Homeowner applications are accepted on a first-come, first-served basis. Both programs are promoted via news release to local media outlets, notices in the PATH-O-GRAM and direct mailing/email to Community Development partners, not-for- profits and churches with a focus on the City's low- and moderate-income areas.

LIBRARY 2310

Purpose

The mission of the Bloomington Public Library is to provide our diverse community with a helpful and welcoming place that offers equal access to the world of ideas and information and supports lifelong learning. The Bloomington Public Library serves the residents of Bloomington and, on contract, the Golden Prairie Public Library District. It is governed by a nine-member Board of Trustees appointed by the Mayor. The Library Board appoints the Library Director, sets the policies for the Library, and approves the budget and all expenditures for the Library.

Authorization

The Illinois Local Library Act (75 ILCS 5/4) summarizes the powers and responsibilities of Library boards of trustees.

FY 2020 Budget & Program Highlights

- The Library revenue amount from the City property tax levy requested is \$4,871,840, a 1% increase from last year's requested amount but an estimated 0.19% decrease from last year's tax rate.
- The Library continues to offer a variety of services, which include traditional physical item checkout, digital item checkouts, access to technology, and free programs. These services continue to not only be popular but to impact lives!
- 86% of the Library's funding is from the property tax levy. The remaining 14% is from the Golden Prairie Public Library District contract, replacement taxes, donations, state grants, fees, and other including a successful Book Shoppe.
- Year after year, the Library staff and the Library Board have continued to run an efficient budget by looking for ways to reduce expenses and to do more with less.

Funding Source

Proposed for FY 2020, Property Taxes 86.4%, Golden Prairie Library District 7.1%, Replacement Tax 2.3%, and Grants, Fees, Fines and Other 4.2%

What we Accomplished in FY 2019

The Library continues to be very busy. At 75% of the way through the year:

- 888,350 items have been checked out.
- 39,032 individuals have logged onto a public access computer.
- 67,899 holds placed by customers have been filled with items from the collection.
- 10,799 people have attended library programs. This includes programs serving diverse populations such as Dia de los Ninos, Celebration of India, and Autumn Moon Harvest Festival.
- 251,123 people have visited the Library and the Bookmobile.
- 35,101 residents of Bloomington, or about 46%, have Library cards.
- The Library has continued to work with Unit 5 and District 87 to provide Library cards to every Bloomington student in the districts Bloomington student in the districts.

- Flooring, paint, and shelving was replaced in the Library's Movies, Music, and Audiobooks section – providing more space for materials and brightening the area.

These accomplishments demonstrate that staff are delivering friendly, helpful service to our customers and offering the materials they want in an inviting environment.

Budgetary Fund Balance

Challenges

Existing Service Level Issues and Concerns - The focus of the Library's goals and efforts to accomplish them in the future revolve around the ability to continue to offer our customers the same level of materials and services that they have come to expect. Circulation has increased 82% from 665,573 in FY 2005 when the Library building renovation began, to 1,212,834 in FY 2018. To manage this growth, the Library has turned to technology, such as the self-check system, print management and pc reservation software, and RFID tags, plus managing workflow more efficiently. The Library has run out of space for additional materials, computers, office space, seating for customers, programming space, and parking space. The concern

now is how to continue to meet the community's demands for resources and services. Regardless of whether we can add the necessary additional space, we are starting to see a need for repairs and replacements in our existing building include replacing the roof, return air ducts, air handler, carpet, broken/worn furniture, garage driveway, parking lot curb, retaining wall, and lighting.

Future Service Level Issues and Concerns - Additional parking, shelf space, meeting space, and seating are needed. Rapidly changing technology such as eBooks and other downloadable software continue to challenge the Library's ability to provide needed services and resources.

Library Funds

In 2010, the Board of Trustees passed a resolution establishing two special revenue funds (Capital Reserve Fund and Fixed Asset Fund) and a policy regarding the Maintenance & Operating Fund. Following is a synopsis of the three funds:

- The Maintenance and Operating Fund is used to hold the monies needed for operation of the Library and a target of 25% of the annual operating budget is set aside as working cash and to cover unanticipated emergencies.
- The Fixed Asset Fund is restricted for fixed asset items such as replacement of computers, the Bookmobile, shelving, and furniture.
- The Capital Reserve Fund is our "savings account" for the future to pay for much needed expansion of access to the services the Library provides to the community and/or major repairs to our existing building. (NOTE: The Library Board passed a budget that reflects a transfer to this fund but since this is not yet set up as a separate fund in the Munis software our budget appears unbalanced.)

PARK DEDICATION 2410

Purpose

The Park Dedication Fund is used to account for developer payments made to the City (per City Code) to provide park facilities when a subdivision is developed. Within the Park Dedication Fund, the City is divided into 8 Neighborhood Planning Areas. (See map below) This ensures the funds are expensed in the area of development. The cash contribution in lieu of park and recreation land dedication is held in trust by the City or another public body designated by the City, solely for the acquisition and development of park and recreation land. Funds are available to serve the immediate or the future needs of the residents of a subdivision or for the improvement of other existing local park and recreational land which already serves such areas.

What Changes Are Coming to This Fund?

- GASB 54 – In FY 2012, the City implemented Governmental Accounting Standards Board Statement 54. This Statement reinforced the City's assumption that this fund should be classified as a special revenue fund.
- In 2019 the Director will be taking to City Council rewritten and updated Parkland Dedication Ordinances for their approval.

FY 2020 Budget & Program Highlights

- Work will continue after the Parks Master Plan is completed to plan and update Parks in Neighborhood Areas where funding is available.

Funding Source

Developer payments and grant funds.

What we Accomplished in FY 2019

- Will pay balance to Illinois Department of Transportation (IDOT) for the completion of the Benjamin School Trail.
- Paid Greenplay LLC for the completion of the Parks Master Plan.
- Assisted with financing for the Firefighter's Memorial in Miller Park.
- Assisted with financing for the Miller Park Zoo Concessions and Parking Lot.

Budgetary Fund Balance

Park Dedication Fund	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	\$613,027	\$57,382	\$77,886

Challenges

While the Park Dedication land and money is important it does not cover the costs of developing the park and the services that are needed for a park such as streets, sewers, etc.

Fun Facts

The following reflects the NPA's (Neighborhood Planning Areas) with money available:

- NPA #1 –
- NPA #2 –
- NPA #3 –
- NPA #4 –
- NPA #5 –
- NPA #6 –
- NPA #7 –

There are additional dollars available in some ancillary accounts that are not tied into the NPA areas. It is money that has been designated to Recreation, Miller Park Zoo, and the Pepsi Ice Center.

EMPIRE STREET CORRIDOR TIF 2510

Purpose

The Empire Street Corridor TIF Fund is used to track the expenses and revenues related to the Empire Street Corridor Redevelopment Project Area.

The intent of the TIF district is to induce development interest within this area and make improvements to public infrastructure.

Authorization

The Ordinances which created the Empire Street Corridor Tax Increment Financing (TIF) District were adopted on February 22, 2016. This TIF District fund receives the incremental property tax revenue generated by the properties located within the TIF District's boundaries. The incremental property tax is the difference in property taxes between the value of the properties at the time of the formation of the TIF and the present day value. All of the incremental property taxes generated by the TIF (including incremental property tax that would have been paid to the City) are transferred into the TIF fund which is controlled by the City Council and can only be reinvested within the boundaries of the TIF District. The City and the other taxing districts continue to receive the portion of taxes calculated on the value of the property in the year the TIF was formed or (the base year).

FY 2020 Budget & Program Highlights

This fund will have incremental property tax revenue in FY 2020.

Funding Source

Incremental property tax revenue generated by the properties within the boundaries of the TIF District finance this fund. Additionally, municipal sales tax revenues from specific properties / retailers operating within the TIF District may also finance this fund as a result of Redevelopment Agreements entered into between the City and private developers to support a public-private partnership.

What we Accomplished

- August 24, 2015: Ordinance No. 2015-57 – Authorized TIF consultant Peckham Guyton Albers & Viets (PGAV) to conduct a Feasibility Study and draft a Redevelopment Plan for the purpose of creating a Redevelopment Project Area that would include the Colonial Plaza Shopping Center and adjacent qualifying properties.
- February 22, 2016: Ordinances 2016-8 & 2016-9 & 2016-10 Established the Empire Street Corridor TIF District.
- March 14, 2016: Ordinance No. 2016-18 – Authorized a Redevelopment Agreement between the City of Bloomington and BT Bloomington, LLC for the redevelopment of the Colonial Plaza Shopping Center.

- October 24, 2016: Ordinance No. 2016-117 – Authorized a Redevelopment Agreement between the City of Bloomington and Milan Hotels (Magnus Hotels, LLC) for the redevelopment of the Baymont Inn & Suites at 604 ½ IAA Drive into a Best Western Plus.

Budgetary Fund Balance

Empire Street Corridor TIF	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	\$710	-	-

Fun Facts

The Illinois General Assembly passed the Illinois Tax Increment Allocation Redevelopment Act in 1977. Illinois was the 25th state to adopt this economic development mechanism.

DOWNTOWN SOUTHWEST REDEVELOPMENT TIF 2520

Purpose

The Downtown-Southwest TIF Fund is used to track the expenses and revenues related to the Downtown-Southwest Redevelopment Project Area.

The intent of the TIF district is to induce development interest within this area and make improvements to public infrastructure.

Authorization

The Ordinances which created the Downtown-Southwest Redevelopment Tax Increment Financing (TIF) District were adopted on October 24, 2016. This TIF District fund receives the incremental property tax revenue generated by the properties located within the TIF District's boundaries. The incremental property tax is the difference in property taxes between the value of the properties at the time of the formation of the TIF and the present day value. All of the incremental property taxes generated by the TIF (including incremental property tax that would have been paid to the City) are transferred into the TIF fund which is controlled by the City Council and can only be reinvested within the boundaries of the TIF District. The City and the other taxing districts continue to receive the portion of taxes calculated on the value of the property in the year the TIF was formed or (the base year).

FY 2020 Budget & Program Highlights

This fund will have incremental property tax revenue in FY 2020.

Funding Source

Incremental property tax revenue generated by the properties within the boundaries of the TIF District finance this fund. Additionally, municipal sales tax revenues from specific properties / retailers operating within the TIF District may also finance this fund as a result of Redevelopment Agreements entered into between the City and private developers to support a public-private partnership.

What we Accomplished in FY 2019

- March 14, 2016: Ordinance No. 2016-09 adopted for the support of a proposed redevelopment project with Bloomington Downtown Redevelopment Partners, LLC
- May 9, 2016: Ordinance No. 2016-43– Authorized TIF consultant Peckham Guyton Albers & Viets (PGAV) to conduct a Feasibility Study and draft a Redevelopment Plan for the purpose of creating a Redevelopment Project Area that would include the Front' N Center & Elks Lodge blocks.

- October 24, 2016: Ordinances No. 2016-09 & 2016-43 established the Downtown-Southwest Redevelopment TIF District.

DEBT SERVICE FUNDS

DEBT SERVICE FUNDS

30100100 General Bond & Interest

30600600 Arena Bond Redemption

30620620 Multi-Project Bond Fund Redemption

DEBT SERVICE

3010, 3060, 3062

Purpose

The funds noted above account for debt service payments of bond principal and interest. Via bond ordinances the City is required to levy ad valorem tax to pay for the annual debt service of bonds unless otherwise abated by the Council. If the Council abates annual bond payments or a portion thereof; then other funds must be set aside to guarantee these payments. This feature makes City bonds very attractive to investors since interest payments are guaranteed each year.

Authorization & Legal Debt Limit

The Debt Service Fund is established by Ordinances to authorize the issuance of General Obligation Taxable and Tax-Exempt Bonds.

As a "Home Rule" unit of government established by the 1970 Illinois Constitution, the City of Bloomington has no statutory debt limit. The City has established and adopted its own policies in regards to the utilization of debt instruments. Debt is used for a variety of purposes and in a variety of ways. The principle use of debt by the City has been for making capital improvements.

FY 2020 Budget & Program Highlights

- Total bond debt service for FY 2020 is \$5,973,324. This is comprised of principal payments of \$4,350,000 and interest of \$1,623,324.
- The City will continue to monitor the rates for all bond issuances to ascertain whether the City should take advantage of other refunding opportunities.

Funding Source

Property Tax, Replacement Tax, and General Fund Transfers

What we Accomplished in FY 2019

- The City continues to adhere to the City's debt policy adopted by City Council in March 2012.
- The City promptly paid the principal and interest payments in accordance with the bond covenants for each of the City's outstanding debt issuances.
- The City maintained disclosure requirement in accordance with each bond covenant through the Digital Assurance Corporation.
- The City refinanced the General Obligation Series 2005 and Series 2007 Variable Rate bonds to the General Obligation Series 2018A Bonds, which saved the City money by lowering the interest rate and combined the payoff period has been reduced.
- The City issued \$970,000 General Obligation Notes to finance the purchase of multiple parcels of commercial property around the Bloomington Center for Performing Arts to expand public parking.

General Obligation Debt Issuances

General Obligation Refunding Bonds, Series 2009 – Fixed Rate

The City issued \$2,840,000 General Obligation Refunding Bonds, Series 2009 in 2009 to refinance the final payment for the General Obligation Bond Series, 1996 and the second to last payment for the General Obligation Bond Series, 2001 to improve the cash position of the City. The City pays debt service expenditures from dedicated revenues within the General Fund. Principal payments ranging from \$840,000 to \$1,000,000 are due each June 1st from 2025 to 2027. Interest ranges from 4.125% to 4.25% and is due semi-annually in June and December. The Fiscal Year 2020 interest payment is \$118,400.

General Obligation Refunding Bonds Series 2017

Date: July 28, 2017

Interest: Semi-annual principal payments are due each June and December, commencing December 1, 2017. Interest accrues at rates ranging from 1.3% to 2.08%.

Rating: Moody's: Aa2
Fitch: AA+

Purpose: The bonds were issued to refund the City's outstanding General Obligations Demand Bonds, Original Series 2004 and to pay the costs of issuance of the Bonds.

Security: The bonds are secured by the full faith and credit of the City and are payable from any funds of the City legally available for such purpose, and all taxable property in the City is subject to the levy of taxes to pay the same without limitation as to rate or amount, except that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights and by equitable principles, whether considered at law or in equity, including the exercise of judicial discretion.

Account: Multi-Project Bond

CAPITAL PROJECT FUNDS

CAPITAL PROJECT FUNDS

40100100 Capital Improvement Fund

Capital Lease Fund

40110139 FY 2019 Capital Lease

40110141 FY 2020 Capital Lease

CAPITAL IMPROVEMENT 4010

Purpose

As required by accounting standards, capital expenditures for governmental activities that are not considered business activities must be accounted for in a separate fund. Governments often find it useful to report major capital acquisition and construction separately from their ongoing operational activities. Separate reporting enhances an understanding of the government's capital activities, and it helps avoid the distortions in financial resources trend information that can arise when capital and operating activities are mixed.

Authorization

Generally Accepted Accounting Principles (GAAP) provide for the use of capital project funds "to account for the financial resources to be used for the acquisition and construction of major capital facilities (other than those financed through proprietary (enterprise) and trust funds)."

FY 2020 Budget & Program Highlights

The FY 2020 Capital Improvement Budget will fund the following capital projects. Home Rule Sales Tax and Local Motor Fuel Tax revenue will fund street resurfacing and sidewalk projects. This work should begin in late June or early July 2020.

Capital Improvement Fund/General Fund	
<u>Fire Capital Improvement Projects</u>	
Fire Station #3 Kitchen Remodel	\$ 65,000
<u>Facilities Capital Improvement Projects</u>	
Unforeseen Major Facility Repairs	\$ 200,000
Facility Space & Security Modifications	\$ 534,261
<u>Parks Capital Improvement Projects</u>	
BCPA tuck-pointing and masonry repairs	\$ 65,000
Route 66 Bike Path-Sect 5-Shirley to Funk's Grove - Construction	\$ 205,500
Clearwater Park Playground	\$ 90,000
DeBrazza's Monkey Exhibit	\$ 600,000
Wittenburg Woods Park Trail	\$ 60,000
<u>Public Works Capital Improvement Projects</u>	
Multi-Year Street & Alley Resurface Program	\$ 3,795,750
Multi-Year ADA Sidewalk Ramp Replacement Program	\$ 400,000
Multi-Year Sidewalk Repair Program	\$ 494,250
Multi-Year Sidewalk Replacement 50-50 Program	\$ 110,000
Emergency Multi-Year Street, Alley & Sidewalk Repairs	\$ 200,000
Fleet Facilities Study	\$ 50,000
Sub-Total:	\$ 6,869,761
Unfunded:	
Total Capital Improvement Fund Projects Funded:	\$ 6,869,761

Funding Source

Transfer from the General Fund, Grants, Private Foundations and Bond proceeds.

What we Accomplished in FY 2019

- Exterior improvements at the Fire Department Training Annex
- Harmony Park inclusive playground for installation at Rollingbrook Park
- O'Neil Park playground
- Miller Park Parking Lot and Zoo Concessions
- Miller Park Zoo-Alligator Exhibit
- Towanda Barnes Rd @ Ireland Grove Rd Intersection Upgrade.
- Sidewalk program for repairs and ADA sidewalk ramp replacement
- Downtown Wayfinding Signage Plan approved by City Council.
- The Street Resurfacing Program started almost immediately after the beginning of FY 2019. Many streets and sidewalks have been positively impacted by this multi-year program, and improvements will continue into FY 2020 and beyond.

Budgetary Fund Balance

Capital Improvement Fund	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	\$922,403	\$668,738	-

Fun Facts

Capital expenditures are building improvements, land improvements and infrastructure.

The purchase of vehicles and equipment is accounted for in either the Capital Lease Fund or within the departmental budgets depending on the funding source.

CAPITAL LEASE 4011

Purpose

In FY 2011, the City initiated a Capital Lease program to replace needed equipment. The City utilizes capital leases for most of its equipment, rolling stock needs and some capital projects and infrastructure.

What is a Capital Lease?

A capital lease is a fixed-term (and usually non-cancelable) lease, similar to a loan agreement, used to purchase a capital asset in installments. The lessor's services are limited to financing the asset, and the lessee "City" pays all costs, which include insurance, maintenance, and taxes. Capital leases are regarded as equivalent to a sale by the lessor, and a purchase by the lessee (even though the lessor holds the title in the lessee's name until the end of the lease period). Therefore, leased assets must be capitalized and shown in the lessee's balance sheet as a fixed asset with a corresponding non-current liability (lease payable).

To be considered a capital lease, a lease must meet one or more of these four criteria:

- (1) The title of the asset passes automatically from the lessor to the lessee at the end of the lease term. (This criterion is met by the City.)
- (2) The lease contains a bargain purchase option under which the lessee may acquire the leased-asset at less than its fair market value at the end of the lease term,
- (3) The lease term is for a period longer than 75 percent of the estimated economic life of the asset, or
- (4) The present value of the lease payments is greater than 90 percent of the fair market value of the asset at the beginning of the lease term.

A capital lease is a "full payment lease" because the lease payments pay back (amortize) the full cost (including finance costs, overhead and profit margin) of the leased asset to the lessor, with little or no dependence on the residual (or salvage) value of the asset.

The City Has the Following Capital Lease Programs

Capital Lease Purchases FY 2015

Total	5 Years	10 Years
\$3,581,000	\$2,767,142	\$813,858
Payment period	May 2015–November 2019	May 2015–November 2024

- Capital Lease Purchased in FY 2015 and Financed in FY 2016
- Equipment included: Information Services Equipment, Information Services Network Switches, 2-Park Vehicles, 1-Dirt Grinder, BCPA Building Repairs, 7-Police Vehicles, STARCOM Console and Radios, 1-Ambulance, 1-Medic Vehicle, 1-Fire Pump Truck, Partial payment for 1-Rescue

Pumper, 1-Fire Training Vehicle, 1-Facility Management Vehicle, 1-Parking Vehicle, 1-Skidsteer, 1-Asphalt Mill, 1-Engineering Vehicle, 1-Vehicle Diagnostic Tool, 5-Water Vehicles, 1-Automated Recycling Truck, U.S. Cellular Coliseum Safety and Building Repairs and Upgrades

WATER 5010

Purpose

The Water Division of the Public Works Department provides safe, plentiful, and affordable drinking water for Bloomington and approximately 50 percent of the population of McLean County outside of Bloomington. The Division also provides regional laboratory services to water providers and contractors through its Illinois Department of Public Health certified laboratory.

Water Administration (50100110) provides support and administrative services for all divisions within the Water Fund.

Water Transmission/Distribution (50100120) is responsible for scheduled preventative maintenance and emergency repairs to water mains, individual water services, broken fire hydrants, valves, meter vaults, and any other part of the distribution system. In addition, the fund pays for requests to locate water lines, storm sewers, sanitary sewers, power supplies for some street lights, traffic signals, and fiber optic lines owned or maintained by the City. This division is also responsible for maintenance of all Water Division facilities, including offices, pump stations, tanks, water quality monitoring systems, and pressure monitoring systems.

Water Purification (50100130) funds are used to maintain the water plant at Lake Bloomington. The water produced by the Water Division is consistently of higher quality than required by federal and state drinking water regulations. The Division is working to provide an adequate supply and treatment capacity, while expanding the supply and capacity in the future.

Lake Maintenance (50100140) maintains a park system around the Lake Bloomington reservoir. The Division also leases home sites to over 200 residents in the Lake Bloomington area and provides limited municipal-like services to those residents. Recreational opportunities are provided to residents and non-residents alike through the lease of the Evergreen Lake reservoir to the McLean County Department of Parks and Recreation, and the use of the Lake Bloomington reservoir and parklands as a mixed-use facility.

Water Meter Services (50100150) oversees and maintains the metering system. Water meters make it possible to charge customers for water, sewer, utility tax, and BNWRD charges based on an accurate assessment of water usage. The meters also help with leak and waterline break detection, water conservation, and total usage. The Division also addresses meter size, malfunctioning meters, water main valve controls, service disconnections due to lack of full payment by the due date, and investigation and approval of service lines for fire protection to a premises.

Authorization

The City of Bloomington Water Fund and its related activities have been codified in Chapter 23 & 27 of the City Code.

FY 2020 Budget & Program Highlights

- Issue a request for qualifications and hire an industry expert to perform a water division rate study to ensure rates are adequate to accomplished needed maintenance and capital projects
- Begin design efforts necessary to replace existing water treatment chemical system upgrades at the water treatment plant

- Convert 12 wholesale customers to Fire Protectus Meters in the coming years
- Construct the improvements for the Pipeline Road Water Main Project related to the Northeast Elevated Tank
- Preserve and improve the City's source water resources through the Watershed Conservation Program with the McLean County Soil and Water Conservation District
- Work with the Illinois State Water Survey to investigate the potential for utilizing the St. Peter Sandstone as a supplemental water supply to the treatment plant on Lake Bloomington
- Remain active in regional water organizations such as the Mahomet Aquifer Consortium and the McLean County Regional Planning Commission by dedicating significant staff time to participation in the organizations and informing customers and local civic groups about our water supply and programs

Funding Source

Water customers pay two types of fees. A flat fee is calculated by the size of the meter. There is also a fee for each 100 cubic feet (748 gallons) of water consumed by the customer. The fees are listed in the tables below. This yields an average monthly water usage of 600 cubic feet (4,488 gallons) resulting in a monthly cost of \$29.06 for the typical household.

RATE PER 100 CU FT	INSIDE CITY	OUTSIDE CITY
First 2,300 cubic feet per month	\$4.01	\$9.06
Next 11,700 cubic feet per month	\$3.87	\$8.86
Next 486,000 cubic feet per month	\$3.42	\$7.75
Over 500,000 cubic feet per month	\$2.69	\$6.12

MONTHLY SERVICE CHARGE		
METER SIZE	INSIDE CITY	OUTSIDE CITY
5/8 x 1/2" meters	\$1.25	\$2.75
5/8 x 3/4" meters	\$5.00	\$6.50
3/4" meters	\$6.00	\$7.50
1" meters	\$8.00	\$10.00
1.5" meters	\$10.50	\$13.00
2" meters	\$16.00	\$20.00
3" meters	\$28.00	\$39.00
4" meters	\$46.00	\$66.00
6" meters	\$92.00	\$131.00
8" meters	\$146.00	\$196.00

Fees are also charged for fire protection for commercial and industrial customers with private fire suppression systems, and for bulk water for contractual customers. Additional charges are assessed when service is shut-off for delinquency, as well as late fees for delinquent accounts, lot lease fees for customers leasing land around Lake Bloomington, charges for licenses to boat on Lake Bloomington, and meter sales.

What We Accomplished in FY 2019

- Updated the water layer of the GIS mapping to improve the accuracy of information included by providing correct pipe diameters, locations, dates constructed and referenced plan sets

- Modeled the water distribution system with WaterGEMS, based off of the updated City GIS mapping and water main plans
- Calibrated the water system model and used it to analyze scenarios and alternatives to assist with water main replacement, additional looping, and additional elevated system storage
- Continued the meter change out program to remove any meters that still may have lead in the body of the meter and to improve water loss detection in our system
- Installed 12 Fire Protectus Meters and associated meter pits
- Repaired or replaced over 350 water service lines throughout the year, which ranges from the full replacement of a water service line from the water main to the property line, abandoned service line retirements, and curb stop repairs
- Our leak detection program continues to identify leaks in the distribution system.
- Used a consultant who identified numerous leaks located on customers' portions of the system and the City's portions of the system
- Issued an RFP for leak detection that will help ensure leak detection is being performed with the latest technologies and the best available information to focus efforts on priority leaks
- Upgraded enterprise pumps station with two new drives that operated two of the three pumps in this station
- Continued efforts related to the Water Division Infrastructure Master Plan to evaluate and establish the overall state of the water system in order to provide efficient water service, comply with the Environmental Protection Agency requirements, and provide best management practices
- Established a public Oak Savannah nature preserve at a 22-acre park near Lake Bloomington. The project included trail improvements and will allow native plants to grow. The project creates a better natural habitat, increases the quality of water runoff, and saves money on mowing costs
- Improved maintenance and inspection of two dams by purchasing a slope mower to control grass and tree growth and removing trees that were growing in the dams
- Designed, built and installed a 100-foot-long dock system that parallels the shoreline and connects to the existing boat ramp dock. The accessible dock provides space for boat passenger and equipment loading, frees up the ramp for more efficient launching and retrieval, and provides high quality non-boating fishing opportunities for the public
- Implemented wireless solution to eliminate paper and to immediately update JULIE data, which increases efficiency and notifies contractors in a timely manner

Budgetary Fund Balance

Water Fund	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	\$27,296,357	\$25,230,812	\$16,629,470

Challenges

- The Public Works Department continues to operate with limited resources. Many Public Works divisions are operating at resource levels equivalent to the resource levels that followed the Great Recession in 2009. Public Works is conscious of budgetary issues and has continued to work with other departments, the Council, and the public to accomplish Council directives, while keeping up with daily operations. Current staffing and funding levels are preventing (1) the creation of a water audit and loss control program; (2) support of the street resurfacing program; (3) usage of efficient and secure field based technology; (4) creation of a formal valve turning program; (5) routine maintenance of fire hydrants; (6) performance of office tasks such as filing, organizing, system evaluations and prioritizations, proactive planning and supporting field staff; and (7) adequately plan and execute capital improvement projects.
- Customer service and efficiency in the office would be greatly increased with either a different utility billing solution or an upgrade to Springbrook Utility Software.
- Approximately 400 residents are not receptive to providing access to upgrade water meters in their home as City Ordinance allows. The Division continues to contact these homeowners and explain the benefits and cost saving efficiencies that result from the replacements. Without complete compliance, employees must maintain manual walking reading routes that result in an increase in costs associated with providing service to all customers.
- Examples of recent water quality/regulatory issues that required rapid response are the regulatory and monitoring changes that resulted from the unfortunate situation in Flint, Michigan and the algal toxin problems in Toledo, Ohio. Although our water supply is not nearly as vulnerable to those types of water quality issues, we needed to develop protocols, methods and perform monitoring to assure the continued safety of our treated water.
- The Division continues to deal with a backlog of current capital improvement projects, as well as planning for future projects and advancements
- Wireless technology is needed to increase efficiency and improve customer service.

SANITARY SEWER MAINTENANCE 5110

Purpose

Sanitary Sewer Maintenance is part of the Streets and Sewers Division, which are responsible for ongoing maintenance and repairs to sanitary sewer and combined sewer infrastructure. Major projects are usually contracted to the private sector and are overseen by staff of the Engineering Division. Both City workers and outside companies, depending on the situation, handle emergency cave-ins. City employees conduct a sewer cleaning program to ensure the steady flow of sewage from its point of origin to sewage treatment plants. Routine maintenance reduces the chances of a mainline sanitary or combined sewer from becoming obstructed with debris. This prevents sewage backup into basements or sewage overflow onto streets or into nearby bodies of water.

Authorization

The City of Bloomington Sanitary Sewer Street Maintenance Fund and its related activities have been codified in Chapter 37 of the City Code.

FY 2020 Budget & Program Highlights

- Perform sewer system assessment and rehabilitation as part of the Stormwater and Sanitary Sewer Master Plans
- Plan and design future sanitary sewer infrastructure projects
- Continue repair and rehabilitation of aging sewers

Funding Source

The City initially established a Storm Water service charge in 2004 as a vehicle for funding projects and employees in the Sanitary Sewer Maintenance Fund. This enterprise fund receives money from sanitary sewer users within the City of Bloomington. Users pay a monthly fee based on usage as well as a monthly flat fee.

The sanitary sewer consumption fee and fixed fee will increase by 3 percent on May 1, 2019. This means that the consumption fee per 100 cubic feet will increase from \$2.40 to \$2.47, and the sanitary sewer fixed fee will increase from \$2.25 to \$2.32. Fees will increase annually at a rate of 3 percent.

EFFECTIVE DATE	RATE PER 100 CU FT	MONTHLY FIXED FEE
May 1, 2018	\$2.40	\$2.25
May 1, 2019	\$2.47	\$2.32
May 1, 2020	\$2.54	\$2.39
May 1, 2021	\$2.62	\$2.46

What We Accomplished in FY 2019

- Continued to move forward with projects to eliminate Combined Sewer Overflow (CSO) as a result of the fee increases enacted in FY 2018
- Worked to provide sanitary sewer to homes in Bloomington that are served by underground private sewers, which are often shared by multiple properties

Budgetary Fund Balance

Sanitary Sewer Fund	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	\$2,098,690	\$2,953,947	\$2,760,578

Challenges

- The Public Works Department continues to operate with limited resources. Many Public Works divisions are operating at resource levels equivalent to the resource levels that followed the Great Recession in 2009. Public Works is conscious of budgetary issues and has continued to work with other departments, the Council, and the public to accomplish Council directives, while keeping up with daily operations.
- With the sanitary sewer and storm water fee increases that began in FY 2019, the City Council must determine how to address storm water and sanitary sewer needs. Engineering is heavily involved in planning and overseeing the needed projects. Additional engineering employees, contractors or consultants must be hired or contracted to bring the additional projects to fruition. Public Works proposes to add employees, contractors, or consultants as the Stormwater and Sanitary Sewer Master Plans projects and programs are enacted.
- The Public Works garage located along East Street is unable to effectively support operations, equipment, and staff in its current form. Additional maintenance on the building and additional structures around the building could be added to accommodate operations.

STORM WATER MANAGEMENT

5310

Purpose

Storm water management is performed by the Engineering Division and the Streets and Sewers Division of the Public Works Department. These divisions work together to manage the urban runoff and maintain the City's infrastructure in compliance with the Clean Water Act. Effective storm water management includes: (1) keeping lakes and streams clean; (2) maintaining waterways to minimize erosion and damage to adjacent property; (3) maintaining detention basins to reduce flooding and filter out pollution; (4) street sweeping; and (5) inlet maintenance and repairs.

Authorization

The City of Bloomington Storm Water Management Fund and its related activities have been codified in Chapter 37 of the City Code.

FY 2020 Budget & Program Highlights

- Maintain detention basins, storm sewers, inlets, stream channels, and inspections as part of the Storm water and Sanitary Sewer Master Plans
- Plan and design future storm water infrastructure projects

Funding Source

The City initially established a Storm Water service charge in 2004 as a vehicle for funding projects and employees in the Storm Water Management Fund. This enterprise fund receives money from property owners or tenants within the City of Bloomington. The City charges a flat monthly fee based on the amount of impervious area on the property. The City Council approved an increase in stormwater fees that began in FY 2019 on May 1, 2018. Stormwater fixed fees will increase annually by 3 percent on May 1st of every year. The base rate per IAU will increase from \$1.89 to \$1.95.

EFFECTIVE DATE	RATE PER IAU
May 1, 2018	\$1.89
May 1, 2019	\$1.95
May 1, 2020	\$2.01
May 1, 2021	\$2.07

The monthly Storm Water service charge on the water bill in FY 2020 is as follows:

- **Single-family and duplex based on Parcel Size**
 - Small:** ≤ 7,000 square feet \$3.90
 - Medium:** > 7,000 and ≤ 12,000 square feet \$5.85
 - Large:** > 12,000 square feet \$9.75

- **Property other than single-family/duplex based on Impervious Area**
Small: ≤ 4,000 square feet \$7.80 (Basis: A flat rate based on the average 4 IAUs times \$1.95 per IAU per month)
Large: Actual Impervious Area is measured and rounded up to nearest 1,000 SF /1,000 x \$1.95 per IAU per month.

Impervious Area Unit (IAU): One thousand (1,000) square feet of impervious area equals one IAU.

What We Accomplished in FY 2019

- Continued to move forward with projects to eliminate Combined Sewer Overflow (CSO) as a result of the fee increases enacted in FY 2018
- Performed maintenance of detention basins, stream channels, inspections
- Installed sump pump drain lines
- Completed upgrades to the Farm Bureau and Pepper Ridge storm water detention basins

Budgetary Fund Balance

Storm Water Management	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	-\$175,371	\$372,437	\$392,936

Challenges

- The Public Works Department continues to operate with limited resources. Many Public Works divisions are operating at resource levels equivalent to the resource levels that followed the Great Recession in 2009. Public Works is conscious of budgetary issues and has continued to work with other departments, the Council, and the public to accomplish Council directives, while keeping up with daily operations.
- With the sanitary sewer and storm water fee increases that began in FY 2019, the City Council must determine how to address storm water and sanitary sewer needs. Engineering is heavily involved in planning and overseeing the needed projects. Additional engineering employees, contractors, or consultants must be hired or contracted to bring the additional projects to fruition. Public Works proposes to gradually add contractors or consultants as the Stormwater and Sanitary Sewer Master Plans projects and programs are enacted.
- The Public Works garage located along East Street is unable to effectively support operations, equipment, and staff in its current form. Additional maintenance on the building and additional structures around the building could be added to accommodate operations.

SOLID WASTE 5440

Purpose

The Solid Waste Division of the Public Works Department administers the Solid Waste Program, which provides a wide variety of services, including: (1) collecting garbage, recycle, bulk waste, and brush; (2) operating the Citizen Convenience Center so that residents can dispose of appliances, bulk waste, and grass; (3) clearing brush, weeds, and tree limbs from alleys; (4) cleaning medians and alleys; (5) repairing gravel alleys; (6) street sweeping; and (7) overseeing the implementation of the Materials Recovery and Resource Management Plan.

FY 2020 Budget & Program Highlights

- Provide a high level of service, with garbage collection every week; recycle collection, brush collection, and bulk waste collection (\$25 per bucket) every other week; bulk waste collection periods in the spring and fall at no additional charge; and leaf collection each fall at no additional charge.
- Continue to offer extended hours at the Citizen Convenience Center to allow Solid Waste Program users to drop off material and donate to local organizations
- Continue to partner with local organizations to provide educational materials and a donation point within the Citizen Convenience Center
- Use Routeware to further improve customer service and increase solid waste route efficiency
- Continue implementing the Twenty-Year Materials Recovery and Resource Management Plan for McLean County, Bloomington, and Normal, Illinois

Funding Source

Solid Waste is an enterprise fund that primarily receives revenue from cart fees. Cart fees for all sizes will increase 3% annually. This increase, along with service level adjustments should result in Solid Waste being able to operate as a true enterprise fund.

BEFORE MAY 1, 2013	HISTORY OF REFUSE FEES									
	Starting May 1, 2003	Starting May 1, 2007	Starting May 1, 2009	Starting May 1, 2012	Cart size fee	Starting May 1, 2014	Starting May 1, 2015	Starting May 1, 2016	Starting May 1, 2018	Starting May 1, 2019
GENERAL FUND SPENDING	\$5/mo flat fee	\$7/mo flat fee	\$14/mo flat fee	\$16/mo flat fee	35 gal	\$16/mo	\$16/mo	\$16/mo	\$16/mo	\$16.48/mo
					65 gal	\$18/mo	\$20/mo	\$21/mo	\$25/mo	\$25.75/mo
					95 gal	\$20/mo	\$23/mo	\$25/mo	\$29/mo	\$29.87/mo

What We Accomplished in FY 2019

- City Council adopted the Twenty-Year Materials Recovery and Resource Management Plan for McLean County, Bloomington, and Normal, Illinois, prepared by the Ecology Action Center, which serves as a master plan for managing solid waste in the community.
- City Council approved fee increases, began charging \$25 per bucket for bulk waste collection every other week, began offering two bulk waste collection periods (spring and fall) at no additional charge, stopped charging for bulk waste taken to the Citizen Convenience Center, and enacted other changes so that the cost of service and fee revenue are equivalent. In previous years, the Solid Waste Fund received additional money from the General Fund. However, the subsidy from the General Fund is projected to be \$0.00 moving forward.
- Renamed the drop-off facility by changing it to the Citizen Convenience Center, which now offers extended operating hours, a donation point for local organizations, and an area for educational materials.
- Bloomington's recycling effort has been a monumental success. However, costs rose in 2017 and 2018 due to lackluster performance of the recycling-commodities market.
- The City Council approved the purchase of Routeware software and hardware in October 2018 to utilize smart truck technologies on 13 automatic refuse trucks. The technology will help increase customer service and solid waste route efficiency by monitoring, analyzing, and optimizing routes.

Budgetary Fund Balance

Solid Waste	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	\$1,382,565	\$1,492,715	\$1,225,594

Challenges

- The Public Works Department continues to operate with limited resources. Many Public Works divisions are operating at resource levels equivalent to the resource levels that followed the Great Recession in 2009. Public Works is conscious of budgetary issues and has continued to work with other departments, the Council, and the public to accomplish Council directives, while keeping up with daily operations.
- The Public Works garage located along East Street is unable to effectively support current operations, equipment, and staff in its current form. Additional maintenance on the building and additional structures around the building could be added to accommodate operations.
- Current staffing levels prevent timely leaf collection, especially in situations where leaves fall around the same time. In these cases, even with several sweeps and overtime, staff cannot keep up with the demand. This results in an increase in resident complaints and the number of clogged storm water inlets.
- The McLean County Landfill closed in October 2017. At this time, the City is able to take landfill waste to a nearby transfer station that transports waste to the landfill in Pontiac so that City crews are not required to drive to Pontiac. However, this may not always be an option.

ABRAHAM LINCOLN PARKING FACILITY 5560

Purpose

The Abraham Lincoln Parking Facility (Lincoln Garage) was constructed in 1990. The addition of two floors in 2003 created a total of 906 parking spaces. The facility is owned by the McLean County Public Building Commission until 2035. At that time, the property will return to a joint ownership of the City of Bloomington and McLean County. The City currently rents approximately 250 spaces on a monthly basis, 170 of which are rented to McLean County. The remaining parking spaces are available for hourly parking. As part of the ownership agreement, the City and the County split the bond payment on the facility. All management of the garage is the responsibility of the City of Bloomington. Revenues are collected by the City as part of management operations. If collected fees exceed operational costs, the funds are split between the City and the County.

Funding Source & Fee Structure

- Fee-based funding covers operating costs. Shortages or overages are divided or split between the City and County Governments. Capital outlays are included in the budget. Replacement or recovery costs are not part of the budget consideration.
- The Lincoln Garage is the only parking facility in downtown that has an hourly parking rate and has a manned (one City employee) parking collection booth located on the North side of the facility. The hourly rate Monday through Friday is currently \$1.00 per hour with a maximum of \$10.00 per day. The garage is opened for free general parking on Saturdays, Sundays and Holidays, and after 6 p.m. Monday through Friday.

FY 2020 Budget & Program Highlights

- Routine general maintenance of the parking garage will be performed to ensure safety of parking customers and efficient operations.
- Evaluation of the parking garage will be performed to plan for additional garage structural, drainage, and safety improvements.

What We Accomplished in FY 2019

- Staff continued to operate the parking garage to provide Downtown residents and facilities a clean and safe place to park their vehicles.
- Replacement of the obsolete gates, controllers, software and related parking access control system will begin before the end of FY 2019.

Budgetary Fund Balance

Abraham Lincoln Parking Garage	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	-\$71,422	\$27,359	\$27,359

Performance Measurements

Abraham Lincoln Parking Garage	FY 2018 Actual	FY 2019 Adopted Budget	FY 2019 Projected	FY 2020 Proposed Budget
Inputs:				
Department Expenditures	\$459,182	\$530,701	\$605,181	\$544,534
Outputs:				
Service Calls	71	180	160	160
Walk-In Customers	36	120	120	120
Number of Parking Permits Issued	24	100	100	100

Challenges

- Aging Infrastructure – The Lincoln Garage underwent major repairs in 2015. These repairs were only about half of the improvements recommended by the structural design firm that evaluated the facility. Additional structural, sealing and drainage improvements are still needed.
- Encouraging customers to purchase monthly passes for the parking facilities instead of parking on the street and risk citations continues to be a challenge. This is shown by the large quantity of outstanding citations. Since there doesn't appear to be a consequence for not paying parking citations, customers choose to park in the street and ignore the citations. The T2 Collections agreement may resolve some of these issues.

Fun Facts

Facility and parking maintenance and parking enforcement operations are housed in the lower level of the Abraham Lincoln Parking Facility.

GOLF OPERATIONS 5640

Purpose

The City of Bloomington operates three 18-hole golf courses as part of the Parks, Recreation and Cultural Arts Department. The courses serve to meet the golfing demand of the citizens of our community, but also reach out to many golfers from outside of McLean County, with golfers coming from other states to enjoy our courses.

Highland Park Golf Course was the city's first golf course, built in the 1920's. The course features tree-lined fairways and a park-like setting. It is a favorite course for the junior and senior golfers of our community and is rated a three and a half star (out of five stars) golf course by Golf Digest.

Prairie Vista Golf Course opened in 1991 and is noted for its unique blend of playability and challenge. It is the most popular of the three city courses because of its' fair layout and friendly staff. It is rated as a four-star golf course by Golf Digest putting it in the top 15% of all courses nationwide.

The Den at Fox Creek Golf Course was built in 1997 by renowned golfer and course architect, Arnold Palmer. This links-style course attracts golfers from across the Midwest with its fine layout and course conditions. It is rated as a prestigious four-and-a-half-star golf course by Golf Digest putting it in the top 5% of all courses nationwide.

Authorization

The City of Bloomington Parks & Recreation Department and its related activities have been codified in Chapter 19 & Chapter 31 of the City Code.

FY 2020 Budget & Program Highlights

- Continue to provide quality golf experiences with available resources.
- Create new forms of revenue through the utilization of staff talents and resources.

What We Accomplished in FY 2019

- Quality playing conditions were maintained throughout a season that saw the golf maintenance part of our operation operate with 3,000 fewer man-hours.
- Highland Park introduced the game to over 70 junior golfers through the Ken Adams Golf League. This program helps create and develop golfers for the future.
- As hosts for both the Youth Classic and the Illinois High School Association State Finals, we created positive experiences for those involved.
- 12 bunkers at The Den at Fox Creek were rebuilt or removed (in house) improving the playing conditions for our customers and decreasing the amount of maintenance required.
- Highland Park hosted the 2nd Annual Disc Golf Tournament which brought over 100 disc golf rounds to the course.

- For the second straight year, all courses were completely aerated. This will lead to increased water and chemical savings as we head into the coming season.

Budgetary Fund Balance

Golf Courses	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	\$465,573	\$245,589	\$249,297

Challenges

- Staff reductions continue to put additional strain on staff and inhibit our ability to create new methods of revenue generation and take on course improvement projects. Staff are working incredibly long hours to cover all necessary shifts.
- Mounting deferred capital projects will begin to lead to increased maintenance cost and a decrease in staff efficiency.
- An outdated point of sale system limits our ability to reach out to customers and create new revenues.

Fun Facts

The Golf Operations staff includes a Superintendent of Golf, Guest Services Manager, Clubhouse Supervisor, three Greenskeepers, one Assistant Greenskeeper and approximately 70 seasonal employees.

The courses are considered to be one of the finer collections of municipal courses in all of Illinois with three well maintained and unique layouts. The courses host a variety of prestigious events run by the Chicago District Golf Association and the United States Golf Association. Most notably, Prairie Vista Golf Course and The Den at Fox Creek Golf Course serve as home of the Illinois High School Association State Golf Finals.

What Else Do We Do?

The golf courses offer quality, affordable recreation and contribute to the community's effort to be a family friendly, beautiful city that provides choices for recreation. The golf courses also perform the following functions:

- Attract future generations by making golf affordable and accessible for junior golfers
- Provide visually appealing open green space that benefits our environment
- Serve as host courses for eight area high school golf teams
- Provide meeting room space for city functions, school organizations and election sites.
- Provide a sledding hill with a sled shop that allow families to enjoy time together in an area that is primarily void of sledding opportunities
- Provide fundraising opportunities for local charities and organizations through quality golf outings
- Promote local tourism by offering quality golf courses at reasonable prices

GROSSINGER MOTORS ARENA 5710

Purpose

This division normally represents the City's portion of costs to fund Arena operations. This division has been updated to include the Arena operations managed by VenuWorks (<http://venuworks.com/>) The combination of both operations depicts the full costs of running the Arena and a complete report of revenues.

History

U.S. Cellular Coliseum opened in April 2006 and was built at a cost of \$29.5 million to expand the entertainment options available in the Bloomington/Normal area. In 2017, a new naming right contract with Grossinger Motors was signed and the building was renamed the Grossinger Motors Arena as of July 1, 2017. The Arena holds up to 8,000 guests for concerts and 6,600 guests for football and hockey. The facility has 24 private suites, 2 rental group suites and a sports bar/ restaurant. The complex includes the adjoining Pepsi Ice Center (construction cost \$5.8 million) and a parking structure (construction cost \$3.3 million), with an overall construction cost for all three facilities of \$38.6 million. The 10-year contract between CIAM and the City of Bloomington expired on April 1, 2016. A new management company, VenuWorks, operated the Arena on an interim basis from April 1 through June 30, 2016 and a new management contract with VenuWorks went into effect on July 1, 2016. 2014A and 2014B General Obligation Refunding Bonds were issued to refund the Series 2004 Coliseum Taxable General Obligation Bond, which will save the city \$8,863,375 in interest savings over the life of the bonds.

FY 2020 Budget & Program Highlights

The Arena has seven goals:

Goal 1: Financial Stability – Manage the Arena in a fiscally responsible manner while keeping up with operational satisfaction and expectations of industry standards

Goal 2: Service Mix – Ensure that the Arena will provide a range of special events that will appeal to a diverse group of patrons

Goal 3: Partnership – Continue to maintain strong relationships with the City of Bloomington, Convention and Visitors Bureau, and other various community entities to bring concerts, conventions, and special events to the community

Goal 4: Communication – Take advantage of resources and partnership opportunities to enhance the understanding between management group and the City of Bloomington

Goal 5: Technology – To keep up with the latest technology trends within the facility management industry, and to utilize this technology when possible and practical in order to be more proficient in our work and services for our customers

Goal 6: Human Resources – Continuous monitoring of job duties and tasks and ensure all staff are properly classified and compensated

Goal 7: Tradition – Create and establish new traditions within the Arena

What We Accomplished in FY 2019

Overall

- The projected economic impact to the community is estimated at \$8.865 million for 2018 and the economic impact since 2006 is estimated at over \$158 million.
- The total event attendance since opening in April 2006 is over 3 million guests.

Teams

- The Bloomington Thunder, owned by CSH, Inc. is part of the United States Hockey League (USHL), changed their name in FY 2018 to the Central Illinois Flying Aces and hosted 30 home games at the Arena.
- The Bloomington Edge Football team is a new member of the International Football League and played six games.
- Illinois State University Hockey returned for another year, playing multiple games in our facility.

Concerts

- The facility hosted multiple concerts in both the smaller cut down theater set up and full house set up, showcasing the flexibility of the venue for all show types. Highlights include Alabama, Juice World, Lindsey Sterling, Kane Brown, and Old Dominion.
- Impractical Jokers comedic show
- WWE returned for another performance in FY 2019
- Hot Wheels Monster Trucks Live performed 4 shows in February 2019

Community Involvement

- For the eighth year, the Back to School Alliance hosted the Back to School Party at the Arena. The event drew almost 3,000 area residents to receive school supplies and backpacks all made possible through donations. As a goodwill gesture to the community, the Grossinger Motors Arena donated the use of the facility for this event.
- IHSA Competitive Cheerleading State Finals returned for the event's thirteenth year in February 2019.
- IHSA Competitive Dance State Finals returned for the seventh consecutive year in January 2019. This is the second of a five-year contract.
- The Arena in conjunction with the Red Cross has hosted a holiday blood drive for the past eleven years.
- For the twelfth year in a row, the venue hosted Downtown Bloomington Association's Thanksgiving Market on the main Arena floor, allowing local farmers, vendors, and artists to sell products indoors before the Thanksgiving holiday.
- For the fifth year, the venue hosted Downtown Bloomington Association's Indoor Winter Farmer's markets on five separate dates on the concourse. This offered a larger space to continue to expand this event and allow patrons an indoor space to shop for fresh produce, meat, cheese and crafts.

Budgetary Fund Balance

Grossinger Motors Arena	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	\$850,512	\$446,323	\$16,513

Challenges

- The Arena was constructed in 2004 and over the next few years, the City will begin to incur expenses for capital maintenance of the facility.
- The economy plays an important role in the performance of the Arena and affects all aspects of the venue, from shows to expenses.

Fun Facts

The Arena has hosted an array of events, including concerts, sporting events, family shows, ice shows, motorsports and trade shows. In addition, the facility has hosted local high school graduation ceremonies, Back to School Alliance Backpack Day, the Chamber of Commerce Business Showcase, Illinois High School Association regional and state tournaments, City of Bloomington Wellness Fair and a variety of private meetings.

INTERNAL SERVICE FUNDS

INTERNAL SERVICE FUNDS

60150150 Casualty (W/C General Liability) Insurance Fund

60200210-60200290 Employee Health Insurance

60280210-60280290 Retiree Health Insurance

CASUALTY (W/C GENERAL LIABILITY) INSURANCE 6015

Purpose

The City is given certain immunities from liabilities, which are not available to non-governmental entities as provided under the "Local Governmental and Governmental Employees Tort Immunity Act" (745 ILCS 10). This statute was extensively revised in 1986 because many municipalities were unable to purchase liability insurance because of the high cost of paying claims. The underlying philosophy is that, even though it may be perceived to be unfair to have damages and injuries paid by an individual citizen's insurance company, the alternative (having the local government pay) would result in greatly increased taxation in order to pay judgments. The Tort Immunity Act generally imposes liability for injuries on government-owned property only when the local government had actual or constructive notice of the defect in the property in sufficient time to reasonably take action to respond to the defect. In certain types of activities, the City is not liable at all (for example, injuries that resulted from weather conditions). The City staff regularly meets with its third-party insurance administrator to determine if the insurance that has been purchased provides adequate coverage to protect the City in the event of liability claims.

Contributions from the City departments pay for the projected costs of the Casualty Insurance Program. Projected premiums, administrative fees, and claims are prorated across departments using a weighted average of 85% of the 5-year claim losses and 15% of total salaries and benefits of each department. This methodology allocates costs to the departments based primarily on their claim history but also allocates some costs to all departments for participation in the program regardless of claims history.

What Does the Casualty Insurance Fund Include?

Casualty Insurance includes:

- General Liability – Covers "slip and fall" accidents
- Property – Reimburses for damage to and loss of property
- Auto Physical and Liability – Reimburses for liability and damage to vehicles
- Worker's Compensation – Covers the costs of related medical expenses when an employee is injured
- Public Official Liability – Covers any legal action taken against public officials
- Employee Practices Liability – Covers expenses related to legal action taken for wrongful termination lawsuits or discrimination
- Law Enforcement – Special policy relating to Police
- Employee Benefits (Errors and Omissions) – Covers the cost if an employee is inadvertently not signed up for benefits
- Sexual Abuse – Covers expenses resulting from Sexual Harassment or Sexual Abuse lawsuits
- Failure to Supply – Covers costs if the City does not follow through on contractual obligations to provide services or products
- Health and Social Services – Covers medical malpractice

FY 2020 Budget & Program Highlights

- Compliance have been the focus of the Safety & Risk Manager position in FY 2019. This will continue to be the focus in FY 2020. As we strive to minimize loss exposure, these measures will continue to play a key role. The procurement of Casualty Insurance at the best possible rates from an administrator that provides efficient and competent service maximizes savings and generates better results sooner. Effective insurance coverage helps the City to remain financially sound and to provide quality basic services.

Funding Source

Contributions from various City Funds.

What We Accomplished in FY 2019

- We continued to maintain our focus on Employee Safety as a top priority in FY 2019 in order to better serve the members of the community with the highest level of quality that they deserve.
- Conducted monthly safety contacts with City leadership to help improve the overall culture of Safety as a priority City-wide.
- Continued to monitor and close out claims from previous years.
- Held quarterly claims meetings to close out older claims and review claims

Budgetary Fund Balance

Casualty Insurance Fund	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	\$3,351,743	\$3,434,545	\$3,456,335

Challenges

The Casualty Insurance budget is subject to change because the City will issue a Request for Proposals in February for the next fiscal year's insurance policy. The figures for this fund have been determined on the basis of staff estimates and will be adjusted for the final budget.

Fun Facts

The City is self-insured, but carries supplemental commercial insurance for certain types of claims or claims with an excess of certain dollar amounts.

EMPLOYEE HEALTH INSURANCE FUND 6020

Purpose

The City offers employee benefits to attract qualified workers, retain its staff, meet requirements set in collective bargaining agreements, and fulfill Affordable Care Act (ACA) requirements. Benefits include health, dental, and vision plans, \$50,000 group life insurance, medical and dependent care flexible spending accounts, and a voluntary (employee paid) life insurance plan.

2019 Premium Changes

Plan Year	City Blue Cross PPO Plans	City Blue Cross HMO/ Health Alliance Plans*	Police Union Plan
2019	-4.6%	-0.5%	TBD
2018	3.0%	1.0%	4.3%
2017	5.5% & 9.5%	-1.0%	8.1%

*As of 1/1/18, Blue Cross became the HMO administrator for all benefits-eligible employees.

- As of 1/1/17, the City joined the Intergovernmental Personnel Benefit Cooperative (IPBC), which operates as an insurance risk pool for high-cost claims. IPBC helps create stability in employer benefit costs and savings through its group purchasing power. As a result, the City was able to maintain its overall plan design structure for its Blue Cross PPO & HMO plans for 2019, while experiencing premium rate decreases.
- The City experienced a 6.5% premium decrease in dental plan premiums for 2019, without needing to make plan design changes. Most employees are eligible for the Enhanced Plan, as the City's Police and Sergeants/Lieutenants are the only groups who remain eligible for the Legacy Dental Plan.
- Vision rates are locked into a two-year contract with VSP through 12/31/2020. Minor enhancements were made to benefit levels provided in 2019 to some union and all classified/non-union employees, to keep the plan design competitive with trends seen by both public and private employers.

Budget & Program Highlights

- Health plan designs continue to be re-evaluated to meet the needs of the City's employees, while being fiscally responsible stewards of public funds. As of 1/1/19, the City will be offering a high-deductible Preferred Provider Organization (PPO) with Health Savings Account (HSA) option to some union and all classified/non-union employees. As additional bargaining units agree to insurance plan changes, employees will have the PPO with Health Savings Account option available to them. The PPO plan deductible was also increased from \$400 Employee/\$800 Family to \$600 Employee/\$1,200 Family for most employees, to align with municipal employer trends seen in the broader market.
- To help preserve the sustainability of the City's health plan, a change to spousal eligibility went into effect on 1/1/19 for non-union and all non-sworn union employees, in that in order to remain on the City's health plan the spouse must not have coverage available via his/her employer.

- Through collective bargaining agreement, the City continues to administer a Police Benevolent Protective Association (PBPA) health plan for its sworn officers.
- The wellness/health insurance committee continues to be a sounding board to discuss new insurance options and changes to the wellness plan design. The committee looks to improve employee wellbeing with an eye toward improving employee/dependent health and driving down overall insurance costs.
- Affordable Care Act (ACA)
 - The ACA provision to provide insurance for part-time employees working an average of 30 hours per week took effect January 1, 2015 and remains in effect. As a result, 3 seasonal employees are enrolled in health insurance as of November 2018.
 - To meet ACA reporting requirements, the City continues to contract with Sikich to generate and distribute 1095 forms to employees and report to the IRS.
 - Potential excise tax – at this time, the ACA provision which in requires the payment of 40% excise tax on high cost health plans becomes effective in 2022. The City continues to work towards moderating insurance cost increases to guard against Cadillac tax impacts and for overall budgetary reasons.

Plan Funding

- Employees contribute 25% of health plan premiums and 50% for dental and vision coverage. Employee contributions are applied to departmental budgets.
- Bloomington Township and the Bloomington Public Library continue to reimburse the City for the cost of its employees' coverage for City health, dental and vision plan coverage.

Budgetary Fund Balance

Employee Health Insurance Fund	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	\$1,622,425	\$1,536,063	\$1,424,013

RETIREE HEALTH INSURANCE FUND 6028

Purpose

The City is required under Illinois law to provide insurance to its retirees and their eligible dependents similar to insurance provided to its active employees. As a result, the City of Bloomington offers health, dental and vision insurance benefits for retired employees, their spouses and eligible dependents. Bloomington Township and Bloomington Public Library retirees are also eligible to participate in the health, dental and vision plans. With the exception of certain disabled sworn fire and police retirees, retirees pay 100% of plan premiums.

The City is currently administering benefits for 201 retirees and spouses of retirees of which 91 have health insurance, either via the City or through Benistar – the Medicare Supplement Insurance Plan implemented in 2015. Remaining retirees have dental and/or vision plan coverage. Specifically, employees retiring under the Illinois Municipal Retirement Fund (IMRF) must be eligible to begin drawing a pension immediately upon retirement to continue their health insurance, while retiring sworn fire and police personnel may continue their insurance while in a deferred retirement status. Premiums are typically deducted from pension checks, although other forms of payment are available.

Other Post-Employment Benefits (OPEB)

The Government Accounting Standards Board (GASB) requires public sector employers to calculate and report their OPEB liability, including retiree health care. Retirees pay 100% of their insurance rates; however, the way the rates are calculated creates an implicit subsidy as described below.

Implicit Subsidy: Under Illinois law, municipal retirees must have the same full premium rates as active employees. Thus, premiums for active employees and retirees are developed by blending the claims experience of the two groups. Premiums that result when costs are blended ends up being higher than would be expected if the active employees were rated by themselves. Since municipalities, like most other employers, contribute toward the cost of their active employee health insurance, the municipality ends up incurring additional expense for their active employees due to the overall increased costs resulting from retiree costs. This additional employer cost is known as an “implied subsidy” and must be reported by the City as a liability.

OPEB (retiree health, dental and vision plan) 2018 costs were \$966,094, per actuarial studies. This is slightly lower than previous years, due primarily to favorable claims experience seen by the City's PPO plan.

Cost Control Measures

As of 1/1/17, the City joined the Intergovernmental Personnel Benefit Cooperative (IPBC), which operates as an insurance risk pool for high-cost claims. IPBC helps create stability in employer benefit costs and savings through its group purchasing power. As a result, the City was able to maintain its overall plan design structure for its Blue Cross PPO & HMO plans for 2019, while experiencing 4.6% & 0.5% annual rate decreases, respectively.

Plan Funding

- Retirees contribute 100% of the premiums for health, dental and vision coverage.
- Certain amounts are charged back to departmental budgets. Additional funding through transfers from the General Fund and the Employee Health Insurance Fund to cover future OPEB liability costs.

Budgetary Fund Balance

Retiree Health Insurance Fund	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	\$26,562	\$24,704	\$16,404

72102100 John M. Scott Health Care Trust Grants Fund

JOHN M. SCOTT HEALTH CARE TRUST GRANTS FUND 7210

Purpose

Judge John M. Scott was a Justice of the Illinois Supreme Court in the 1880s and a resident of McLean County. He directed his estate to be partially used to assure health care for persons unable to afford it themselves. In 1981, the City of Bloomington became Trustees to \$5.4 million designated for a Health Resources Center.

On May 14, 2018, the Bloomington City Council voted to approve the recommendations of the John Scott Health Care Commission to discontinue the provision of direct services to individuals through the John M. Scott Health Resource Center. Under the new structure, larger grants are awarded to community entities serving the healthcare needs of vulnerable McLean County residents, specifically those who are either uninsured or under-insured.

The City of Bloomington's Community Development Department has assumed administrative oversight and works with the John Scott Health Care Commission to develop processes for the new format. The eleven member Commission established the grant application process in FY19 for rollout in FY20. The Bloomington City Council will continue as trustees with final decision-making power. The goal is to ensure maximum efficiency and effectiveness in meeting the health care needs of the target population.

The Scott Commission is made up of medical providers and individuals with financial and grant expertise. All are committed to ensuring Judge Scott's legacy by providing assistance to those he intended to serve.

How Does the Grant Program Operate?

The purpose of the John M. Scott Health Care Trust Grants Program is to assist local agencies and organizations meet the health care needs of McLean County residents. Grant awards made under this program are intended to benefit income-qualified individuals underserved by mainstream health care resources. Programs funded through the Trust will address health care needs that are typically underfunded or unfunded by other private and public resources. Collaboration among organizations is strongly encouraged. Although funded programs may address a variety of needs, programs that address health care needs specifically identified as priority areas by the Community Health Needs Assessment (CHNA) and Community Health Improvement Plan (CHIP) are encouraged.

Grants are awarded under three categories:

- General Operating Grants
- Community Health Priority Program Grants
- Emergency Needs Grants

Organizations awarded funding through the Grants Program must:

- Be a tax-exempt organization per Section 501 (c)3 of the Internal Revenue Code (including faith-based organizations) or a local or county unit of government,
- Align with the funding goals of the John M Scott Health Commission;
- Have sound financial management policies in place and demonstrate good stewardship of resources;
- Ensure all clients served through the funded program(s) meet the following qualifications:
 - McLean County residency;
 - Annual income at or below 185% of the annual Federal Poverty Guidelines found at: <https://aspe.hhs.gov/poverty-guidelines>
- Comply with the John M Scott Health Commission non-discrimination policy that includes age, race, color, creed, ethnicity, religion, national origin, citizenship, marital status, sex, sexual orientation, gender identity or expression, physical or mental disability, veteran or military status, unfavorable discharge from military service, criminal record, or any other basis prohibited by federal state or local law. The organization should also have a procedure for handling discrimination complaints.

Funding Source

Funding for all programs and services offered by the Center comes solely from investment revenue generated by the John M. Scott Trust.

The Investment Committee determines the maximum expenditure per budget year as stated in the Investment Policy. The Investment Committee approves a maximum expenditure based on 4% of a 5-year rolling annual average of income generated from interest, dividends and capital gains.

FY 2020 Budget & Program Highlights

The FY 2020 will be the first full year of the new grants-only model. Through this change, the budget represents a significant reduction in administration expenses to 12.6% of total expenditures. This means a more funding is going to the agencies that strive to meet the health care needs of the underserved in McLean County. In FY 2020, 87% of the budget is expected to be distributed to local agencies.

What We Accomplished in FY 2019

FY 2019 was a year of significant change for the John M. Scott Health Commission. With the shift to a grants-only funding format, the Commission focused on planning a quality grants program package ready to roll out for the FY2020 grant cycle. The new bylaws required a shift in the type of Commission membership to include not only health care professionals but also grants and financial experts. Having a better-rounded Commission membership base made the transition process much smoother.

FY 2019 Performance Measurements

Due to the transition to a grants-only model, the Commission decided to provide continuation funding to the FY18 recipients as follows:

Grant Awards to:

- Community Health Care Clinic - \$75,000
- Center for Youth and Family Solutions - \$20,000
- Center for Human Services – \$55,000
- Peace Meals - \$10,000
- McLean County Health Department - \$15,000

Budgetary Fund Balance

John M. Scott Health Care Trust Grants Fund	FY 2018 (audited)	FY 2019 (Projected)	FY 2020 (Projected)
Budgetary Fund Balance	\$7,274,147	\$8,419,606	\$8,676,606

CITY OF BLOOMINGTON BUDGET GLOSSARY

The Budget contains specialized and technical terminology that is unique to public finance and budgeting. To assist the reader of the Budget document in understanding these terms, a budget glossary has been included in the document.

A

ACTUAL - The actual figures in the budget document are year-end actual totals for the fiscal year preceding the budget year.

APPROPRIATION - A legal authorization made by the City Council, which permits the City officials to incur obligations and to make expenditures of resources for a specific purpose.

ASSESSED VALUATION - A value established for real or personal property for use as a basis for levying property taxes.

AUDIT - A comprehensive investigation of the manner in which the government's resources were actually utilized. A financial audit is a review of the accounting system and financial information to determine how government funds were spent and whether expenditures were in compliance with the legislative body's appropriations. A performance audit consists of a review of how well the government met its stated goals.

B

BOND - A written promise to pay a sum of money on a specific date at a specified interest rate. The interest payments and the repayments of the principal are detailed in a bond ordinance. The most common types of bonds are general obligation (G.O.) and revenue (Water/Sewer) bonds. These are most frequently used for construction for large capital projects, such as buildings, streets and bridges.

BUDGET - A financial plan for a specified period of time (fiscal year) that matches all planned revenues and expenditures with various municipal services.

BUDGET AMENDMENT - A legal procedure utilized by the City staff and City Council to revise a budget appropriation. This can be done at any time during the year by action of the City Council.

BUDGET DOCUMENT - The instrument used by the budget-making authority to present a comprehensive financial program to the City Council.

BUDGET ORDINANCE - Ordinance appropriating funds for a specific fiscal year.

BUDGETED FUNDS - Funds that are planned for certain uses but have not been formally or legally appropriated by the legislative body. The budget document that is submitted for Council approval is composed of budgeted funds.

BUDGETARY CONTROL - The control or management of a governmental unit or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

C

CAPITAL IMPROVEMENT - A nonrecurring project including, but not limited to, construction of, and major alterations, remodeling or repair of physical facilities, buildings, structures, streets and highways, storm and sanitary sewers, fixed equipment and landscaping.

CAPITAL IMPROVEMENT PROGRAM - A plan for capital expenditures to provide long-lasting physical improvements to be incurred over a fixed period of several future years.

CASH ACCOUNTING - A basis of accounting in which transactions are recorded when cash is either received or expended for goods and services.

COMMODITIES - Items that, after use, are consumed or show a material change in, or an appreciable impairment, of their physical condition, and which are generally of limited value and characterized by rapid depreciation.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) - An entitlement grant from the U.S. Department of Housing and Urban Development (HUD) to assist the low and moderate-income persons of the City in targeted neighborhoods.

CONTRACTUAL SERVICES - Services provided by another individual, (not on City payroll) agency, or private firm.

D

DEBT SERVICE - Includes principal and interest payments and handling charges on general obligation bonds, revenue bonds, special assessment bonds and notes.

DEPARTMENT - A major organizational unit of the City which has been assigned overall management responsibility for an operation or a group of related operations within a functional area.

DELINQUENT TAXES - Taxes that remain unpaid on which a penalty for non-payment is attached.

DEPRECIATION - The process of estimating and recording the lost usefulness, expired useful life or diminution of service from a fixed asset that cannot or will not be restored by repair and will be replaced. The cost of the fixed asset's lost usefulness is the depreciation of the cost to reserve in order to replace the item at the end of its useful life.

E

EAP - Employee Assistance Program.

ENCUMBRANCES - These are obligations in the form of purchase orders, general encumbrances or contracts, which are chargeable to an appropriation and for which a part of the appropriation is reserved. The use of encumbrances is designed to prevent overspending and permits officials to be certain of how much money is available for new commitments.

ENTERPRISE FUND - A governmental accounting fund in which the services provided are financed and operated similarly to those of a private business. The rate schedules for these services are established to insure that revenues are adequate to meet all necessary expenditures. Enterprise funds in Bloomington are established for services such as water, sewer, parking, solid waste and golf.

ESTIMATE - Revenue and expenditure estimates for the current fiscal year, which are developed as part of the budget preparation process.

ESTIMATED REVENUE - The amount of projected revenue to be collected during the fiscal year. The amount of revenue appropriated is the amount approved by Council.

EXPENDITURE - This term refers to the outflow of funds paid or to be paid for an asset obtained or goods and services obtained regardless of when the expense is actually paid. This term applies to all funds. (Note: An encumbrance is not expenditure. An encumbrance reserves funds to be expended).

EXPENSES - Charges incurred, whether paid immediately or unpaid, for operation, maintenance, interest and other charges.

F

FHWA – Federal Highway Administration.

FISCAL YEAR - The time period designated by the City signifying the beginning and ending period for recording financial transactions. The City of Bloomington's has a fiscal year of May 1st through April 30th.

FIXED ASSETS - Assets of long-term character, which are intended to continue to be held or used, such as land, buildings, machinery, furniture and other equipment.

FUND - An accounting entity that has a set of self-balancing accounts and that records all financial transactions for specific activities or government functions. Eight commonly used funds in public accounting are: General Fund, Special Revenue Funds, Debt Service Funds, Capital Project Funds, Enterprise Funds, Trust and Agency Funds, Internal Service Funds, and Special Assessment Funds.

FUND BALANCE - The excess of assets over liabilities and is, therefore, also known as surplus funds.

G

GFOA - Government Finance Officers Association.

GENERAL FUND - The largest fund within the City, the General Fund accounts for the majority of the financial resources of the government. General Fund revenues include property taxes, local taxes, licenses and permits, service charges, and other types of revenue. This fund includes most of the basic operating functions such as fire and police protection, finance, inspection, public works, parks and recreation, and general administration.

GENERAL OBLIGATION BONDS (G.O.) - Bonds that finance a variety of public projects such as streets, buildings, and improvements; the repayment of these bonds is usually made from the General Fund, and these bonds are backed by the full faith and credit of the issuing government.

GIS – Geographic Information System

G

GRANT - A contribution by a government or other organization to support a particular function. Grants may be classified as either categorical or block depending upon the amount of discretion allowed the grantee.

H

HOME-RULE MUNICIPALITY - A home-rule unit may exercise any power and perform any function pertaining to its government and affairs including but not limited to the power to regulate for the protection of the public health, safety, morals and welfare; to license; to tax; and to incur debt. The City of Bloomington is a home-rule municipality.

HUD – U.S. Department of Housing and Urban Development.

I

IDOT - Illinois Department of Transportation.

IEPA - Illinois Environmental Protection Agency.

IMRF - Illinois Municipal Retirement Fund. Retirement system established for municipal employees in the State of Illinois.

INFRASTRUCTURE – Any substructure or underlying system like roads, bridges, transportation, and water and sewer lines needed for the functioning of a community.

INTERFUND TRANSFER - Transfers made from one fund to another to reimburse or pay for specific services rendered, or to more generally support the activities of another fund.

INTERGOVERNMENTAL REVENUE - Revenue received from another government for a specified purpose.

INTERNAL SERVICE FUND (ISF) - Funds used to account for the financing of goods or services provided by one department to another department on a cost reimbursement basis.

INVENTORY - A detailed listing of property currently held by the government.

L

LEVY - To impose or collect taxes, special assessments, or service charges for the support of City activities.

LINE-ITEM BUDGET - A budget that lists each expenditure category (salary, materials, telephone service, travel, etc.) separately, along with the dollar amount budgeted for each specified category.

M

MAIN STREET CORRIDOR – The Main Street Corridor is a special planning area that spans approximately 5 miles of State Highway 51. The corridor is bounded on the north by I-55 in Normal and on the south by Veterans Parkway in Bloomington. The planning process is a joint effort between both communities.

MODIFIED ACCRUAL ACCOUNTING - A basis of accounting in which expenditures are accrued but revenues are accounted for on a cash basis. This accounting technique is a combination of cash and accrual accounting since expenditures are immediately incurred as a liability while revenues are not recorded until they are actually received or are “measurable” and available for expenditures. Since this type of accounting basis is a conservative financial approach, it is recommended as the standard for most governmental funds.

O

OPEB – This is an abbreviation for Other Post Employment Benefits. It is used in reference to the City’s health insurance liability associated with providing health insurance benefits to retirees.

OPERATING BUDGET - The portion of the budget that pertains to daily operations that provide basic governmental services. The operating budget contains appropriations for such expenditures as personnel, supplies, utilities, materials, travel and fuel.

OPERATING FUND - A fund restricted to a fiscal budget year.

P

PROPERTY TAX LEVY - A tax based on the assessed value of a property. Tax liability falls on the owner of record as of the appraisal date.

PURCHASE ORDER - A written legal document stating or confirming an offer to buy goods or services, which upon acceptance by a vendor becomes a contract. Its main function is to expedite and control buying by the City.

R

REVENUE - Funds that the government receives as income. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues and interest income.

REVENUE BONDS - Bonds usually sold for constructing a project that will produce revenue for the government. The revenue is used to pay the principal and interest of the bond.

RESERVE - An account used to indicate that a portion of a fund's balance is legally restricted for a specific purpose and is, therefore, not available for general appropriation.

S

SPECIAL REVENUE FUNDS - Funds used to account for the proceeds from specific revenue sources (other than trusts or major capital projects) that are legally restricted to expenditures for specific purposes.

SSA BONDS - These are bonds issued for the improvement of a Special Service Area. Businesses residing within this special service area become the source of revenue for repayment of these bonds.

STORMWATER MANAGEMENT – This is a management process that addresses pollution to bodies of open water from storm runoff discharged by larger municipal storm sewer systems and construction sites disturbing the land. The Normal-Bloomington urban area did not meet the population threshold to fall under the Phase I requirements. IEPA regulations address the following minimum control measures:

1. Public education and outreach
2. Public participation and involvement
3. Illicit discharge detection and elimination
4. Construction site runoff control
5. Post construction runoff control
6. Pollution prevention and good housekeeping.

These control measures are implemented by best management practices (BMPs) that were previously developed by communities permitted in Phase I and approved by the USEPA.

T

TIF – Tax Increment Financing

CAPITAL IMPROVEMENT PROGRAM

CAPITAL PROJECT SHEETS FROM THE FOLLOWING FUNDS

2030 Motor Fuel Tax
1001 BCPA Capital Campaign & Community Foundation
2090 Drug Enforcement Fund
4010 Capital Improvement
5010 Water Fund
5110 Sanitary Sewer
5310 Storm Water
5710 Arena

CAPITAL EXPENDITURES

Capital expenditures may include street resurfacing, water, sewer and storm water lines. These projects are budgeted in the following budgets: Motor Fuel Tax, Park Dedication, Capital Improvement Fund, Water Fund, Sewer Fund, Storm Water Fund, Golf Fund and the Coliseum Fund. The City has a dollar threshold that the service or good must meet to qualify as a capital project. Capital infrastructure thresholds for capital assets vary from \$100,000 for street resurfacing, bridges, detention basins, pump stations, reservoirs, water plants, dams to \$25,000 for sanitary sewers, water mains, easements, sidewalks, bike trails and building improvements.

Capital expenditures include capital assets items: furniture, machinery, equipment and vehicles that have a useful life of one year or more and cost a minimum of \$5,000. These items are budgeted within the individual departments or the Capital Lease, if applicable, and depreciation is calculated annually.

FY 2020-- Capital Improvement Summary

Included in FY 2020 Proposed Budget are forty-three capital improvement projects which total \$39,144,661. The listing of projects follows this page.

City of Bloomington, Illinois FY 2020 Capital Projects (All Funds)

MOTOR FUEL TAX CAPITAL
PROJECTS

**FY 2020 -- Capital Improvement Summary
Motor Fuel Tax Fund**

The list provides a synopsis of the major capital projects planned for the City in FY 2020. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

Motor Fuel Tax (MFT) Fund

❖ **GE Road @ Keaton Place Traffic Signals – Design, Land & Construction**

➤ <u>Motor Fuel Tax Fund</u>	
Design	\$20,000
Land	\$80,000
Construction	<u>\$1,200,000</u>
Total MFT Project	\$1,300,000

❖ **Fox Creek Road Bridge & Road Improvements: Danbury to Beich Road- Land & Construction**

➤ <u>Motor Fuel Tax Fund</u>	
Land	\$30,000
Construction	<u>\$7,350,000</u>
Total MFT Project	\$7,380,000

❖ **Jersey Avenue Bridge Replacement – Design**

➤ <u>Motor Fuel Tax Fund</u>	
Design	<u>\$300,000</u>
Total MFT Project	\$300,000

❖ **Hamilton Road Phase II (Bunn - Commerce) – Land**

➤ <u>Motor Fuel Tax Fund</u>	
Land	<u>\$4,500,000</u>
Total MFT Project	\$4,500,000

❖ **Street Lighting Charges - Electricity**

➤ <u>Motor Fuel Tax Fund</u>	
Electricity	<u>\$500,000</u>

GE Road @ Keaton Pl / Auto Row Dr Traffic Signals & NB left turn lane		20300300-70051, 20300300-72510, 20300300-72530				
PROJECT DESCRIPTION/JUSTIFICATION						
<p>The existing intersection of Keaton Place / Auto Row Drive & GE Road is a two way stop. GE Road is an arterial with over 18,000 vehicles per day. Keaton Place has over 3000 vehicles per day. During peak times there is significant delay to vehicles trying to exit from the side streets. Traffic signals are warranted at this location and will reduce delay and driver frustration especially at peak times of day.</p> <p><i>**** Project ROW Acquisition and Construction are currently budgeted for FY19. However, it is possible that neither will be encumbered prior to April 30, 2019 and are thus being included in FY 2020. ****</i></p>

Fox Creek Road Bridge & Road Improvements: Danbury to Beich Road			20300300-72510, 20300300-72530, 50100120-72540			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This section of Fox Creek Road is currently a two lane rural cross section with shoulders and ditches. This project will reconstruct Fox Creek Road and bridge as five lane urban sections with curb and gutter along with a multi-use trail on the north side. Traffic signals and turn lanes will also be installed at Danbury Drive and Beich Road. Pedestrian accommodations will also be constructed on the bridge to connect neighborhoods north of Fox Creek Road to Pepperidge Elementary. New storm sewers and water main will also be installed. The project costs will be partially reimbursed from the IL Commerce Commission's Grade Crossing Protection Fund. The construction costs shown below show the total project cost which will be paid up front by the City with reimbursement estimated at \$1,450,000 from the Grade Crossing Protection Fund.</p>

Jersey Avenue Bridge Deck Replacement - Design		20300300-70051, 20300300-72530				
PROJECT DESCRIPTION/JUSTIFICATION						
<p>The Jersey Avenue Bridge over Sugar Creek, west of Towanda Ave., is 49 years old and there is evidence of severe deterioration of the deck. This structure lies within the Town of Normal corporate limits but the City of Bloomington accepted maintenance by Council action on August 10, 1964. This structure is a continuous reinforced concrete slab bridge built on precast concrete piles. In 1992 an engineering study was conducted which found chloride contamination throughout the depth of the deck which leads to degradation of the concrete and steel reinforcing. In 2011 nearly the entire deck surface was experiencing delamination (up to 2"-3") when a non-structural asphalt overlay was installed to improve ride quality, precluding the continued monitoring of the deck distress.</p>

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This is the last section of Hamilton Road needed to complete this four lane arterial from Fox Creek Elementary to Hershey Road. This project currently shows crossing the Norfolk Southern Railroad at grade. Rhodes Lane will be reconstructed to "tee" into the new Hamilton Road. Rhodes Lane will have new cul-de-sac that will cut off access to Morrissey Drive. Negotiations with Norfolk Southern Railroad have been ongoing for several years. Hanson Professional Services was hired in 2015 to perform a Phase I preliminary design services for this project which will conclude in FY19. The work proposed on this sheet includes land acquisition, Norfolk Southern Railway design review expenses, final design documents, and construction of the roadway improvements. The funding is 80% STU funds with a 20% required local match from the MFT funds. Funding is included on the MCRPC Transportation Improvement Program for FY 2018- 2022.</p>

Drug Enforcement Fund

❖ **Police Firing Range Lodge Building Repurpose - Construction**

➤ Drug Enforcement Fund

Construction \$125,000

Total Drug Enforcement Projects \$125,000

Total FY 2020 Cost: \$125,000

CITY OF BLOOMINGTON
CAPITAL IMPROVEMENTS PROGRAM FY 2020- FY 2024

<i>FUNDING SOURCE(S)</i>	<i>DEPARTMENT</i>		<i>CITY CONTACT PERSON</i>	<i>WARD</i>		
Drug Enforcement Fund	Police		Greg Scott	N/A		
<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Police Firing Range Lodge Building Repurpose			20900900-72520-33000			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The Police department is charged with maintaining evidence from major cases for a significant period of time and in some cases indefinitely. The current space used for long-term storage has been exhausted. The lodge at the police firing range has not been used for some time. The building fell into disrepair for several years. The roof was replaced and no remediation of interior damage was completed. The interior of the building has continued to deteriorate to the point it is no longer useable. The department proposes to re-purpose the building to be become a long-term storage facility for large items.

CAPITAL PROJECTS

**FY 2020 -- Capital Improvement Summary
Capital Improvement Fund**

The list provides a synopsis of the major capital projects planned for the City in FY 2020. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

Capital Improvement Fund

Fire Capital Improvement Projects

❖ **Fire Station #3 Kitchen Remodel - Construction**

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$65,000</u>
Total Capital Project	\$65,000

Facilities Capital Improvement Projects

❖ **Unforeseen Major Facility Repairs**

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$200,000</u>
Total Capital Project	\$200,000

❖ **Facility Space & Security Modifications**

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$534,261</u>
Total Capital Project	\$534,261

Parks Capital Improvement Projects

❖ **BCPA Tuck-pointing - Construction**

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$65,000</u>
Total Capital Project	\$65,000

❖ **Route 66 Trail Shirley South 1.1 Miles – Construction**

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$205,500</u>
Total Capital Project	\$205,500

❖ **Clearwater Park Playground**

➤ Capital Improvement Fund

Equipment	<u>\$90,000</u>
Total Capital Project	\$90,000

❖ **DeBrazza Plaza Monkey Exhibit – Construction**

➤ Capital Improvement Fund

Construction	<u>\$600,000</u>
Total Capital Project	\$600,000

❖ **Wittenburg Woods walking path around detention basin– Construction**

➤ Capital Improvement Fund

Construction	<u>\$60,000</u>
Total Capital Project	\$60,000

Public Works Capital Improvement Projects

❖ **Multi-Year Street & Alley Resurface Program - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**

➤ Capital Improvement Fund

Construction	<u>\$3,795,750</u>
Total Capital Project	\$3,795,750

❖ **Multi-Year ADA Sidewalk Ramp Replacement Program - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**

➤ Capital Improvement Fund

Construction	<u>\$400,000</u>
Total Capital Project	\$400,000

❖ **Multi-Year Sidewalk Repair Program - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**

➤ Capital Improvement Fund

Construction	<u>\$494,250</u>
Total Capital Project	\$494,250

❖ **Multi-Year Sidewalk Replacement 50-50 Program - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**

➤ Capital Improvement Fund

Construction	<u>\$110,000</u>
Total Capital Project	\$110,000

❖ **Emergency Multi-Year Street, Alley & Sidewalk Repairs - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**

➤ Capital Improvement Fund

Construction	<u>\$200,000</u>
Total Capital Project	\$200,000

❖ **Fleet Facilities Study - Design**

➤ Capital Improvement Fund

Design	<u>\$50,000</u>
Total Capital Project	\$50,000

Total FY 2020 Cost: \$6,869,761

Fire Station #3 Kitchen Remodel			40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The kitchen at Fire Station #3 is heavily used by five (5) personnel stationed in this building 24/7. The counter-tops and cabinets are made of low grade materials that have not held up under this heavy use. The current materials should be replaced with a stronger commercial grade counter-tops and cabinetry. Some cabinet doors cannot be closed completely due to warping. Refrigerators are located 30' from the actual kitchen.

Facility Space & Security Modifications				40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
Use of existing City Facility space often changes with staff levels, employee duties, building age and other related factors. Reviewing, evaluating and adjusting the use of available space is important to improve employee safety, productivity and efficiency. Office space at City Hall and the Government Center continues to be evaluated and modifications are being implemented in stages.							
The safety of employees, residents and customers who utilize City Facilities is a high priority. Implementation of safety and security measures will also be performed during the space modifications.

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
BCPA tuck-pointing and masonry repairs			40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
This item was listed in the Bloomington Facilities Condition Assessment report prepared by Faithful Gould. The projected cost of repairing window, sealants, and tuck-pointing the four elevations has a projected cost of \$315,000. Staff suggested this project be broken down and spread the expenditure over five years; this is year 3 of 5. In an effort to maintain the interior of the BCPA, it is necessary to maintain the exterior as good business practice.

<i>PROJECT TITLE</i>				<i>ACCOUNT NUMBER</i>			
Construction-Route 66 Bike Path-Sect 5-Shirley to Funk's Grove				40100100-72580			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
<p>The City of Bloomington has an intergovernmental agreement (IGA) from November 1999, with McLean County, Town of Normal and other smaller municipalities within the County on providing funding for the Historic Route 66 Bike Trail project. Four sections have been completed and currently Section 5 will be constructed and billed in fiscal year 2020. This section is Shirley to Funk's Grove. In fiscal year 2019 the design has been completed and will be billed out for approximately \$17,000. In fiscal year 2020 the construction will be completed and City of Bloomington's estimated share will be around \$205,500. The City's cost will be billed through McLean County, under the intergovernmental agreement after completion of the construction phase. In the 3-5 year range work will be done to the move towards McLean. Longer range planning (5-10 year range) is Towanda to Lexington.</p>

Clearwater Park Playground				40100100-72140			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
Clearwater Park playground was installed in 1999. The industry standard is 15 - 20 years. The current playground has served its area very well. The playground is starting to show some wear. The decking and numerous plastic components are discolored and faded. Park staff will remove and install the new playground. Clearwater Park is the only playground in Bloomington that was not installed by Park Maintenance staff.

DeBrazza's Monkey Exhibit			40100100-70051			
			40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
A netted exhibit displaying DeBrazza's Monkey and Red-Flanked Duikers completes the DeBrazza Plaza project. The project will be paid by the Capital Museum Grant funded by the Illinois Department of Natural Resources. The exhibit will be located between the flamingo exhibit and the carousel. It is estimated that a 5% boost in attendance should be seen with the completion of this new animal exhibit. Zoo guests will be able to be engaged with the animals through a glass viewing area.

Multi-Year Street & Alley Resurface Program		40100100-72530				
PROJECT DESCRIPTION/JUSTIFICATION						
<p>Annual program that provides for resurfacing and repair of public streets and alleys. The program consists of three components. The first is street & alley patching and repair which is used to fix bad parts of the streets and resurface residential low traffic volume streets. The second is resurfacing major sections of streets. The third is preventative maintenance such as sealing or micro surfacing.</p> <p>It is anticipated that \$1,000,000 of the budgeted amount for the resurfacing program will be funded from the revenue generated by the Local Motor Fuel Tax.</p>

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER(S)</i>			
Multi-Year ADA Sidewalk Ramp Replacement Program			40100100-72560			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Annual program that provides for replacement of public sidewalk ramps in order to comply with Federal ADA - American with Disabilities Act requirements. Most locations are within the City's annual resurfacing contract. Other locations are determined by citizen request and then by public benefit. A typical ramp replacement costs about \$1,250 which allows replacement of about 400 ramps based on a \$500,000 budget. A typical intersection has 8 ramps which means about 50 intersections are fixed per year. About half of the public sidewalks in Bloomington have been inventoried and rated. When the sidewalk inventory is complete we will know how many ramps need to be built or replaced citywide.

Multi-Year Sidewalk Replacement 50-50 Program		40100100-72560				
PROJECT DESCRIPTION/JUSTIFICATION						
Annual program that provides for replacement of public sidewalk \$55,000 with the participation of the property owner \$55,000. Program is voluntary based on first come first served until available money runs out. Low income households may qualify for assistance through CDBG -Community Development Block Grant programs. Most public sidewalks in residential areas are 4 or 5 feet in width and 4 inches thick except at driveways where they are typically 6 inches thick. The cost to replace 4 inch thick sidewalk is about \$7.25 per square foot. Based on this cost about 3000 lineal feet of sidewalk can be replaced based on a \$110,000 budget. With current economic conditions there is existing backlog for the program.

Public Works Fleet Section Facilities Study			40100100-70051			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>Fleet Management operations are located in aging facilities that were constructed in 1950 and 1972. Facilities are undersized and inadequate to perform assigned responsibilities. An adequate number and size of vehicle and equipment bays are not available. Large equipment and apparatus are routinely repaired and serviced in the parking lot during all weather conditions. Storage and staffing accommodations do not support operations and are not able to ensure a properly functioning operation. Current restroom, break facilities, and work spaces do not support a focus on safety, productivity, and efficiency of operations.</p> <p>The Department will solicit and employ a consultant to review existing operations and facilities, conduct a space needs assessment, compare City operations to other similar municipal operations, identify possible sites, size the facility, provide conceptual building and site layout options, and provide design and construction cost estimates.</p>

WATER CAPITAL PROJECTS

**FY 2020 -- Capital Improvement Summary
Water Improvement Fund**

The list provides a synopsis of the major capital projects planned for the City in FY 2020. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

Water Improvement Fund

❖ **Fox Creek Road Bridge & Road Improvements: Danbury to Beich Road - Construction**

➤ <u>Water Improvement Fund</u>	
Construction	<u>\$150,000</u>
Total Capital Project	\$150,000

❖ **Locust Colton CSO Elimination & Water Main Replacement - Construction Phase 2 – non-SRF Loan Expenses**

➤ <u>Water Improvement Fund</u>	
Construction	<u>\$62,000</u>
Total Capital Project	\$62,000

❖ **Locust Colton CSO Elimination & Water Main Replacement - Construction Phase 2 –SRF Loan Expenses**

➤ <u>Water Improvement Fund</u>	
Construction	<u>\$2,190,000</u>
Total Capital Project	\$2,190,000

❖ **Locust Colton CSO Elimination & Water Main Replacement – Design Phase 3 – non-SRF Loan Expenses**

➤ <u>Water Improvement Fund</u>	
Design	<u>\$158,000</u>
Total Capital Project	\$158,000

❖ **Multi-Year Outside Consultant Civil - Engineering Services**

➤ <u>Water Improvement Fund</u>	
Engineering Services	<u>\$343,900</u>
Total Capital Project	\$343,900

❖ **Consultant Construction Administration Contract - Engineering Services**

➤ Water Improvement Fund

Engineering Services	<u>\$200,000</u>
Total Capital Project	\$200,000

❖ **Multi-Year Consultant Leak Detection for Water Loss Prevention - Engineering Services**

➤ Water Improvement Fund

Engineering Services	<u>\$21,000</u>
Total Capital Project	\$21,000

❖ **Water Treatment Plant Modifications - Groundwater - Design**

➤ Water Improvement Fund

Design	<u>\$150,000</u>
Total Capital Project	\$150,000

❖ **Multi-Year Reservoir Shoreline / Stream Erosion Control Improvements**

➤ Water Improvement Fund

Construction	<u>\$225,000</u>
Total Capital Project	\$225,000

❖ **SCADA Master Plan - Construction**

➤ Water Improvement Fund

Construction	<u>\$2,000,000</u>
Total Capital Project	\$2,000,000

❖ **Multi-Year Compound Meter Upgrades**

➤ Water Improvement Fund

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER(S)</i>			
Fox Creek Road Bridge & Road Improvements: Danbury to Beich Road			20300300-72510, 20300300-72530, 50100120-72540			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This section of Fox Creek Road is currently a two lane rural cross section with shoulders and ditches. This project will reconstruct Fox Creek Road and bridge as five lane urban sections with curb and gutter along with a multi-use trail on the north side. Traffic signals and turn lanes will also be installed at Danbury Drive and Beich Road. Pedestrian accommodations will also be constructed on the bridge to connect neighborhoods north of Fox Creek Road to Pepperidge Elementary. New storm sewers and water main will also be installed. The project costs will be partially reimbursed from the IL Commerce Commission's Grade Crossing Protection Fund. The construction costs shown below show the total project cost which will be paid up front by the City with reimbursement estimated at \$1,450,000 from the Grade Crossing Protection Fund.</p>

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The Public Works Department - Water Division is utilizing outside consulting services to function as a full-time staff member. This project allows the City to show the viability of utilizing outside resources to staff Departments when project demands exceed City staffing capabilities.</p> <p>The Public Works Department - Water Division is monitoring the progress and success of the project, and will provide insights to Administration and other Departments.</p> <p>Currently there is a contract with Maurer Stutz, Inc. for one (1) FTE, with the option to extend the contract for FY 2020 and FY 2021. The needs, regulations, deferred maintenance, and capital projects of the Division currently dictate the need for additional staff resources.</p>

Multi-Year Consultant Leak Detection Water Loss Prevention			<i>ACCOUNT NUMBER</i>			
			50100120-70051			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The Professional Services Consultant will perform Leak Detection Services in one quadrant of the City during each fiscal year from FY 2020-FY 2024. This will result in water loss prevention from repaired leaks and thus long term savings to the City. The Department desires to reduce non-revenue water usage and provide cost effective water rates to our customers.</p> <p>The RFQ process was used and M.E. Simpson is under Contract for FY 2020 and FY 2021 for these Professional Services.</p>

Water Treatment Plant Modifications - Groundwater			500100130-70051			
			500100130-72590			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Continuation of the development of deep groundwater production wells and associated pumps, pretreatment and conveyance piping near the Lake Bloomington or other site if needed. Design was budgeted for FY 2019, but funds were reallocated to additional well development during initial construction of the wells.

Reservoir Shoreline / Stream Erosion Control Improvements			50100130-72620			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This ongoing project will continue the shoreline stabilization and stream stabilization work in the reservoirs and the tributary streams feeding them. The longevity of the drinking water reservoirs is extended, water quality is improved and fish and wildlife habitat is enhanced by these projects. Lakeshore erosion studies and stream inventories were undertaken from 2004 to 2007 to quantify sediment contributions and to prioritize restoration work for the identified erosion sites.</p> <p>The Water Division strives to work with agency partners to obtain other funding sources. Recently, through the assistance of our partner agencies these projects have been partially funded through grants. This partnership extends the amount of work performed on an annual basis.</p>

SCADA Master Plan - Study / Design & Construction			50100130-72620			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This project will involve a complete assessment of the condition of the assets in the Water Divisions Supervisory Control and Data Acquisition (SCADA) system including the Water Treatment Facility, various satellite facilities, and the distribution system including storage tanks, pumping stations and other associated assets. In addition, the master plan will provide for an orderly analysis and ranking of SCADA infrastructure that needs to be repaired, rehabilitated or replaced as well as what SCADA hardware and software needs to be added to the system. Currently the Division is unable to obtain replacement parts for the existing system. As parts break, the Division updates the portion of the control system to maintain operations. It is anticipated these interim repairs will work within the final system. In addition, our current system cannot be monitored remotely. Therefore management staff relies solely on the plant operator to monitor the entire system. Lastly the project will address the operation and maintenance costs or savings in addressing the various projects.</p> <p>Consultant is trying to maintain a schedule for deliverables for bidding in FY2019 but may not be able to provide appropriate and comprehensive deliverables until FY2020. Budgeting will remain in FY2019 and be also budgeted for FY2020 to accommodate the likely delay in the consultant's current schedule.</p>

Multi-Year Compound Meter Upgrades		50100150-72620				
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Existing Meters are slow and usage / revenue is under accounted for. Replacing Compound Meters improves flow range detection and billing accuracy. Existing meter vaults will be replaced or retrofitted for proper access to the new meters for regular maintenance and to ensure safety. The HP PROTECTUS III S fire service meter is designed for applications where fire service and domestic water supplies are fed by a single line. The HP PROTECTUS III S measures extremely wide flow ranges at 98.5%-101.5% accuracy, registering leaks or unauthorized use of water from fire service lines. These flow ranges will be an improvement as the HP PROTECTUS III S also acts as a compound meter and the existing meters in these applications are currently single flow meters. We are currently targeting our wholesale customers for HP PROTECTUS III S meters.

Pipeline Rd - Division G - 1929 Transmission Main Rehabilitation and Replacement			50100120-70051	50100120-72620		
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The 24" cast-iron water transmission main was constructed in the late 1920's. The City has experienced multiple issues with the joints leaking between the Fort Jesse Pump Station and the Division Street ground storage tanks. The project will help prevent the joints from leaking and withstand higher pressures that will occur as part of the Pipeline Rd - Division E - Pressure Valve Control Stations project. Portions of the approximate 3 miles of main are anticipated to be replaced and portions lined.

<i>PROJECT TITLE</i>						
Pump Station Arc Flash Study & Field Implementation			<i>ACCOUNT NUMBER</i>			
			50100120-70051			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This project will complete the arc flash hazard study for the Water Division facilities that were not included in the FY2017 arc flash project. To protect employees who work around electrical equipment, OSHA requires that employers conduct an arc flash hazard assessment in accordance with NFPA 70E, Standard for Electrical Safety in the Workplace, to determine risk levels and appropriate protective measures for those employees. This project will focus on the Division Street, Fort Jesse, Enterprise Zone, and South Main Pump Stations and the Division Street Water Office Facility. Services will include identifying arc flash hazards, determining appropriate levels of personal protective equipment required for work performed in the vicinity of the energized electrical equipment, installation of required warning labels, recommendations for arc-flash hazard mitigation techniques and programs, and training for workers who may be near electrical hazards.</p>

OSHA Compliant Arc Flash Warning Label

All hazardous equipment installed or modified after 2002 is required to carry a 4" x 6" ANSI Z535 compliant electrical warning label. NEC 110.16 specifically mentions "switchboards, panel boards, industrial control panels and motor control centers that... are likely to require examination, adjustment, servicing, or maintenance while energized."

Equipment must be marked in the field, rather than by the equipment manufacturer or installer. Arc flash hazard varies depending on actual operating conditions, including upstream protective devices and voltage. Labeling is the responsibility of the company operating the equipment.

NEC (National Electrical Code) has made three required changes to the Arc Flash Warning Label. These changes became law on November 1st, 2011. The new additions are highlighted in yellow below.

A → **WARNING** ← **F**

B → **Arc Flash & Shock Hazard Appropriate PPE Required** ← **G**

C → **FLASH PROTECTION** ← **H**

D → **SHOCK PROTECTION** ← **I**

E → **Equipment ID: Secondary XI-24 (source)** ← **J**

K → **OSHA logo**

A. These durable UV and chemical resistant 3.2 mil laminated vinyl labels include a High-Tack adhesive and rounded corners to prevent peeling. The life span of these labels is 5 years in normal conditions and are capable of withstanding temperatures beyond 165 °F and -50 °F. Sufficient label durability is now a requirement as of the November 2011 NEC (National Electrical Code) update and ITU's arc flash warning labels more than exceed this requirement.

B. Flash Hazard Category: Represents the level of danger depending on the incident energy. Ratings range in number from 0-4. 0 represents 0/0 or no risk while 4 signifies greatest risk. For more information about the different arc flash hazard risk categories go to www.HazardRiskCategories.com

C. Minimum Arc Rating: Identifies the arc performance of a material or system of materials (PPE) and are expressed in calories per centimeter squared.

D. PPE: Identifies the Personal Protective Equipment that MUST be used according to the hazard category rating.

Page 1

PPE Category Level Chart 2015
NFPA 70E

Category 1
Arc-Rated Clothing, Minimum Arc Rating of 4 cal/cm²
Arc-rated long-sleeve shirt and pants or arc rated coverall
Arc-rated face shield or arc flash suit hood
Arc-rated jacket, parka, rainwear, or hard hat liner (AN)
Hard hat
Safety glasses or safety goggles (SR)
Hearing protection (ear canal inserts)
Heavy duty leather gloves and leather footwear (AN)

Category 2
Arc-Rated Clothing, Minimum Arc Rating of 8 cal/cm²
Arc-rated long-sleeve shirt and pants or arc rated coverall
Arc-rated flash suit hood or arc-rated face shield and arc rated balaclava
Arc-rated jacket, parka, rainwear, or hard hat liner (AN)
Hard hat
Safety glasses or safety goggles (SR)
Hearing protection (ear canal inserts)
Heavy duty leather gloves and Leather footwear (AN)

Category 3
Arc-Rated Clothing Selected so That the System Arc Rating Meets the Required Minimum Arc Rating of 25 cal/cm²
Arc-rated long-sleeve shirt (AR) and arc rated pants (AR)
Arc-rated coverall (AR) and arc-rated flash suit jacket (AR)
Arc-rated arc flash suit pants (AR) and arc-rated arc flash suit hood
Arc-rated gloves, arc-rated jacket, parka, rainwear, or hard hat liner (AN)
Hard Hat, Safety glasses or safety goggles (SR)
Hearing protection (ear canal inserts)
Leather footwear (AN)

Category 4
Arc-Rated Clothing Selected so That the System Arc Rating Meets the Required Minimum Arc Rating of 40 cal/cm²
Arc-rated long-sleeve shirt (AR) and arc rated pants (AR)
Arc-rated coverall (AR) and arc-rated flash suit jacket (AR)
Arc-rated arc flash suit pants (AR) and arc-rated arc flash suit hood
Arc-rated gloves, arc-rated jacket, parka, rainwear, or hard hat liner (AN)
Hard Hat, Safety glasses or safety goggles (SR)
Hearing protection (ear canal inserts)
Leather footwear

AN, as needed (optional); AR, as required; SR, selection required. NFPA 70E 2015 Table 130.7(C)(16) Personal Protective Equipment (PPE)

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The water main in the Davis Subdivision and McClurg Et Al Subdivision is a 6 inch diameter cast-iron and portions of the water services are made of lead. There have been numerous water main breaks in this subdivision in the last 5 years. This will be constructed in conjunction with a street resurfacing project.

Water Treatment Chemical Systems Upgrades			50100130-70051			
			50100130-72590			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This project will upgrade the chemical storage and feed systems at the Water Treatment Plant and Evergreen Pump Station to address the deficiencies in life safety, water quality integrity, and reliability that were determined with the condition assessment phase of the current Water Division Infrastructure Master Planning. Addressing these issues that stem from the age, outdated design, and deferred maintenance will allow the plant operators to better supervise and control the chemical inventories and feed rates and bring the facilities into compliance with current regulations. To minimize the impact to operation of the water plant, construction will be divided into smaller contracts for each of FY2021 through FY2024.</p>

SANITARY SEWER PROJECTS

**FY 2020 -- Capital Improvement Summary
Sanitary Sewer Projects**

The list provides a synopsis of the major capital projects planned for the City in FY 2020. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

Sewer Improvement Fund

❖ **Multi-Year Sanitary Sewer Assessment – Design**

➤ <u>Sewer Improvement Fund</u>	
Design	<u>\$400,000</u>
Total Capital Project	\$400,000

❖ **Multi-Year Sewer and Manhole Lining Program - Construction**

➤ <u>Sewer Improvement Fund</u>	
Construction	<u>\$2,000,000</u>
Total Capital Project	\$2,000,000

❖ **Locust Colton CSO Elimination & Water Main Replacement - Construction
Phase 2 –SRF Loan Eligible**

➤ <u>Sewer Improvement Fund</u>	
Construction	<u>\$1,402,000</u>
Total Capital Project	\$1,402,000

❖ **Locust Colton CSO Elimination & Water Main Replacement - Construction
Phase 2 – non-SRF Loan Eligible**

➤ <u>Sewer Improvement Fund</u>	
Construction	<u>\$45,000</u>
Total Capital Project	\$45,000

❖ **Locust Colton CSO Elimination & Water Main Replacement – Design & Land
Phase 3 – non-SRF Loan Eligible**

➤ <u>Sewer Improvement Fund</u>	
Design	\$128,000
Land	<u>\$10,000</u>
Total Capital Project	\$138,000

❖ **Miller Street Sanitary Sewer (800 East Block) - Construction**

➤ <u>Sewer Improvement Fund</u>	
Construction	<u>\$200,000</u>
Total Capital Project	\$200,000

❖ **Gray Avenue Sanitary Sewer (300 Block) - Construction**

➤ <u>Sewer Improvement Fund</u>	
Construction	<u>\$200,000</u>
Total Capital Project	\$200,000

Total FY 2020 Cost: \$4,385,000

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER(S)</i>			
Sanitary Sewer Assessment			51101100-70051			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
This annual program includes the evaluation of a portion of the City maintained 350 mile sanitary sewer collection system. Inspections are done primarily by CCTV (closed circuit televising) of sewer mains, manholes and service lateral connections. Other techniques may include smoke or dye testing and sound based inspections. This program is recommended in the Sanitary Sewer Master Plan and will be required as part of an IEPA (Illinois Environmental Protection Agency) approved CMOM (Capacity, Management, Operations and Maintenance) plan which the City must have in place by Fall of 2019. The goal is to assess approximately 10% of the system per year.

STORM WATER PROJECTS

**FY 2020 -- Capital Improvement Summary
Storm Water Projects**

The list provides a synopsis of the major capital projects planned for the City in FY 2020. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

Storm Water Improvement Fund

❖ **Sump Pump Drain Line Installations – Construction**

➤ <u>Storm Water Improvement Fund</u>	
Construction	<u>\$100,000</u>
Total Capital Project	\$100,000

❖ **Locust Colton CSO Elimination & Water Main Replacement - Construction-Phase 2 - IEPA SRF non-Loan Eligible**

➤ <u>Storm Water Improvement Fund</u>	
Construction	<u>\$45,000</u>
Total Capital Project	\$45,000

❖ **Locust Colton CSO Elimination & Water Main Replacement - Phase 3 - Design & Land - IEPA SRF non-Loan Eligible**

➤ <u>Storm Water Improvement Fund</u>	
Design	\$128,000
Land	<u>\$10,000</u>
Total Capital Project	\$138,000

❖ **Locust Colton CSO Elimination & Water Main Replacement - Construction-Phase 2 - IEPA SRF Loan Eligible**

➤ <u>Storm Water Improvement Fund</u>	
Construction	<u>\$1,402,000</u>
Total Capital Project	\$1,402,000

Total FY 2020 Cost: \$1,685,000

Sump Pump Drainage System Program		53103100-72550				
PROJECT DESCRIPTION/JUSTIFICATION						
<p>Provides for installation of sump pump drainage systems to correct drainage problems throughout the City. Sump pump drain lines and storm sewer are required in all new developments. This project provides for installation of drain lines in existing neighborhoods to alleviate problematic ponding and ice build up in the streets, sidewalks and yards. The average cost for each sump pump drainage system being constructed under the last Sump Pump Drainage Project was \$15,000 per location.</p>

ARENA PROJECTS

**FY 2020 -- Capital Improvement Summary
Arena Projects**

The list provides a synopsis of the major capital projects planned for the City in FY 2020. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

Arena Improvement Fund

❖ **Arena Arc Flash - Study**

➤ <u>Arena Improvement Fund</u>	
Professional Services	<u>\$200,000</u>
Total Capital Project	\$200,000

❖ **Lighting Improvements (Bowl & Aisle stairways)- Equipment & Construction**

➤ <u>Arena Improvement Fund</u>	
Equipment	\$225,000
Construction	<u>\$100,000</u>
Total Capital Project	\$325,000

Total FY 2020 Cost: \$525,000

Arena Fund	Arena		Russ Waller		6	
<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Arena Arc Flash Study			57107110-70220			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Arc Flash is the result of a rapid release of energy due to an arcing fault between a phase bus bar and another phase bus bar, neutral or a ground. OSHA 29 Code of Federal Regulations, Part 1910 Subpart S, NFPA 70-2002 National Electrical Code and NFPA 70E-2000 Standard for Electrical Safety Requirements for Employee Workplaces were developed to protect workers against arc flash. Facility owners must provide a safety program with defined responsibilities including; Calculations for the degree of arc flash hazard; Placing warning labels on equipment which show the flash protection boundary, its incident energy level, and the required personal protective equipment (PPE). The consultant selected for this project will perform the arc flash study and provide recommendations for the appropriate labelling of all relevant electrical equipment in the Arena.

				57107110-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
Electric costs at the Arena are approximately \$250,000 annually. A considerable portion of this cost is lighting in the facility. Existing lights consist of fluorescent and metal halide. An informal vendor analysis indicated that upgrading the existing metal halide lights to LEDs can reduce energy use by nearly 10%. The approximate payback period for the lighting upgrade is 10 years. The payback could be even shorter if an incentive through the Ameren Illinois Energy Efficiency program is obtained.
