

**EXECUTIVE SUMMARY**  
**Ref. 91.220(b)**

This document represents the Consolidated Annual Performance and Evaluation Report (CAPER) for federal Community Development Block Grant (CDBG) funds which addressed housing and development needs within the City of Bloomington corporate limits for the period covering May 1, 2009 through April 30, 2010. Although, as with any community, needs are greater than what funding sources can address. The City also administers the Federal Supportive Housing Funds (SHP) for the provision of services to the homeless through the McLean County Continuum of Care consortium.

**Objectives and Outcomes**

The City supported various affordable housing activities throughout the community, the goals and objectives for the City's CDBG funded projects/activities were:

(1) New housing development - Woodbury Estates Subdivision – the City constructed two new single family dwellings, constructed with City General Funds in partnership with the local Area Vocational Center for School District 87 on land that was previously purchased with CDBG funds in program year 30, one or both to be sold to households who meet HUD income guidelines. The two dwelling units were 100% complete by December, 2007. Both were constructed to meet Energy Star efficiency standards and were handicap accessible. Approximately 20 high school students were trained in various aspects of construction. Both houses were listed “for sale” on the open market. In FY 35, CDBG funds were made available to provide a \$25,000, 10 year forgivable loan in Down payment Assistance to qualified low-moderate income buyers. This was in part due to the fact that the Illinois Housing Development Authority (IHDA) and Federal Home Loan Bank of Chicago (FHLBC) grants for down payment assistance on this project, expired in December, 2007. Both 1108 and 1110 Woodbury were sold in FY 35 (May and June, 2009), one (1108) receiving the CDBG Down payment Assistance.

**Objective: Decent Housing                      Outcome: Available / Accessible**

(2) Deteriorated Housing: Preservation of housing stock - the City provided CDBG funded rehabilitation loans to single-family owner-occupied income eligible households. 59 low/mod single-family homeowners were provided assistance in the form of grants or forgivable loans, expending a total of \$412,030.98.

In addition, \$10,216.05 of CDBG funds were expended in service / delivery costs for this project.

**Objective: Suitable Living Environment                      Outcome: Available / Accessible**

(3) Continuum of Care: Grant Administrator for McLean County Continuum of Care-the City provided leverage for two Supportive Housing Program (SHP) funded positions (the Housing and Benefits Specialist \$7,680; and the Homeless Outreach Worker \$12,000, both housed at PATH.) The Homeless Outreach Worker served 407 households and the Housing and Benefits Specialist served 191 households.

**Objective: Suitable Living Environment Outcome: Available / Accessible**

(4) Code Enforcement: Eliminate slum and blight of deteriorated structures-the City provided \$78,961.33 in CDBG funds to demolish deteriorated accessory structures and/or houses/buildings. A total of 6 houses / garages were demolished during FY 35.

In addition, the City of Bloomington's General Fund paid for the salaries of all of the code enforcement officers, including three Fire Inspectors, one and half Rental Inspectors and two and half code enforcement officers. Over 1397 complaints were responded to during the fiscal year; and 2088 rental inspections were completed.

**Objective: Decent Housing Outcome: Sustainability**

(5) Emergency grant payments: For services to prevent homelessness - Payments not to exceed 3 consecutive months, for items such as food, clothing, housing (rent or mortgage), utilities or emergency shelter to eligible households / individuals. Payments were made to the provider of such items or services on behalf of the individual or household. During FY 35, \$25,000 was expended, serving 36 households / individuals.

**Objective: Suitable Living Environment Outcome: Available / Accessible**

(6) Infrastructure / Sewer: Installation of new sewer main on N. Lee Street from Locust to Chestnut Streets, Including the installation of eight sewer services from the main to the houses. 300 Lineal Feet of new service was provided. This project began in PY34 and was completed in PY35.

**Objective: Suitable Living Environment Outcome: Sustainability**

(7) Public Facility Improvements: \$133,250 in CDBG funds were proved for a roof replacement on the Boys and Girls Club / Lawrence Irvin Neighborhood Center Gymnasium facility, located at 1612 W. Olive

**Objective: Decent Housing Outcome: Sustainability**

(8) Public Service – Peace Meal Senior Nutrition Program: \$10,000 in CDBG funds were provided, serving 534 seniors.

**Objective: Decent Housing**                      **Outcome: Available / Accessible**

## **Evaluation of Past Performance**

Due to CDBG budget cuts, this was the third year that the City used General Funds to fund Code Enforcement, an activity previously funded by CDBG for over thirty years. However, this resulted in the ability of the Code Enforcement officer to cover the entire community as opposed to concentrating their efforts within the City's low/mod and/or slum/blight areas.

With the administration of the Rental Registration and Inspection Program, funded with City General Funds, regular code enforcement activities were also enhanced. Many of the "problem" properties are located in the low/mod areas and cross training between rental inspectors and code enforcement officers have brought about a more concentrated effort to bring these properties into code compliance.

The City expended the majority of their CDBG funds for the Housing Rehabilitation Loan Program. The continuation of this program helps to create improved living environments, for many low/moderate income households.

Affordable housing continues to be an issue of importance to the community. However, even with the City's involvement in partnerships with local non-profit agencies to create and provide affordable home ownership opportunities, we have found it difficult to meet required goals due to the economy and continual increases in development costs. The Woodbury Estates Subdivision has progressed during FY 33, with a total of 16 Habitat Homes constructed, sold and closed to family partners with incomes less than 50% of the area median income (between 12/2005 through 12/2007). An additional ten homes, constructed by Tornquist Family Foundation, have been constructed, sold and closed for households up to 80% of the area median income (Also between 12/2005 through 12/2007). The two city owned properties in Woodbury Estates were 100% complete by January, 2008. Aggressive marketing campaigns were completed but the original construction goals of closing 18 Tornquist homes, 2 City homes and 16 Habitat homes, were not met by December 13, 2007 (*The expiration date of the IHDA Trust Fund Grant and the FHLBC AHP grant.*) Finding qualified home buyers, construction delays, increasing development costs and the downturn in the economy and real estate sales have negatively affected our success in achieving our desired results. In the future we plan to support affordable new construction housing opportunities on a "spot" basis vs. a planned subdivision development. By partnering with Habitat to construct homes on the lots of our CDBG demolished properties, we will ensure success and one for one replacement of affordable housing.

As with many communities, there are many needs and increasingly limited funds. The funds we have had available through the Community Development Division have been expended in a variety of areas, in the hopes of meeting some of the needs of the community. We have assisted homeowners, seniors, youth and replaced aging infrastructure. We hope to continue down this path of “spreading the wealth” to as many low / moderate income citizens as funds will allow.

### **Citizen Participation and Consultation Process**

The City met all required notification periods, public comment periods and public hearings held for the 2008-09 CAPER, and the development of the 2010-2015 Consolidated Plan and FY 36 Action Plan (May 1, 2010 through April 30, 2011), and any Substantial Amendments to the FY 35 Action Plan. Public notices were sent out to local print media, provided on the city’s web site and to many social service agencies / individuals (*via the local Path-O-Gram, an email newsletter that goes out to over 850 addresses.*) Notices were also posted in City Hall, Government Center and local library.

### **Summary of Comments and Views**

*No public comments were received directly or in writing for any of the CDBG funded activities.*

INFRASTRUCTURE STARTED 5/05

2009

There have been no homes built or sold in 2009 by the Tornquist Foundation. There are 27 lots remaining in the 55 lot subdivision. With the poor economy and losing their IHDA Trust Fund subsidy, the marketing has been tough. They plan to run a full page ad in the local paper this summer (2010). In addition, a completed home that they had been renting will be listed "For Sale" the summer of 2010.
