# MOTOR FUEL TAX 2030

## Purpose

Illinois Motor Fuel Tax (MFT) is levied at fueling stations. Each time someone purchases fuel in Illinois, a portion of the sales tax goes to the State of Illinois for distribution into the Motor Fuel Tax program. Illinois has imposed a motor fuel use tax since October 1, 1977. The tax is disbursed by the Illinois Department of Transportation.

MFT funds tend to be allocated to large projects, such as bridges and intersections, for two main reasons:

1. The money carries over from year to year, so that money can be banked and saved to fund major construction.
2. The State of Illinois has rigorous standards, including documentation requirements that far surpass requirements for locally-funded work. From an efficiency standpoint, it makes no sense to use MFT for many small projects, due to the intense amount of documentation.

**Local Motor Fuel Tax (LMFT):** The City imposes a LMFT of 8 cents per gallon under home rule authority. The LMFT does not have the administrative requirements and is typically contained within the Street Maintenance narrative. The LMFT is authorized by City Municipal Code, Chapter 39, Article XVIII.

## Authorization

Statutory regulations for the Motor Fuel Tax Fund may be reviewed in the Illinois Compiled Statutes 35 ILCS 505/13a.

## What are the Illinois Motor Fuel Tax Rates?

- Illinois' motor fuel taxes are as follows until June 30, 2020
  - gasoline/gasohol – \$0.38 per gallon
  - diesel fuel – \$0.455 per gallon
  - liquefied petroleum gas (LPG) – \$0.455 per gallon
  - liquefied natural gas (LNG) – \$0.455 per gallon
  - compressed natural gas (CNG) – \$0.38 per gallon

## How Can MFT Funds Be Used?

In general, Motor Fuel Tax (MFT) Funds can be used for the following items, assuming that IDOT requirements are met:

- Construction and maintenance of any municipal street designated as a part of the federal aid primary, or the federal aid urban system of streets within the municipality
- The construction and maintenance of municipal streets and alleys as is designated by the corporate authorities and approved by IDOT
- The construction, maintenance or repair of sidewalks in the municipality
- The payment of engineering costs in connection with all work described in this Division of this code. The municipality may contract for such services with a professional engineer.

## FY 2021 Budget & Program Highlights

- Improve and widen of Fox Creek Road, from Danbury Drive to Beich Road, and the bridge over the Union Pacific Railroad by combining approximately \$6 million in MFT funds with approximately \$2 million in Grade Crossing Protection Funds
- Partner with the McLean County Regional Planning Commission and the State of Illinois for the funding of the extension of Hamilton Road from Bunn Street to Commerce Parkway using STU and MFT

## What We Accomplished in FY 2020

- Paid for electricity for street lighting
- Started construction, resurfacing, and signalization at GE Road at Keaton Place / Auto Row Drive
- Continued to make progress on the project to improve and widen Fox Creek Road, from Danbury Drive to Beich Road

# BOARD OF ELECTION COMMISSIONERS 2070

## Purpose

In accordance with Illinois law, a Board of Election Commissioners was created to oversee local elections, to ensure propriety.

## Authorization

Article II.--Election Commissioners and their Duties

- Section I. In every city, village and incorporated town so adopting this act there shall be created a board of election commissioners, which shall be composed of three members, each of whom shall be designated as an election commissioner, and shall be appointed by the county court in the county in which such city, village or incorporated town shall be located. And such appointment shall be entered of record in such court, and, when qualified, such commissioner shall be an officer of such court. The first appointment of such commissioners shall be within sixty days after the adoption of this act, and those first appointed shall hold their office for the period of one, two and three years respectively, and the judge appointing them shall designate the term for which each one shall hold his office, whether for one, two or three years. If the office of either commissioner shall become vacant, it shall thereupon be the duty of such county court to appoint a successor for such unexpired term; after the expiration of the term for which each commissioner is appointed, such court shall, in the same way, nominate and appoint a successor, who shall hold his office for the period of three years, and until his successor is appointed.
- Information gathered indicates that this portion of the election law was enacted due to rapid growth of cities at the time and also use of political influence.
- Per a past intergovernmental agreement, the City maintains the financial system (receivables and payables) for the Board of Election Commissioners.

## Timeframe for Elections

General Elections are held to elect County, State and Federal officials.

- General Primary elections are held the third Tuesday of March in even numbered years.
- General Elections are held on the first Tuesday after the first Monday in November in even numbered years.

Consolidated Elections are held to elect School and City officials.

- Consolidated Primary elections are held on the last Tuesday in February in odd numbered years.
- Consolidated Elections are held on the first Tuesday in April of odd numbered years, unless that date falls during Passover, in which case the elections are held on the first Tuesday following the last day of Passover.

## Funding Source

# DRUG ENFORCEMENT 2090

## Purpose

The Drug Enforcement Fund is a Special Revenue Fund of the City. This fund accounts for the revenue and expenditures related to the Police Department's drug enforcement seizures. This account is composed of 3 sub-accounts which track activities in each function.

## What Accounts Make Up the Drug Enforcement Fund?

- DUI Enforcement - This function accounts for associated court fines obtained by the City through DUI Enforcement. The funds are used to offset direct expenditures related to DUI Enforcement by the Police Department.
- Marijuana Leaf Testing - This function accounts for associated court fines obtained by the City through prosecution of Marijuana possession. These funds must be used directly by the Police Department for law enforcement purposes related to drug possession.
- Federal/State Drug Enforcement Program - This function accounts for funds obtained through the Federal Asset Forfeiture Program, which distributes a percentage of monies/assets legally seized for drug offenses. These funds must be used directly by the Police Department for designated law enforcement purposes.

# COMMUNITY DEVELOPMENT BLOCK GRANT 2240

## Purpose

The Community Development – Office of Grants Administration provides oversight of funds available to the City through the US Department of Housing and Urban Development's Community Development Block Grant (CDBG) and Continuum of Care (CoC) programs, Illinois Housing Development Authority (IHDA) grant programs, and John M. Scott Health Care Trust. The Office manages nearly \$2.5 million in funding annually from the above sources, providing housing and community development programs and services to the City's low- and moderate-income residents. The Grants Coordinator is responsible for maintaining compliance with all funding guidelines and regulations.

This division is supported by (1) full-time Grants Coordinator, (1) full-time Rehabilitation Officer/Inspector III and (1) Support Staff position that is shared with Code Enforcement.

Programs and Activities Administered and Sponsored:

- Single-family home rehabilitation projects for low- to moderate-income households
- Demolition of properties too distressed for rehabilitation
- Public service activities
- Infrastructure Improvements (sidewalk, curb and gutter replacement, water and sewer services)
- Public Facility Improvements (building improvements for non-profits)
- Economic opportunities for low- and moderate-income residents
- Fiscal oversight of the Continuum of Care programs for the homeless

Visit the City's website for a complete list of projects and activities outlined in the Annual Action Plan.

<http://www.cityblm.org/government/departments/community-development/block-grant/action-plan>

## FY 2021 Funding Level

The federal fiscal year begins October 1. The US Department of Housing and Urban Development (HUD) generally announces allocation amounts by April the following calendar year. Therefore, CDBG revenues are based on the projected grant allocation and anticipated program income for the upcoming year. The revenue projection for FY21 is \$573,052.

The City provides fiscal oversight for several Continuum of Care grants, all but one of which have a fiscal year different than the City's. Staff use a combination of factors to develop the budget including the anticipated grant balances as of April 30th and the upcoming grant request.

## **FY 2021 Budget & Program Highlights**

Community Development Block Grant programs planned for FY 2021 include:

- Single-family, owner-occupied housing rehabilitation;
- Demolition of blighted structures;
- Public Service activities;
- Job and Life Skills Training for Bloomington's public housing residents and Housing Choice Voucher Program recipients;
- Continued support of the West Bloomington Revitalization Project.

As the fiscal agent for Continuum of Care programs, the City will focus on the prevention of homelessness and meeting the needs of those currently experiencing homelessness by managing \$294,035 in HUD funding to the following agencies:

- PATH
- Children's Home and Aid
- Recycling Furniture for Families
- Salvation Army
- Mid Central Community Action

## **Funding Source**

100% Grant Funded through the US Department of Housing and Urban Development-

Community Development Block Grant Entitlement Grant = \$542,951

Supportive Housing Program - \$294,035

Community Development has \$2,342,597.81 in active loans to low- and moderate-income households. The majority of the loans are 0% interest, deferred. No payment is due as long as the home remains owner-occupied. Loan repayments average approximately \$35,000 annually.

Note: The majority of staff salary and benefits are paid from the General Fund.

## **What we Accomplished in FY 2020**

- Rehabilitation on 20-25 single-family, owner-occupied housing units;
- Donation of 3-4 lots to Habitat for Humanity for new, affordable housing;
- Completed a sidewalk improvement project in the Dimmitt's Grove neighborhood;
- Conducted a robust outreach campaign to gather data to support development of the 2020-2024 Consolidated Plan;
- Implemented new grants management software program;
- Fiscal oversight on 6 CoC grants totaling \$328,126;
- Assisted with development and implementation of a new grants program for the John M. Scott Health Trust.

## Budgetary Fund Balance

Community Development	FY 2019 (audited)	FY 2020 (Projected)	FY 2021 (Projected)
<b>Budgetary Fund Balance</b>	<b>-\$123,004</b>	<b>-\$123,004</b>	<b>-\$123,004</b>

## Challenges

- Additional staff is vital to maintaining the current level of funding managed by the Office of Grants Administration.
- Funding from HUD is significantly lower than in the past making it difficult to meet the needs of the community.
- For the past two years HUD has not released annual allocation amounts until well into the project year. This creates delay in the start of the programs and activities outlined in the Annual Action Plan, which begins May 1, making it difficult to achieve the identified goals for many of the programs.
- Program Income is difficult to estimate as most CDBG Rehabilitation Loans are deferred at 0% interest as long as the home remains owner-occupied.

## Community Development Marketing/Advertising Policy

HUD requires that the City of Bloomington follow an adopted Citizen Participation plan to ensure public involvement in the planning process and use of Community Development Block Grant (CDBG) funds. The participation plan includes proper public notice and hearings to ensure engagement of those affected by its programs, as well as identifying the activities triggering this activity. A copy of the Citizen Participation Plan can be found on the City's website at <https://www.cityblm.org/government/departments/community-development/block-grant/consolidated-plan>

# ILLINOIS HOUSING DEVELOPMENT AUTHORITY 2250

## Purpose

The Community Development – Office of Grants Administration provides oversight of funds available to the City through the Illinois Housing Development Authority (IHDA). The City currently manages three IHDA grants that support housing and community development initiatives.

IHDA Programs and Activities Administered:

### IHDA Single Family Rehabilitation

- Up to \$45,000 in funding available for each single-family, owner-occupied housing rehabilitation project;
- Homeowners must meet income guidelines.

### IHDA Home Accessibility Program

- Up to \$25,000 in funding available for each single-family housing rehabilitation project;
- Focus on home accessibility improvements for elderly and/or disabled residents;
- Available to owner-occupied and single-family rental units;
- Homeowner/renter must meet income guidelines.

### Abandoned Property Program

- Provides relief to the City's General Fund for demolition and maintenance activities on vacant, abandoned properties;
- Eligible expenses include but are not limited to: mowing/trimming of grass/weeds, securing property, garbage and debris removal, and demolition.

The above programs are supported by the Grants Coordinator, Rehabilitation Specialist and Support Staff IV positions.

## FY 2021 Funding Level

IHDA grants are funded on a two-year cycle. FY 2021 will be the 2nd year of funding for three IHDA grants. The FY 2021 IHDA budget is based on estimated carry-forward funding from the 1st year. Staff will apply for additional funding should it become available. If funding is awarded prior to the end of FY 2021, a budget amendment will be requested.

## FY 2021 Budget & Program Highlights

Funding to support 4-6 housing rehabilitation projects through both the HAP and SFR grants;  
Funding to support maintenance and/or demolition activities at nearly 30 vacant, abandoned properties.

## Funding Source

100% Grant Funded through the Illinois Housing Development Authority including funding for the administration and project delivery of the program.

## What we Accomplished in FY 2020

- Received \$100,000 in funding through the Home Accessibility Program, a first-time award;
- Developed outreach and referral procedures for the Home Accessibility Program in preparation for full implementation in FY21.
- Completed 4 single-family rehabilitation projects through the Single Family Rehabilitation program.

## Budgetary Fund Balance

IHDA Grant Funds	FY 2019 (audited)	FY 2020 (Projected)	FY 2021 (Projected)
<b>Budgetary Fund Balance</b>	<b>-\$12,677</b>	<b>-\$12,677</b>	<b>-\$12,677</b>

## Challenges

- Insufficient funding to meet the need;
- Fluent program policies and procedures.

## Community Development Marketing/Advertising Policy

IHDA requires the City to submit a Participant Selection Plan (PSP) for approval with each housing grant application. Each PSP is tailored to the specific grant requirements and outlines how the program will be marketed to target populations.

# LIBRARY 2310

## Purpose

The mission of the Bloomington Public Library is to provide our diverse community with a helpful and welcoming place that offers equal access to the world of ideas and information and supports lifelong learning. The Bloomington Public Library serves the residents of Bloomington and, by contract, the Golden Prairie Public Library District. It is governed by a nine-member Board of Trustees appointed by the Mayor. The Library Board appoints the Library Director, sets the policies for the Library, and approves the budget and all expenditures for the Library.

## Authorization

The Illinois Local Library Act (75 ILCS 5/4) summarizes the powers and responsibilities of Library boards of trustees.

## Vision Statement

Bloomington Public Library is a vital community resource. The Library is passionate about what it is and what it does. The Library provides outstanding collections and the latest technologies in relaxed and inviting atmospheres. In addition, the Library offers relevant services and inspiring programs to meet diverse individual needs. Through the friendly and knowledgeable staff, the Library provides exceptional service to all of our citizens.

The Library and staff take an involved role in the community by partnering with organizations to enrich the quality of life. The Library uses technology to build upon traditional Library and civic values to create an enduring sense of place. To meet our community's expectations, the Library embraces its responsibility to thrive and grow. Mirroring the exponential development of the community, the Library will expand its services, collections, and programs. The main Library, located downtown, provides a full range of services and will be enhanced by outreach services and other access points, both physical and virtual. The Library values its positive impact on its surrounding neighborhood and community. Recognizing the community-building potential of the Bookmobile, it will continue to provide convenient access to Library materials and services for customers of all ages. The Library provides a quiet space in a hectic world for interaction, communication, study, and reflection. The Library is a destination that cannot be visited often enough.

## FY 2021 Budget & Program Highlights

- The Library revenue amount from the City property tax levy requested is \$4,935,359, a 1.3% increase from last year's requested amount but maintaining last year's tax rate.
- The Library continues to offer a variety of services, which include traditional physical item checkout, digital item checkouts, access to technology, and free programs. These services continue to not only be popular but to impact lives!
- 86% of the Library's funding is from the property tax levy. The remaining 14% is from the Golden Prairie Public Library District contract, replacement taxes, donations, state grants, fees, and other including a successful Book Shoppe.

- Year after year, the Library staff and the Library Board have continued to run an efficient budget by looking for ways to reduce expenses and to do more with less

## Funding Source

Proposed for FY 2021, Property Taxes 85.7%, Golden Prairie Library District 6%, Replacement Tax 2%, and Grants, Fees, Fines and Other 6.3%

## What we Accomplished in FY 2020

The Library continues to be very busy. At 50% of the way through the year:

- 624,590 items have been checked out.
- 27,061 individuals have logged onto a public access computer and 20,869 have used the Library Wi-Fi.
- 9,271 people have attended library programs. This includes programs serving diverse populations such as Dia de los Ninos, Celebration of India, and Autumn Moon Harvest Festival.
- 171,122 people have visited the Library and the Bookmobile.
- 36,443 residents of Bloomington, or about 47.6%, have Library cards.
- The Library has continued to work with Unit 5 and District 87 to provide Library cards to every Bloomington student in the districts Bloomington student in the districts.
- The Library launched a new user-friendly online catalog and checkout system.

These accomplishments demonstrate that staff are delivering friendly, helpful service to our customers and offering the materials they want in an inviting environment.

## Challenges

Existing Service Level Issues and Concerns - The focus of the Library's goals and efforts to accomplish them in the future revolve around the ability to continue to offer our customers the same level of materials and services that they have come to expect. Circulation has increased 75% from 665,573 in FY 2005 when the Library building renovation began, to 1,164,833 in FY 2019. To manage this growth, the Library has turned to technology, such as the self-check system, print management and pc reservation software, and RFID tags, plus managing workflow more efficiently. The Library has run out of space for additional materials, computers, office space, seating for customers, programming space, and parking space. The concern now is how to continue to meet the community's demands for resources and services. Regardless of whether we can add the necessary additional space, we are starting to see a need for repairs and replacements in our existing building include replacing the roof, return air ducts, air handler, carpet, broken/worn furniture, garage driveway, parking lot curb, retaining wall, and lighting.

Future Service Level Issues and Concerns - Additional parking, shelf space, meeting space, and seating are needed. Rapidly changing technology such as eBooks and other downloadable software continue to challenge the Library's ability to provide needed services and resources.

## Library Funds

In 2010, the Board of Trustees passed a resolution establishing two special revenue funds (Capital Reserve Fund and Fixed Asset Fund) and a policy regarding the Maintenance & Operating Fund. Following is a synopsis of the three funds:

- The Maintenance and Operating Fund is used to hold the monies needed for operation of the Library and a target of 25% of the annual operating budget is set aside as working cash and to cover unanticipated emergencies.
- The Fixed Asset Fund is restricted for fixed asset items such as replacement of computers, the Bookmobile, shelving, and furniture.
- The Capital Reserve Fund is our "savings account" for the future to pay for much needed expansion of access to the services the Library provides to the community and/or major repairs to our existing building. (NOTE: The Library Board passed a budget that reflects a transfer to this fund but since this is not yet set up as a separate fund in the Munis software our budget appears unbalanced.)

# PARK DEDICATION 2410

## Purpose

The Park Dedication Fund is used to account for developer payments made to the City (per City Code) to provide park facilities when a subdivision is developed. Within the Park Dedication Fund, the City is divided into 8 Neighborhood Planning Areas. (See map below) This ensures the funds are expensed in the area of development. The cash contribution in lieu of park and recreation land dedication is held in trust by the City or another public body designated by the City, solely for the acquisition and development of park and recreation land. Funds are available to serve the immediate or the future needs of the residents of a subdivision or for the improvement of other existing local park and recreational land which already serves such areas.

## What Changes Are Coming to This Fund?

- GASB 54 – In FY 2012, the City implemented Governmental Accounting Standards Board Statement 54. This Statement reinforced the City's assumption that this fund should be classified as a special revenue fund.

## FY 2021 Budget & Program Highlights

- \$27,000 a year for 15 years is being reimbursed from Miller Park Zoo to pay back the \$400,000 interest free loan for the Miller Park Zoo Concessions and Parking Lot. FY 2021 is year 2 of 15.

## Funding Source

Developer payments and grant funds.

## What we Accomplished in FY 2020

- Assisted with financing for the Miller Park Zoo Concessions and Parking Lot.

## Budgetary Fund Balance

Park Dedication Fund	FY 2019 (audited)	FY 2020 (Projected)	FY 2021 (Projected)
<b>Budgetary Fund Balance</b>	\$171,051	\$239,268	\$252,771

## Challenges

While the Park Dedication land and money is important it does not cover the costs of developing the park and the services that are needed for a park such as streets, sewers, etc.

## Fun Facts

There are additional dollars available in some ancillary accounts that are not tied into the NPA areas. It is money that has been designated to Recreation, Miller Park Zoo, and the Pepsi Ice Center.

# EMPIRE STREET CORRIDOR TIF 2510

## Purpose

The Empire Street Corridor TIF Fund is used to track the expenses and revenues related to the Empire Street Corridor Redevelopment Project Area.

The intent of the TIF district is to induce development interest within this area and make improvements to public infrastructure.

## Authorization

The Ordinances which created the Empire Street Corridor Tax Increment Financing (TIF) District were adopted on February 22, 2016. This TIF District fund receives the incremental property tax revenue generated by the properties located within the TIF District's boundaries. The incremental property tax is the difference in property taxes between the value of the properties at the time of the formation of the TIF and the present day value. All of the incremental property taxes generated by the TIF (including incremental property tax that would have been paid to the City) are transferred into the TIF fund which is controlled by the City Council and can only be reinvested within the boundaries of the TIF District. The City and the other taxing districts continue to receive the portion of taxes calculated on the value of the property in the year the TIF was formed or (the base year).

## FY 2021 Budget & Program Highlights

This fund will have incremental property tax revenue in FY 2021.

## Funding Source

Incremental property tax revenue generated by the properties within the boundaries of the TIF District finance this fund. Additionally, municipal sales tax revenues from specific properties / retailers operating within the TIF District may also finance this fund as a result of Redevelopment Agreements entered into between the City and private developers to support a public-private partnership.

## What we Accomplished

- August 24, 2015: Ordinance No. 2015-57 – Authorized TIF consultant Peckham Guyton Albers & Viets (PGAV) to conduct a Feasibility Study and draft a Redevelopment Plan for the purpose of creating a Redevelopment Project Area that would include the Colonial Plaza Shopping Center and adjacent qualifying properties.
- February 22, 2016: Ordinances 2016-8 & 2016-9 & 2016-10 Established the Empire Street Corridor TIF District.
- March 14, 2016: Ordinance No. 2016-18 – Authorized a Redevelopment Agreement between the City of Bloomington and BT Bloomington, LLC for the redevelopment of the Colonial Plaza Shopping Center.

- October 24, 2016: Ordinance No. 2016-117 – Authorized a Redevelopment Agreement between the City of Bloomington and Milan Hotels (Magnus Hotels, LLC) for the redevelopment of the Baymont Inn & Suites at 604 ½ IAA Drive into a Best Western Plus.
- For more information about this TIF District, please visit [www.cityblm.org/TIF](http://www.cityblm.org/TIF)

### Budgetary Fund Balance

Empire Street Corridor TIF	FY 2019 (audited)	FY 2020 (Projected)	FY 2021 (Projected)
<b>Budgetary Fund Balance</b>	\$2,919	\$2,919	\$2,919

### Fun Facts

The Illinois General Assembly passed the Illinois Tax Increment Allocation Redevelopment Act in 1977. Illinois was the 25th state to adopt this economic development mechanism.

# DOWNTOWN EAST WASHINGTON REDEVELOPMENT TIF 2530

## **Purpose**

The Downtown East Washington Street TIF Fund is used to track the expenses and revenues related to the Downtown East Washington Street Redevelopment Project Area.

The intent of the TIF district is to induce development interest within this area and make improvements to public infrastructure.

## **Authorization**

The Ordinances which created the Downtown East Washington Street Redevelopment Tax Increment Financing (TIF) District were adopted on June 25, 2018 (2018-50, 51, 52). This TIF District fund receives the incremental property tax revenue generated by the properties located within the TIF District's boundaries. The incremental property tax is the difference in property taxes between the value of the properties at the time of the formation of the TIF and the present day value. All of the incremental property taxes generated by the TIF (including incremental property tax that would have been paid to the City) are transferred into the TIF fund, which is controlled by the City Council and can only be reinvested within the boundaries of the TIF District. The City and the other taxing districts continue to receive the portion of taxes calculated on the value of the property in the year the TIF was formed or (the base year).

## **FY 2021 Budget & Program Highlights**

This fund may receive incremental property tax revenue in FY 2021.

## **Funding Source**

Incremental property tax revenue generated by the properties within the boundaries of the TIF District finance this fund. Additionally, municipal sales tax revenues from specific properties / retailers operating within the TIF District may also finance this fund as a result of Redevelopment Agreements entered into between the City and private developers to support a public-private partnership.

## **What we Accomplished in FY 2020**

- The Ordinances, which created the Downtown East Washington Street Redevelopment Tax Increment Financing (TIF) District, were adopted on June 25, 2018 (2018-50, 51, 52). Budgetary Fund Balance
- For more information about this TIF District, please visit [www.cityblm.org/TIF](http://www.cityblm.org/TIF)

# DEBT SERVICE FUNDS

## DEBT SERVICE FUNDS

30100100 General Bond & Interest

30600600 Arena Bond Redemption

30620620 Multi-Project Bond Fund Redemption

# DEBT SERVICE

## 3010, 3030, 3060, 3062

### Purpose

The funds noted above account for debt service payments of bond principal and interest. Via bond ordinances the City is required to levy ad valorem tax to pay for the annual debt service of bonds unless otherwise abated by the Council. If the Council abates annual bond payments or a portion thereof; then other funds must be set aside to guarantee these payments. This feature makes City bonds very attractive to investors since interest payments are guaranteed each year.

### Authorization & Legal Debt Limit

The Debt Service Fund is established by Ordinances to authorize the issuance of General Obligation Taxable and Tax-Exempt Bonds.

As a "Home Rule" unit of government established by the 1970 Illinois Constitution, the City of Bloomington has no statutory debt limit. The City has established and adopted its own policies in regards to the utilization of debt instruments. Debt is used for a variety of purposes and in a variety of ways. The principle use of debt by the City has been for making capital improvements.

### FY 2021 Budget & Program Highlights

- Total bond debt service for FY 2021 is \$6,268,289. This is comprised of principal payments of \$4,785,000 and interest of \$1,483,289.
- The City will continue to monitor the rates for all bond issuances to ascertain whether the City should take advantage of other refunding opportunities.

### Funding Source

Property Tax, Replacement Tax, and General Fund Transfers

### What we Accomplished in FY 2020

- The City continues to adhere to the City's debt policy adopted by City Council in March 2012.
- The City promptly paid the principal and interest payments in accordance with the bond covenants for each of the City's outstanding debt issuances.
- The City maintained disclosure requirement in accordance with each bond covenant through the Digital Assurance Corporation.

### General Obligation Debt Issuances

#### General Obligation Refunding Bonds, Series 2009 – Fixed Rate

The City issued \$2,840,000 General Obligation Refunding Bonds, Series 2009 in 2009 to refinance the final payment for the General Obligation Bond Series, 1996 and the second to last payment for the General Obligation Bond Series, 2001 to improve the cash position of the City. The City pays debt service expenditures from dedicated revenues within the General Fund. Principal payments ranging from \$840,000 to \$1,000,000 are due each June 1st from 2025 to 2027. Interest ranges from 4.125% to 4.25% and is due semi-annually in June and December. The Fiscal Year 2021 interest payment is \$118,400.

### General Obligation Refunding Bonds, Series 2013A – Fixed Rate

The City issued \$7,800,000 General Obligation Refunding Bonds, Series 2013A in 2013 to refinance the 2003 General Obligation Bonds in the amount of \$8,000,000. The City pays debt service expenditures from dedicated revenues within the General Fund. Principal payments ranging from \$330,000 to \$1,100,000 are due each June 1st from 2014 to 2023. Interest ranges from 2.00% to 4.00% and is due semi-annually in June and December. The Fiscal Year 2021 principal and interest payment is \$777,425.

### General Obligation Bonds, Series 2013C– Fixed Rate

The City issued \$9,225,000 General Obligation Bonds, Series 2013C in 2013 to finance road and sewer improvements throughout the City. The City pays debt service expenditures from dedicated revenues in the General Fund and through the property tax levy. Principal payments ranging from \$930,000 to \$1,140,000 are due each December 1st from 2015 to 2023. Interest ranges from 2.00% to 3.00% and is due semi-annually in June and December. The Fiscal Year 2021 principal and interest payment is \$1,176,100.

### Taxable General Obligation Refunding Bonds, Series 2014A– Fixed Rate

The City issued \$14,920,000 Taxable General Obligation Refunding Bonds, Series 2014A in 2014 to refund the outstanding Taxable General Obligation Bonds, Series 2004. The City pays debt service expenditures from dedicated revenues in the Arena Fund and through the property tax levy. Principal payments ranging from \$415,000 to \$965,000 are due each June 1st from 2015 to 2034. Interest ranges from 3.00% to 4.15% and is due semi-annually in June 1st and December 1st. The Fiscal Year 2021 principal and interest payment is \$1,069,105.

### General Obligation Refunding Bonds, Series 2014B– Fixed Rate

The City issued \$9,700,000 General Obligation Refunding Bonds, Series 2014B in 2014 to refund the Taxable General Obligation Bonds, Series 2004. The City pays debt service expenditures from dedicated revenues in the Arena Fund and through the property tax levy. Principal payments ranging from \$0 to \$1,050,000 are due each June 1st from 2015 to 2034. Interest ranges from 2.00% to 3.75% and is due semi-annually in June 1st and December 1st. The Fiscal Year 2021 principal and interest payment is \$462,913.

### General Obligation Refunding Bonds, Series 2017

The City issued \$7,240,000 General Obligation Refunding Bonds, Series 2017 in 2017 to refund the outstanding General Obligation Demand Bonds, Series 2004, Variable Rate. The City pays debt service expenditures from dedicated revenues within the General Fund and abates associated property tax levies. Principal payments ranging from \$900,000 to \$1,200,000 are due each June 1st from 2018 to 2024. Interest rates from 1.3% to 2.08% and is due semi-annually on June 1st and December 1st. The Fiscal Year 2021 interest payment is \$1,091,080.

### General Obligation Notes, Series 2018

The City issued \$970,000 General Obligation Notes, Series 2018 to finance the purchase of multiple parcels of commercial real estate (Frontier Lots) surrounding the Bloomington Center for Performing Arts to expand public parking. The City pays debt service expenditures from dedicated revenues in the General Fund. Principal payments ranging from \$70,000 to \$100,000 are due each June 1st from 2019 to 2028. Interest ranges from 2.17% to 3.24% and is due semi-annually in June and December. The Fiscal Year 2021 principal and interest payment is \$123,218.

### General Obligation Refunding Bonds, Series 2018A

The City issued \$11,845,000 General Obligation Refunding Bonds, Series 2018A in 2018 to refund the outstanding General Obligation Demand Bonds, Series 2005 and Series 2007. The City pays debt service expenditures from dedicated revenues within the General Fund and abates associated property tax levies. Principal payments ranging from \$930,000 to \$1,380,000 are due each June 1st from 2019 to 2029. Interest rates from 2.47% to 3.44% and is due semi-annually on June 1st and December 1st. The Fiscal Year 2021 principal and interest payment is \$1,450,048.

# CAPITAL PROJECT FUNDS

## **CAPITAL PROJECT FUNDS**

40100100 Capital Improvement Fund

40120200 Capital Improvement (Asphalt & Concrete) Fund

## **Capital Lease Fund**

40110141 FY 2020 Capital Lease

40110143 FY 2021 Capital Lease

# CAPITAL IMPROVEMENT 4010

## Purpose

As required by accounting standards, capital expenditures for governmental activities that are not considered business activities must be accounted for in a separate fund. Governments often find it useful to report major capital acquisition and construction separately from their ongoing operational activities. Separate reporting enhances an understanding of the government's capital activities, and it helps avoid the distortions in financial resources trend information that can arise when capital and operating activities are mixed.

## Authorization

Generally Accepted Accounting Principles (GAAP) provide for the use of capital project funds "to account for the financial resources to be used for the acquisition and construction of major capital facilities (other than those financed through proprietary (enterprise) and trust funds)."

## FY 2021 Budget & Program Highlights

The FY 2021 Capital Improvement Budget will fund the following capital projects (see below). Home Rule Sales Tax and Local Motor Fuel Tax revenue will fund street resurfacing and sidewalk projects now located in the Capital Improvement (Asphalt & Concrete) Fund. The Bloomington City Council created this fund on April 22, 2019 as part of Item 9G.

<b>Capital Improvement Fund/General Fund</b>	
<b>Facilities Capital Improvement Projects</b>	
Police Parking Garage Improvements	\$ 350,000
<b>Parking Capital Improvement Projects</b>	
Bloomington Ice Center/Arena Garage Improvements	\$ 100,000
Market Street Garage Improvements	\$ 1,330,000
<b>Parks Capital Improvement Projects</b>	
Design-O'Neil Park Aquatic Center and Park Renovations	\$ 738,000
Route 66 Trail-south of Shirley to Funks Grove 2.9 Miles, Section 5 - Construction	\$ 197,300
Route 66 Trail Funk's Grove to McLean 4.8 miles, Section 6	\$ 10,500
Zoo--Anteater, Bush Dog, Tortoise Exhibit	\$ 1,000,000
<b>Sub-Total:</b>	<b>\$ 3,725,800</b>
<b>Unfunded:</b>	
<b>Total Capital Improvement Fund Projects Funded:</b>	<b>\$ 3,725,800</b>

## Funding Source

Transfer from the General Fund, Grants, Private Foundations and Bond proceeds.

## What we Accomplished in FY 2020

- Police Administration Roof & Water Membrane
- Emergency Shoring Design at Market Street Garage
- BCPA tuck-pointing and masonry repairs
- Clearwater & Wittenberg Woods Park Playgrounds
- DeBrazza's Monkey Exhibit
- Wittenburg Woods Park Trail
- City Hall/Government Center modifications

## Budgetary Fund Balance

Capital Improvement Fund	FY 2019 (audited)	FY 2020 (Projected)	FY 2021 (Projected)
<b>Budgetary Fund Balance</b>	\$3,128,877	\$1,505,108	-

## Fun Facts

Capital expenditures are building improvements, land improvements and infrastructure.

The purchase of vehicles and equipment is accounted for in either the Capital Lease Fund or within the departmental budgets depending on the funding source.

# CAPITAL IMPROVEMENT (ASPHALT & CONCRETE) 4012

## Purpose

In order to increase transparency and specifically track those related revenues and expenses, Staff recommended a separate Capital Improvement Fund, the Capital Improvement Asphalt and Concrete Fund, be established. These funds are solely for sidewalks and street maintenance projects within the City, which may include overlay projects, concrete or asphalt resurfacing and other related street maintenance projects specifically approved by the City Council, as well as sidewalk repair and maintenance.

Local Motor Fuel Tax (LMFT): The City imposes a LMFT of 8 cents per gallon under home rule authority. The LMFT does not have the same administrative requirements as MFT and is typically contained within the Street Maintenance narrative. The LMFT is authorized by City Municipal Code, Chapter 39, Article XVIII.

## Authorization

The City raises revenue from two sources, which are dedicated to the maintenance of the City's streets and sidewalks: the City's tax on local motor fuel, pursuant to Ordinance No. 2014-34 and No. 2019-20; and a portion of the City's Home Rule Sales Tax, pursuant to Ordinance No. 2015-62.

## FY 2021 Budget & Program Highlights

The FY 2021 Capital Improvement (Asphalt & Concrete) Budget will fund the following capital projects (see below). This work should begin in late June or early July 2020.

<b>Capital Improvement (Asphalt &amp; Concrete) Fund</b>	
<b>Public Works Capital Improvement Fund (Asphalt &amp; Concrete) Projects</b>	
Multi-Year Street & Alley Resurface Program	\$ 5,800,000
Multi-Year Sidewalk Repair Program	\$ 1,200,000
Multi-Year Street, Alley & Sidewalk Repairs	\$ 200,000
Lutz Road Reconstruction: Morris Avenue to Luther Oaks Construction	\$ 980,000
<b>Sub-Total:</b>	<b>\$ 8,180,000</b>
<b>Unfunded:</b>	
<b>Total Capital Improvement Fund (Asphalt &amp; Concrete) Projects Funded:</b>	<b>\$ 8,180,000</b>

## What we accomplished in FY 2020

- \$5.8 million in concrete and asphalt work.
- Public Works Administration and Engineering, in collaboration with the Administration Department and the Information Services Department, launched [www.bloomingtonstreets.com](http://www.bloomingtonstreets.com), which includes regularly-updated roadwork information. It also features photos and videos of specific roadwork projects.
- Completed a large-scale project on Front Street, from Madison Street to East Street, with additional pedestrian and bicycle accommodations (including bump-outs, ramps, and shared lane markings) and streetscaping (including plants, lights, and bricks). The Parks, Recreation, and Cultural Arts Department provided plants, landscaping, and bricks for the project, which also included the installation of rectangular rapid flashing beacons (pedestrian crosswalk signs with lights) and stop signs in place of two traffic signals that had failing underground infrastructure.

## Funding Source

Local Motor Fuel Tax and a portion of the City's Home Rule Sales Tax

# CAPITAL LEASE 4011

## Purpose

In FY 2011, the City initiated a Capital Lease program to replace needed equipment. The City utilizes capital leases for most of its equipment, rolling stock needs and some capital projects and infrastructure.

## What is a Capital Lease?

A capital lease is a fixed-term (and usually non-cancelable) lease, similar to a loan agreement, used to purchase a capital asset in installments. The lessor's services are limited to financing the asset, and the lessee "City" pays all costs, which include insurance, maintenance, and taxes. Capital leases are regarded as equivalent to a sale by the lessor, and a purchase by the lessee (even though the lessor holds the title in the lessee's name until the end of the lease period). Therefore, leased assets must be capitalized and shown in the lessee's balance sheet as a fixed asset with a corresponding non-current liability (lease payable).

To be considered a capital lease, a lease must meet one or more of these four criteria:

- (1) The title of the asset passes automatically from the lessor to the lessee at the end of the lease term. (This criterion is met by the City.)
- (2) The lease contains a bargain purchase option under which the lessee may acquire the leased-asset at less than its fair market value at the end of the lease term,
- (3) The lease term is for a period longer than 75 percent of the estimated economic life of the asset, or
- (4) The present value of the lease payments is greater than 90 percent of the fair market value of the asset at the beginning of the lease term.

A capital lease is a "full payment lease" because the lease payments pay back (amortize) the full cost (including finance costs, overhead and profit margin) of the leased asset to the lessor, with little or no dependence on the residual (or salvage) value of the asset.

## The City Has the Following Capital Lease Programs

### Capital Lease Purchases FY 2015

Total	5 Years	10 Years
<b>\$3,581,000</b>	\$2,767,142	\$813,858
<b>Payment period</b>	May 2015–November 2019 <i>Note: This 5 year Capital Lease was paid off November 2019</i>	May 2015–November 2024

- Capital Lease Purchased in FY 2015 and Financed in FY 2016

- Equipment included: Information Services Equipment, Information Services Network Switches, 2-Park Vehicles, 1-Dirt Grinder, BCPA Building Repairs, 7-Police Vehicles, STARCOM Console and Radios, 1-Ambulance, 1-Medic Vehicle, 1-Fire Pump Truck, Partial payment for 1-Rescue Pumper, 1-Fire Training Vehicle, 1-Facility Management Vehicle, 1-Parking Vehicle, 1-Skidsteer, 1-Asphalt Mill, 1-Engineering Vehicle, 1-Vehicle Diagnostic Tool, 5-Water Vehicles, 1-Automated Recycling Truck, U.S. Cellular Coliseum Safety and Building Repairs and Upgrades

# WATER 5010

## Purpose

The Water Division of the Public Works Department provides safe, plentiful, and affordable drinking water for Bloomington and approximately 50 percent of the population of McLean County outside of Bloomington. The Division also provides regional laboratory services to water providers and contractors through its Illinois Department of Public Health certified laboratory.

**Water Administration (50100110)** provides support and administrative services for all divisions within the Water Fund.

**Water Transmission/Distribution (50100120)** is responsible for scheduled preventative maintenance and emergency repairs to water mains, individual water services, broken fire hydrants, valves, meter vaults, and any other part of the distribution system. In addition, the fund pays for requests to locate water lines, storm sewers, sanitary sewers, power supplies for some street lights, traffic signals, and fiber optic lines owned or maintained by the City.

**Water Purification (50100130)** maintains water quality at Lake Bloomington. The water produced by the Water Division is consistently of higher quality than required by federal and state drinking water regulations. The Division is working to provide an adequate supply and treatment capacity, while expanding the supply and capacity in the future.

**Lake Maintenance (50100140)** maintains a park system around the Lake Bloomington reservoir. The Division also leases home sites to over 200 residents in the Lake Bloomington area and provides limited municipal-like services to those residents. Recreational opportunities are provided to residents and non-residents alike through the lease of the Evergreen Lake reservoir to the McLean County Department of Parks and Recreation, and the use of the Lake Bloomington reservoir and parklands as a mixed-use facility.

**Water Meter Services (50100150)** oversees and maintains the metering system. Water meters make it possible to charge customers for water, sewer, utility tax, and BNWRD charges based on an accurate assessment of water usage. The meters also help with leak and waterline break detection, water conservation, and total usage. The Division also addresses meter size, malfunctioning meters, water main valve controls, service disconnections due to lack of full payment by the due date, and investigation and approval of service lines for fire protection.

**Mechanical Maintenance (50100160)** maintains all Water Division facilities, including offices, pump stations, tanks, electrical systems, water quality monitoring systems, and pressure monitoring systems at Lake Bloomington, Evergreen Lake, Mackinaw Pump station, and within the City of Bloomington.

## Authorization

The City of Bloomington Water Fund and its related activities have been codified in Chapter 23 & 27 of the City Code.

## FY 2021 Budget & Program Highlights

- Finalize the Water Infrastructure Master Plan for adoption by Council

- Continue design efforts necessary to replace existing water treatment chemical system upgrades at the water treatment plant
- Preserve and improve the City's source water resources through the Watershed Conservation Program with the McLean County Soil and Water Conservation District; The City and McLean County Soil and Water Conservation District will begin updating the Watershed Management Plan over FY21 and FY22.
- Continue design on a new combined division street pump station that will result in increased water system integrity and reliability
- Continue efforts to design and build a new Lake Parks Maintenance building after a fire destroyed it in March 2019
- Continue to increase meter replacement cost-effectiveness and efficiency with changes highlighted in the Water Meter Program Evaluation
- Continue to install Radio Frequency (RF) meters in place of non-RF meters in order to increase meter reading efficiency
- Remain active in regional water organizations by dedicating significant staff time to participation in organizations and informing customers and local civic groups about our water supply and programs

- **Funding Source**

Water customers pay two types of fees. A flat fee is calculated by the size of the meter. There is also a fee for each 100 cubic feet (748 gallons) of water consumed by the customer. The fees are listed in the tables below. This yields an average monthly water usage of 600 cubic feet (4,488 gallons) resulting in a monthly cost of \$29.06 for the typical household.

<b>WATER RATE PER 100 CU FT</b>	<b>INSIDE CITY</b>	<b>OUTSIDE CITY</b>
First 2,300 cubic feet per month	\$4.01	\$9.06
Next 11,700 cubic feet per month	\$3.87	\$8.86
Next 486,000 cubic feet per month	\$3.42	\$7.75
Over 500,000 cubic feet per month	\$2.69	\$6.12

<b>MONTHLY WATER SERVICE CHARGE</b>		
<b>METER SIZE</b>	<b>INSIDE CITY</b>	<b>OUTSIDE CITY</b>
5/8 x 1/2" meters	\$1.25	\$2.75
5/8 x 3/4" meters	\$5.00	\$6.50
3/4" meters	\$6.00	\$7.50
1" meters	\$8.00	\$10.00
1.5" meters	\$10.50	\$13.00
2" meters	\$16.00	\$20.00
3" meters	\$28.00	\$39.00
4" meters	\$46.00	\$66.00
6" meters	\$92.00	\$131.00
8" meters	\$146.00	\$196.00

Fees are also charged for fire protection for commercial and industrial customers with private fire suppression systems, and for bulk water for contractual customers. Additional charges are assessed when service is shut-off for delinquency, as well as late fees for delinquent accounts, lot lease fees for customers leasing land around Lake Bloomington, charges for licenses to have a dock on Lake Bloomington, meter sales, and a manual meter read fee for non-RF meters.

## **What We Accomplished in FY 2020**

- Continued efforts related to the Water Infrastructure Master Plan to evaluate and establish the overall state of the water system in order to provide efficient water service, comply with the Environmental Protection Agency requirements, and provide best management practices
- Began implementing ServLine water and sewer leak protection, water line protection, and sewer lateral protection
- Implemented proposals from the staff-led Water Meter Program Evaluation, which describes the current water meter program and proposed improvements, including adjusting service levels, changing the methodology for meter change outs, and implementing new technologies.
- Implement five fixed-point data collectors for a total of six in the system
- Implemented Ferguson Back Office solution for meter maintenance and scheduling
- Continued to repair or replace water service lines, which range from the full replacement of a water service line from the water main to the property line, abandoned service line retirements, and curb stop repairs
- Our leak detection program continues to identify leaks in the distribution system.
- Received over \$73,000 in Ameren incentive moneys for the installation of 3 VFD's (Variable frequency drives) that allow us to run the system more cost effectively by reducing energy cost
- On March 10, 2019, a fire destroyed the Lake Parks Maintenance building at Lake Bloomington. Staff has worked with the third-party administrator, PMA Group, Inc., to process the claim and recover reimbursement funds. To date, the City of Bloomington has received \$500,000 in reimbursement funds and expects to continue the reimbursement process.
- Council passed a comprehensive boat dock ordinance in October 2018. Staff has worked diligently to roll out a successful dock registration/inspection program. The comprehensive dock ordinance provides clear regulations for construction at Lake Bloomington while limiting the number of boat docks. Staff has worked with the Legal Department to finalize all outstanding dock issues. Staff hopes to have all remaining legal issues remedied over the next several months.
- Along with the McLean County Soil and Water Conservation District, the City of Bloomington was awarded a significant grant to be utilized in updating the ten-year-old Watershed Management Plan. This 319(h) Grant was awarded by the Illinois Environmental Protection Agency as well as a smaller grant from the Illinois Farm Bureau. The money awarded will help to hire consultants and defray costs associated with updating the Management Plans.
- The Public Works Department is working to complete studies to improve dam safety at Lake Bloomington. When completed, a plan will be developed to ensure proper inspection and maintenance of the dam at Lake Bloomington. Phase 1 of this project was approved for \$508,000.

## Budgetary Fund Balance

Water Fund	FY 2019 (audited)	FY 2020 (Projected)	FY 2021 (Projected)
<b>Budgetary Fund Balance</b>	\$27,810,460	\$23,047,276	\$17,033,127

## Challenges

- Public Works is continuing to backfill positions to become fully staffed. The Department will continue to find ways to increase staff efficiency using new technologies, updating processes, and hiring seasonal staff.
- Though the situation has recently improved, Public Works continues to operate with limited resources. Public Works divisions are operating at resource levels equivalent to the resource levels that followed the Great Recession in 2009. Public Works is conscious of budgetary issues and has continued to work with other departments, the Council, and the public to accomplish Council directives, while keeping up with daily operations.
- Approximately 200 residents are not receptive to providing access to upgrade water meters in their home as City Ordinance allows. The Division continues to contact these homeowners and explain the benefits and cost saving efficiencies that result from the replacements. Without complete compliance, employees must maintain manual walking reading routes that result in an increase in costs associated with providing service to all customers.
- Examples of recent water quality/regulatory issues that required rapid response are the regulatory and monitoring changes that resulted from the unfortunate situation in Flint, Michigan and the algal toxin problems in Toledo, Ohio. Although our water supply is not nearly as vulnerable to those types of water quality issues, we needed to develop protocols, methods and perform monitoring to assure the continued safety of our treated water.
- The Division continues to deal with a backlog of current capital improvement projects, as well as planning for future projects and advancements.
- Wireless technology is needed to increase efficiency and improve customer service.

# SANITARY SEWER MAINTENANCE

## 5110

### Purpose

Sanitary Sewer Maintenance is part of the Streets and Sewers Division, which are responsible for ongoing maintenance and repairs to sanitary sewer and combined sewer infrastructure. Major projects are usually contracted to the private sector and are overseen by staff of the Engineering Division. Emergency cave-ins are handled by both City workers and outside companies, depending on the situation. City employees conduct a sewer cleaning program to ensure the steady flow of sewage from its point of origin to sewage treatment plants. Routine maintenance reduces the chances of a mainline sanitary or combined sewer from becoming obstructed with debris. This prevents sewage backup into basements or sewage overflow onto streets or into nearby bodies of water.

### Authorization

The City of Bloomington Sanitary Sewer Street Maintenance Fund and its related activities have been codified in Chapter 37 of the City Code.

### FY 2021 Budget & Program Highlights

- Perform sewer system assessment and rehabilitation as part of the Stormwater and Sanitary Sewer Master Plans
- Plan and design future sanitary sewer infrastructure projects
- Continue repair and rehabilitation of aging sewers
- Construct Phase 2 of the Locust-Colton CSO elimination project
- Budget over \$2 million for CCTV contract to televise the majority of remaining sewers that have not been televised in the past five years.

### What We Accomplished in FY 2020

- Continued to move forward with projects to eliminate Combined Sewer Overflow (CSO) as a result of the fee increases enacted in FY 2018
- Worked to provide sanitary sewer to homes in Bloomington that are served by underground private sewers, which are often shared by multiple properties
- Completed a Capacity Management Operations and Maintenance (CMOM) document to submit to the Environmental Protection Agency
- Began implementing ServLine water and sewer leak protection, water line protection, and sewer lateral protection
- Started design for Phase 3 of the Locust-Colton CSO elimination project
- Increased sewer lining contract to \$2.5 million to continue proactive infrastructure maintenance

- Separated storm and sanitary sewers on Forrest, from Morris to Cottage, prior to resurfacing

- **Funding Source**

The City initially established a Storm Water service charge in 2004 as a vehicle for funding projects and employees in the Sanitary Sewer Maintenance Fund. This enterprise fund receives money from sanitary sewer users within the City of Bloomington. Users pay a monthly fee based on usage as well as a monthly flat fee. Fees increase annually at a rate of 3 percent.

<b>EFFECTIVE DATE</b>	<b>RATE PER 100 CU FT</b>	<b>MONTHLY FIXED FEE</b>
<b>May 1, 2019</b>	\$2.47	\$2.32
<b>May 1, 2020</b>	\$2.54	\$2.39
<b>May 1, 2021</b>	\$2.62	\$2.46
<b>May 1, 2022</b>	\$2.70	\$2.53
<b>May 1, 2023</b>	\$2.78	\$2.61

### **Budgetary Fund Balance**

<b>Sanitary Sewer Fund</b>	<b>FY 2019 (audited)</b>	<b>FY 2020 (Projected)</b>	<b>FY 2021 (Projected)</b>
<b>Budgetary Fund Balance</b>	\$3,212,173	\$3,365,231	\$1,082,631

### **Challenges**

- Public Works is continuing to backfill positions to become fully staffed. The Department will continue to find ways to increase staff efficiency using new technologies, updating processes, and hiring seasonal staff.
- Though the situation has recently improved, Public Works continues to operate with limited resources. Public Works divisions are operating at resource levels equivalent to the resource levels that followed the Great Recession in 2009. Public Works is conscious of budgetary issues and has continued to work with other departments, the Council, and the public to accomplish Council directives, while keeping up with daily operations.
- Deteriorating road conditions and increasing number of sewer cave-ins cause increases in impromptu care and reactive adjustment.
- The Public Service Division garage located along East Street is unable to effectively support operations, equipment, and staff in its current form. Additional maintenance on the building and additional structures around the building could be added to accommodate operations.

# STORM WATER MANAGEMENT 5310

## Purpose

Storm water management is performed by the Engineering Division and the Streets and Sewers Division of the Public Works Department. These divisions work together to manage the urban runoff and maintain the City's infrastructure in compliance with the Clean Water Act. Effective storm water management includes: (1) keeping lakes and streams clean; (2) maintaining waterways to minimize erosion and damage to adjacent property; (3) maintaining detention basins to reduce flooding and filter out pollution; (4) street sweeping; and (5) inlet maintenance and repairs.

## Authorization

The City of Bloomington Storm Water Management Fund and its related activities have been codified in Chapter 37 of the City Code.

## FY 2021 Budget & Program Highlights

- Maintain detention basins, storm sewers, stream channels, and inspections as part of the Stormwater and Sanitary Sewer Master Plans
- Plan and design future storm water infrastructure projects
- Add seasonal positions to maintain waterways
- Construct Phase 2 of the Locust-Colton CSO elimination project

## What we accomplished in FY 2020

- Continued to move forward with projects to eliminate Combined Sewer Overflow (CSO) as a result of the fee increases enacted in FY 2018
- Performed maintenance of detention basins, stream channels, inspections
- Installed sump pump drain lines
- Completed upgrades to the Farm Bureau and Pepper Ridge storm water detention basins
- Started design for Phase 3 of the Locust-Colton CSO elimination project
- Separated storm and sanitary sewers on Forrest, from Morris to Cottage, prior to resurfacing

## Funding Source

The City initially established a Storm Water service charge in 2004 as a vehicle for funding projects and employees in the Storm Water Management Fund. This enterprise fund receives money from property owners or tenants within the City of Bloomington. The City charges a flat monthly fee based on the amount of impervious area on the property. Storm water fees will increase annually by 3 percent on May 1 of every year.

EFFECTIVE DATE	RATE PER IAU
May 1, 2019	\$1.95
May 1, 2020	\$2.01
May 1, 2021	\$2.07
May 1, 2022	\$2.13
May 1, 2023	\$2.19

**Single-family and duplex based on Parcel Size**

**Small** ≤ 7,000 square feet: \$4.02

**Medium** > 7,000 and ≤ 12,000 square feet: \$6.03

**Large** > 12,000 square feet: \$10.05

**Property other than single-family/duplex based on Impervious Area**

**Small:** ≤ 4,000 square feet \$8.04 (Basis: A flat rate based on the average 4 IAUs times \$2.01 per IAU per month)

**Large:** Actual Impervious Area is measured and rounded up to nearest 1,000 SF /1,000 x \$2.01 per IAU per month.

*Impervious Area Unit (IAU): 1,000 square feet of impervious area equals one IAU*

**Budgetary Fund Balance**

Storm Water Management	FY 2019 (audited)	FY 2020 (Projected)	FY 2021 (Projected)
<b>Budgetary Fund Balance</b>	\$851,056	\$944,027	\$891,707

**Challenges**

- Public Works is continuing to backfill positions to become fully staffed. The Department will continue to find ways to increase staff efficiency using new technologies, updating processes, and hiring seasonal staff.
- Though the situation has recently improved, Public Works continues to operate with limited resources. Public Works divisions are operating at resource levels equivalent to the resource levels that followed the Great Recession in 2009. Public Works is conscious of budgetary issues and has continued to work with other departments, the Council, and the public to accomplish Council directives, while keeping up with daily operations.
- The Public Service Division garage located along East Street is unable to effectively support operations, equipment, and staff in its current form. Additional maintenance on the building and additional structures around the building could be added to accommodate operations.
- Limited staffing has prevented proper maintenance of storm water inlets, which can lead to flooding and street maintenance issues. Typically, over 100 inlets are on the list to be repaired or replaced.

# SOLID WASTE 5440

## Purpose

The Solid Waste Division of the Public Works Department administers the Solid Waste Program, which provides a wide variety of services, including: (1) collecting garbage, recycle, bulk waste, and brush; (2) operating the Citizen Convenience Center so that residents can dispose of appliances, bulk waste, and grass; (3) clearing brush, weeds, and tree limbs from alleys; (4) cleaning medians and alleys; (5) repairing gravel alleys; (6) street sweeping; and (7) overseeing the implementation of the Materials Recovery and Resource Management Plan.

## FY 2021 Budget & Program Highlights

- Provide a high level of service, with garbage collection every week; recycle collection, brush collection, and bulk waste collection (\$25 per bucket) every other week; bulk waste collection periods in the spring and fall at no additional charge; and fall leaf collection with leaf vacuums
- Continue to offer extended hours at the Citizen Convenience Center to allow Solid Waste Program users to drop off material
- Refine the use of Routeware to further improve customer service and increase solid waste route efficiency
- Continue implementing the Twenty-Year Materials Recovery and Resource Management Plan for McLean County, Bloomington, and Normal, Illinois

## What We Accomplished in FY 2020

- Staff changed the bulk waste scheduling to improve efficiency and reduce the amount of waste sitting on the curb for an extended amount of time.
- Staff began implementing Routeware hardware and software.
- Bloomington's recycling effort has been a monumental success. However, costs rose in 2018 and 2019 as a result of regulatory changes in China and other countries in Asia. These changes have caused lackluster performance of the recycling commodities markets.
- Staff made improvements to daily and monthly data tracking in order to improve communication and enable staff to better analyze the data.

## Funding Source

Solid Waste is an enterprise fund that primarily receives revenue from cart fees. Cart fees for all sizes will increase 3 percent on May 1 of every year. This increase, along with service level adjustments has resulted in a sustainable Solid Waste Fund that does not require funding from other sources.

## Challenges

- Public Works is continuing to backfill positions to become fully staffed. The Department will continue to find ways to increase staff efficiency using new technologies, updating processes, and hiring seasonal staff.
- Though the situation has recently improved, Public Works continues to operate with limited resources. Public Works divisions are operating at resource levels equivalent to the resource levels that followed the Great Recession in 2009. Public Works is conscious of budgetary issues and has continued to work with other departments, the Council, and the public to accomplish Council directives, while keeping up with daily operations.
- The Public Service Division garage located along East Street is unable to effectively support operations, equipment, and staff in its current form. Additional maintenance on the building and additional structures around the building could be added to accommodate operations.
- The McLean County Landfill closed in October 2017. At this time, the City is able to take landfill waste to a nearby transfer station that transports waste to the landfill in Pontiac so that City crews aren't required to drive to Pontiac. However, this may not always be an option. The City's current contract for landfill waste expires on March 1, 2021 if all automatic renewals go into effect. However, Allied Waste Services (Republic), the Town of Normal, or the City of Bloomington have the ability to negotiate the contract if either party gives a ninety-day written notice prior to the next renewal date (March 1, 2020).
- Due to policy changes in China and additional countries in Asia, the City's recycling processing vendor has seen declining markets for recycled paper, cardboard, plastic and metals. These industry changes are expected to continue to impact costs associated with the City's recycling efforts.

# ABRAHAM LINCOLN PARKING FACILITY 5560

## Purpose

The Abraham Lincoln Parking Facility (Lincoln Garage) was constructed in 1990. The addition of two floors in 2003 created a total of 811 parking spaces. The facility is owned by the McLean County Public Building Commission until 2035. At that time, the property will return to a joint ownership of the City of Bloomington and McLean County. The City currently rents approximately 440 spaces on a monthly basis, 211 of which are rented to Mclean County. The remaining parking spaces are available for hourly parking. As part of the ownership agreement, the City and the County split the bond payment on the facility. All management of the garage is the responsibility of the City of Bloomington. Revenues are collected by the City as part of management operations. If collected fees exceed operational costs, the funds are split between the City and the County.

## Funding Source & Fee Structure

- Fee-based funding covers operating costs. Shortages or overages are divided or split between the City and County Governments. Capital outlays are included in the budget. Replacement or recovery costs are not part of the budget consideration.
- The Lincoln Garage is the only parking facility in downtown that has an hourly parking rate and has a manned (one City employee) parking collection booth located on the North side of the facility. The hourly rate Monday through Friday is currently \$1.00 per hour with a maximum of \$10.00 per day. The garage is opened for free general parking on Saturdays, Sundays and Holidays, and after 6 p.m. Monday through Friday.

## FY 2021 Budget & Program Highlights

- Routine general maintenance of the parking garage will be performed to ensure safety of parking customers and efficient operations.
- Evaluation of the parking garage will be performed to plan for additional garage structural, drainage, and safety improvements.

## What We Accomplished in FY 2020

- Staff continued to operate the parking garage to provide Downtown residents and facilities a clean and safe place to park their vehicles.
- Replacement of the obsolete gates, controllers, software and related parking access control system was completed during FY 2020.

## Budgetary Fund Balance

Abraham Lincoln Parking Garage	FY 2019 (audited)	FY 2020 (Projected)	FY 2021 (Projected)
<b>Budgetary Fund Balance</b>	\$329,676	\$275,642	\$3,898

## Challenges

- Aging Infrastructure – The Lincoln Garage underwent major repairs in 2015. These repairs were only about half of the improvements recommended by the structural design firm that evaluated the facility. Additional structural, sealing and drainage improvements are still needed.
- Encouraging customers to purchase monthly passes for the parking facilities instead of parking on the street and risk citations continues to be a challenge. This is shown by the large quantity of outstanding citations. Since there doesn't appear to be a consequence for not paying parking citations, customers choose to park in the street and ignore the citations. The T2 Collections agreement may resolve some of these issues.

## Fun Facts

Facility and parking maintenance and parking enforcement operations are housed in the lower level of the Abraham Lincoln Parking Facility.

# GOLF OPERATIONS 5640

## Purpose

The City of Bloomington operates three 18-hole golf courses as part of the Parks, Recreation and Cultural Arts Department. The courses serve to meet the golfing demand of the citizens of our community, but also reach out to many golfers from outside of McLean County, with golfers coming from other states to enjoy our courses.

Highland Park Golf Course was the city's first golf course, built in the 1920's. The course features tree-lined fairways and a park-like setting. It is a favorite course for the junior and senior golfers of our community and is rated a three and a half star (out of five stars) golf course by Golf Digest.

Prairie Vista Golf Course opened in 1991 and is noted for its unique blend of playability and challenge. It is the most popular of the three city courses because of its' fair layout and friendly staff. It is rated as a four-star golf course by Golf Digest putting it in the top 15% of all courses nationwide.

The Den at Fox Creek Golf Course was built in 1997 by renowned golfer and course architect, Arnold Palmer. This links-style course attracts golfers from across the Midwest with its fine layout and course conditions. It is rated as a prestigious four-and-a-half-star golf course by Golf Digest putting it in the top 5% of all courses nationwide. More than 50% of the golfers that play at The Den are from outside McLean County.

## Authorization

The City of Bloomington Parks & Recreation Department and its related activities have been codified in Chapter 19 & Chapter 31 of the City Code.

## FY 2021 Budget & Program Highlights

- Continue to provide quality golf experiences with available resources.
- Create new forms of revenue through the utilization of staff talents and resources.

## What We Accomplished in FY 2020

- Quality playing conditions were maintained throughout a season while operating at a staffing deficit for most of the year.
- Highland Park introduced the game to over 50 junior golfers through the Ken Adams Golf League. This program helps create and develop golfers for the future.
- As hosts for both the State Farm Youth Classic and the Illinois High School Association State Finals, we created positive experiences for those involved.
- A GPS sprayer was added to the maintenance fleet. After preliminary mapping, over 15 acres of turf has been removed from our spray program. This leads to both better environmental conservation and decreased chemical costs and labor.

- Highland Park hosted the 3rd Annual Disc Golf Tournament which brought over 100-disc golf rounds to the course.

## Budgetary Fund Balance

Golf Courses	FY 2019 (audited)	FY 2020 (Projected)	FY 2021 (Projected)
<b>Budgetary Fund Balance</b>	\$89,308	-	-

## Challenges

- Staff reductions continue to put additional strain on staff and inhibit our ability to create new methods of revenue generation and take on course improvement projects. Staff are working very long hours to cover all necessary shifts.
- Mounting deferred capital projects will begin to lead to increased maintenance cost and a decrease in staff efficiency.
- An outdated point of sale system limits our ability to reach out to customers and create new revenues.

## Fun Facts

The Golf Operations staff includes a Superintendent of Golf, Guest Services Manager, Clubhouse Supervisor, three Greenskeepers, one Assistant Greenskeeper and approximately 70 seasonal employees.

The courses are considered to be one of the finer collections of municipal courses in all of Illinois with three well maintained and unique layouts. The courses host a variety of prestigious events run by the Chicago District Golf Association and the United States Golf Association. Most notably, Prairie Vista Golf Course and The Den at Fox Creek Golf Course serve as home of the Illinois High School Association State Golf Finals.

## What Else Do We Do?

The golf courses offer quality, affordable recreation and contribute to the community's effort to be a family friendly, beautiful city that provides choices for recreation. The golf courses also perform the following functions:

- Attract future generations by making golf affordable and accessible for junior golfers
- Provide visually appealing open green space that benefits our environment
- Serve as host courses for eight area high school golf teams
- Provide meeting room space for city functions, school organizations and election sites
- Provide a sledding hill with a sled shop that allow families to enjoy time together in an area that is primarily void of sledding opportunities
- Provide fundraising opportunities for local charities and organizations through quality golf outings
- Promote local tourism by offering quality golf courses at reasonable prices
- Offer indoor golf simulators which allows our community to continue to enjoy the game during the colder winter months while also providing the course with an alternative revenue stream

# GROSSINGER MOTORS ARENA 5710

## Purpose

This division normally represents the City's portion of costs to fund Arena operations. This division has been updated to include the Arena operations managed by VenuWorks (<http://venuworks.com/>) The combination of both operations depicts the full costs of running the Arena and a complete report of revenues.

## History

U.S. Cellular Coliseum opened in April 2006 and was built at a cost of \$29.5 million to expand the entertainment options available in the Bloomington/Normal area. In 2017, a new naming right contract with Grossinger Motors was signed and the building was renamed the Grossinger Motors Arena as of July 1, 2017. The Arena holds up to 8,000 guests for concerts and 6,600 guests for football and hockey. The facility has 24 private suites, 2 rental group suites and a sports bar/ restaurant. The complex includes the adjoining Pepsi Ice Center (construction cost \$5.8 million) and a parking structure (construction cost \$3.3 million), with an overall construction cost for all three facilities of \$38.6 million. The 10-year contract between CIAM and the City of Bloomington expired on April 1, 2016. A new management company, VenuWorks, operated the Arena on an interim basis from April 1 through June 30, 2016 and a new management contract with VenuWorks went into effect on July 1, 2016. 2014A and 2014B General Obligation Refunding Bonds were issued to refund the Series 2004 Coliseum Taxable General Obligation Bond, which will save the city \$8,863,375 in interest savings over the life of the bonds.

## FY 2021 Budget & Program Highlights

The Arena has seven goals:

Goal 1: Financial Stability – Manage the Arena in a fiscally responsible manner while keeping up with operational satisfaction and expectations of industry standards

Goal 2: Service Mix – Ensure that the Arena will provide a range of special events that will appeal to a diverse group of patrons

Goal 3: Partnership – Continue to maintain strong relationships with the City of Bloomington, Convention and Visitors Bureau, and other various community entities to bring concerts, conventions, and special events to the community

Goal 4: Communication – Take advantage of resources and partnership opportunities to enhance the understanding between management group and the City of Bloomington

Goal 5: Technology – To keep up with the latest technology trends within the facility management industry, and to utilize this technology when possible and practical in order to be more proficient in our work and services for our customers

Goal 6: Human Resources – Continuous monitoring of job duties and tasks and ensure all staff are properly classified and compensated

Goal 7: Tradition – Create and establish new traditions within the Arena

# What We Accomplished in FY 2020

## Overall

- The projected economic impact to the community is estimated at \$8.865 million for 2018 and the economic impact since 2006 is estimated at over \$158 million.
- The total event attendance since opening in April 2006 is over 3 million guests.

## Teams

- The Midway Marauders, indoor football team, will be playing their home games at Grossinger Motors Arena in Bloomington-Normal for the 2020 season and beyond. The Marauders go into their third season after making back to back championship appearances and have their first scheduled home game in Bloomington on February 29th.
- Bloomington will have a new hockey team that is part of the Federal Prospects Hockey League games.
- Illinois State University Hockey returned for another year, playing multiple games in our facility.

## Concerts/Shows

- The facility hosted multiple concerts in both the smaller cut down theater set up and full house set up, showcasing the flexibility of the venue for all show types. Highlights include DaBaby, Lauren Daigle and Casting Crowns.
- The Second Annual Sixty-Six Games Expo took place January 17-19, 2020
- The first B4 Festival: Bourbon, Brews, BBQ & Blues was held on January 25, 2020
- Paw Patrol Live performed 3 shows in February 2020

## Community Involvement

- For the ninth year, the Back to School Alliance hosted the Back to School Party at the Arena. The event drew almost 3,000 area residents to receive school supplies and backpacks all made possible through donations. As a goodwill gesture to the community, the Grossinger Motors Arena donated the use of the facility for this event.
- IHSA Competitive Cheerleading State Finals returned for the event's fourteenth year in February 2020.
- IHSA Competitive Dance State Finals returned for the eighth consecutive year in January 2020. This is the third of a five-year contract.
- The Arena in conjunction with the Red Cross has hosted a holiday blood drive.
- For the fourteenth year, the venue hosted Downtown Bloomington Association's Thanksgiving Market on the main Arena floor, allowing local farmers, vendors, and artists to sell products indoors before the Thanksgiving holiday.
- For the sixth year, the venue hosted Downtown Bloomington Association's Indoor Winter Farmer's markets on five separate dates on the concourse. This offered a larger space to continue to expand this event and allow patrons an indoor space to shop for fresh produce, meat, cheese and crafts.

## Budgetary Fund Balance

Grossinger Motors Arena	FY 2019 (audited)	FY 2020 (Projected)	FY 2021 (Projected)
<b>Budgetary Fund Balance</b>	\$371,501	\$35,450	-

## **Challenges**

- The Arena was constructed in 2004 and over the next few years, the City will begin to incur expenses for capital maintenance of the facility.
- The economy plays an important role in the performance of the Arena and affects all aspects of the venue, from shows to expenses.

## **Fun Facts**

The Arena has hosted an array of events, including concerts, sporting events, family shows, ice shows, motorsports and trade shows. In addition, the facility has hosted local high school graduation ceremonies, Back to School Alliance Backpack Day, the Chamber of Commerce Business Showcase, Illinois High School Association regional and state tournaments, City of Bloomington Wellness Fair and a variety of private meeting and events.

## INTERNAL SERVICE FUNDS

60150150 Casualty (W/C General Liability) Insurance Fund

60200210-60200290 Employee Health Insurance

60280210-60280290 Retiree Health Insurance

# CASUALTY (W/C GENERAL LIABILITY) INSURANCE 6015

## Purpose

The City is given certain immunities from liabilities, which are not available to non-governmental entities as provided under the "Local Governmental and Governmental Employees Tort Immunity Act" (745 ILCS 10). This statute was extensively revised in 1986 because many municipalities were unable to purchase liability insurance because of the high cost of paying claims. The underlying philosophy is that, even though it may be perceived to be unfair to have damages and injuries paid by an individual citizen's insurance company, the alternative (having the local government pay) would result in greatly increased taxation in order to pay judgments. The Tort Immunity Act generally imposes liability for injuries on government-owned property only when the local government had actual or constructive notice of the defect in the property in sufficient time to reasonably take action to respond to the defect. In certain types of activities, the City is not liable at all (for example, injuries that resulted from weather conditions). The City staff regularly meets with its third-party insurance administrator to determine if the insurance that has been purchased provides adequate coverage to protect the City in the event of liability claims.

Contributions from the City departments pay for the projected costs of the Casualty Insurance Program. Projected premiums, administrative fees, and claims are prorated across departments using a weighted average of 85% of the 5-year claim losses and 15% of total salaries and benefits of each department. This methodology allocates costs to the departments based primarily on their claim history but also allocates some costs to all departments for participation in the program regardless of claims history.

## What Does the Casualty Insurance Fund Include?

Casualty Insurance includes:

- General Liability – Covers "slip and fall" accidents
- Property – Reimburses for damage to and loss of property
- Auto Physical and Liability – Reimburses for liability and damage to vehicles
- Worker's Compensation – Covers the costs of related medical expenses when an employee is injured
- Public Official Liability – Covers any legal action taken against public officials
- Employee Practices Liability – Covers expenses related to legal action taken for wrongful termination lawsuits or discrimination
- Law Enforcement – Special policy relating to Police
- Employee Benefits (Errors and Omissions) – Covers the cost if an employee is inadvertently not signed up for benefits
- Sexual Abuse – Covers expenses resulting from Sexual Harassment or Sexual Abuse lawsuits
- Failure to Supply – Covers costs if the City does not follow through on contractual obligations to provide services or products
- Health and Social Services – Covers medical malpractice

## FY 2021 Budget & Program Highlights

- Compliance have been the focus of the Safety & Risk Manager position in FY 2019. This will continue to be the focus in FY 2021. As we strive to minimize loss exposure, these measures will continue to play a key role.
- The procurement of Casualty Insurance at the best possible rates from an administrator that provides efficient and competent service maximizes savings and generates better results sooner. Effective insurance coverage helps the City to remain financially sound and to provide quality basic services.

## Funding Source

Contributions from various City Funds.

## What We Accomplished in FY 2020

- We continued to maintain our focus on Employee Safety as a top priority in FY 2020 in order to better serve the members of the community with the highest level of quality that they deserve.
- Conducted monthly safety contacts with City leadership to help improve the overall culture of Safety as a priority City-wide.
- Continued to monitor and close out claims from previous years.
- Held quarterly claims meetings to close out older claims and review claims

## Budgetary Fund Balance

Casualty Insurance Fund	FY 2019 (audited)	FY 2020 (Projected)	FY 2021 (Projected)
<b>Budgetary Fund Balance</b>	\$2,940,724	\$3,307,848	\$3,353,598

## Challenges

The Casualty Insurance budget is subject to change because the City will issue a Request for Proposals in February for the next fiscal year's insurance policy. The figures for this fund have been determined on the basis of staff estimates and will be adjusted for the final budget.

## Fun Facts

The City is self-insured, but carries supplemental commercial insurance for certain types of claims or claims with an excess of certain dollar amounts.

# EMPLOYEE HEALTH INSURANCE FUND 6020

## Purpose

The City offers employee benefits to attract qualified workers, retain its staff, meet requirements set in collective bargaining agreements, and fulfill Affordable Care Act (ACA) requirements. Benefits include health, dental, and vision plans, \$50,000 group life insurance, medical and dependent care flexible spending accounts, and a voluntary (employee paid) life insurance plan.

## 2020 Premium Changes

Plan Year	City Blue Cross PPO Plans	City Blue Cross HMO	Police Union Plan
2020	-4.1%	-0.6%	6.5%
2019	-4.6%	-0.5%	6.2%
2018	3.0%	1.0%	4.3%

- In 2017, the City joined the Intergovernmental Personnel Benefit Cooperative (IPBC), which operates as an insurance risk pool for high-cost claims. IPBC helps create stability in employer benefit costs and savings through its group purchasing power. As a result, the City has maintained the plan design structure for its Blue Cross PPO & HMO plans in 2020, while experiencing premium rate decreases.
- The City experienced a 4.2% premium decrease in Enhanced Dental plan premiums for 2020 – the plan most employees are eligible for – without needing to make plan design changes. The City's Police and Sergeants/Lieutenants are the only groups who remain eligible for the Legacy Dental Plan, which experienced a 7.0% premium increase.
- Vision rates are locked into a two-year contract with VSP through 12/31/2020. Minor enhancements were made to benefit levels provided in 2019 for some union and all classified/non-union employees, to keep the plan design competitive with trends seen by both public and private employers. As of 1/1/2020, the Enhanced Vision benefit will be available to both City & Library Local 699 Employees.

## Budget & Program Highlights

- Health plan designs continue to be re-evaluated to meet the needs of the City's employees, while being fiscally responsible stewards of public funds. In 2019, the City began offering a high-deductible Preferred Provider Organization (PPO) with Health Savings Account (HSA) option to some union and all classified/non-union employees. In 2020, this will be available to both City & Library Local 699 Employees. As additional bargaining units agree to insurance plan changes, employees will have the PPO with Health Savings Account option available to them.
- To help preserve the sustainability of the City's health plan, a change to spousal eligibility was implemented in 2019 for non-union and all non-sworn union employees, in that in order to remain on the City's health plan the spouse must not have coverage available via his/her employer.

- Through collective bargaining agreement, the City continues to administer a Police Benevolent Protective Association (PBPA) health plan for its sworn officers.
- The wellness/health insurance committee continues to be a sounding board to discuss insurance options and changes to the wellness plan design. The committee looks to improve employee wellbeing with an eye toward improving employee/dependent health and driving down overall insurance costs.
- Affordable Care Act (ACA)
  - The ACA provision to provide insurance for part-time employees working an average of 30 hours per week took effect January 1, 2015 and remains in effect. As a result, 2 seasonal employees are enrolled in health insurance as of November 2019.
  - To meet ACA reporting requirements, the City continues to contract with Sikich to generate and distribute 1095 forms to employees and report to the IRS.
  - Potential excise tax – at this time, the ACA provision which in requires the payment of 40% excise tax on high cost health plans becomes effective in 2022. The City continues to work towards moderating insurance cost increases to guard against Cadillac tax impacts and for overall budgetary reasons.

## Plan Funding

- Employees contribute approximately 25% of health plan premiums and 50% for dental and vision coverage. Employee contributions are applied to departmental budgets.
- Bloomington Township and the Bloomington Public Library continue to reimburse the City for the cost of its employees' coverage for City health, dental and vision plan coverage.

# RETIREE HEALTH INSURANCE FUND 6028

## Purpose

The City is required under Illinois law to provide insurance to its retirees and their eligible dependents similar to insurance provided to its active employees. As a result, the City of Bloomington offers health, dental and vision insurance benefits to retired employees, their spouses and eligible dependents. Bloomington Township and Bloomington Public Library retirees are also eligible to participate in the health, dental and vision plans. With the exception of certain disabled sworn fire and police retirees, retirees pay 100% of plan premiums.

The City is currently administering benefits for 230 retirees and spouses of retirees of which 118 have health insurance, either via the City or through Benistar – the Medicare Supplement Insurance Plan implemented in 2015. Remaining retirees have dental and/or vision plan coverage. Specifically, employees retiring under the Illinois Municipal Retirement Fund (IMRF) must be eligible to begin drawing a pension immediately upon retirement to continue their health insurance, while retiring sworn fire and police personnel may continue their insurance while in a deferred retirement status. Premiums are typically deducted from pension checks, although other forms of payment are available.

## Other Post-Employment Benefits (OPEB)

The Government Accounting Standards Board (GASB) requires public sector employers to calculate and report their OPEB liability, including retiree health care. Retirees pay 100% of their insurance rates; however, the way the rates are calculated creates an implicit subsidy as described below.

**Implicit Subsidy:** Under Illinois law, municipal retirees must have the same full premium rates as active employees. Thus, premiums for active employees and retirees are developed by blending the claims experience of the two groups. Premiums that result when costs are blended ends up being higher than would be expected if the active employees were rated by themselves. Since municipalities, like most other employers, contribute toward the cost of their active employee health insurance, the municipality ends up incurring additional expense for their active employees due to the overall increased costs resulting from retiree costs. This additional employer cost is known as an “implied subsidy” and must be reported by the City as a liability.

OPEB (retiree health, dental and vision plan) 2019 costs were \$1,076,000 per actuarial studies. This is higher than the previous year, due primarily to an increased rate of retirement seen as a result of Sick Leave Buyback (SLBB) changes being implemented.

## Cost Control Measures

In 2017, the City joined the Intergovernmental Personnel Benefit Cooperative (IPBC), which operates as an insurance risk pool for high-cost claims. IPBC helps create stability in employer benefit costs and savings through its group purchasing power. As a result, the City was able to maintain its overall plan design structure for its Blue Cross PPO & HMO plans for 2020, while experiencing 4.1% & 0.6% annual rate decreases, respectively.

## Plan Funding

- Retirees contribute 100% of the premiums for health, dental and vision coverage.
- Certain amounts are charged back to departmental budgets. Additional funding is also provided through transfers from the General Fund and the Employee Health Insurance Fund to cover future OPEB liability costs.

## Budgetary Fund Balance

<b>Retiree Health Insurance Fund</b>	<b>FY 2019 (audited)</b>	<b>FY 2020 (Projected)</b>	<b>FY 2021 (Projected)</b>
<b>Budgetary Fund Balance</b>	\$276,728	\$260,828	\$243,338

## FIDUCIARY FUNDS

72102100 John M. Scott Health Care Trust Grants Fund

# JOHN M. SCOTT HEALTH CARE TRUST GRANTS FUND 7210

## Purpose

Judge John M. Scott was a Justice of the Illinois Supreme Court in the 1880s and a resident of McLean County. He directed his estate to be partially used to assure health care for persons unable to afford it themselves. In 1981, the City of Bloomington became Trustees to \$5.4 million designated for a Health Resources Center.

On May 14, 2018, the Bloomington City Council voted to approve the recommendations of the John Scott Health Care Commission to discontinue the provision of direct services to individuals through the John M. Scott Health Resource Center. Under the new structure, larger grants are awarded to community entities serving the healthcare needs of vulnerable McLean County residents, specifically those who are either uninsured or under-insured.

The City of Bloomington's Community Development Department has assumed administrative oversight and works with the John Scott Health Care Commission to develop processes for the new format. The eleven member Commission established the grant application process in FY19 for rollout in FY20. The Bloomington City Council will continue as trustees with final decision-making power. The goal is to ensure maximum efficiency and effectiveness in meeting the health care needs of the target population.

The Scott Commission is made up of medical providers and individuals with financial and grant expertise. All are committed to ensuring Judge Scott's legacy by providing assistance to those he intended to serve.

## How Does the Grant Program Operate?

The purpose of the John M. Scott Health Care Trust Grants Program is to assist local agencies and organizations meet the health care needs of McLean County residents. Grant awards made under this program are intended to benefit income-qualified individuals underserved by mainstream health care resources. Programs funded through the Trust will address health care needs that are typically underfunded or unfunded by other private and public resources. Collaboration among organizations is strongly encouraged. Although funded programs may address a variety of needs, programs that address health care needs specifically identified as priority areas by the Community Health Needs Assessment (CHNA) and Community Health Improvement Plan (CHIP) are encouraged.

Grants are awarded under three categories:

- General Operating Grants
- Community Health Priority Program Grants
- Emergency Needs Grants

Organizations awarded funding through the Grants Program must:

- Be a tax-exempt organization per Section 501 (c)3 of the Internal Revenue Code (including faith-based organizations) or a local or county unit of government,
- Align with the funding goals of the John M Scott Health Commission;
- Have sound financial management policies in place and demonstrate good stewardship of resources;
- Ensure all clients served through the funded program(s) meet the following qualifications:
  - McLean County residency;
  - Annual income at or below 185% of the annual Federal Poverty Guidelines found at: <https://aspe.hhs.gov/poverty-guidelines>
- Comply with the John M Scott Health Commission non-discrimination policy that includes age, race, color, creed, ethnicity, religion, national origin, citizenship, marital status, sex, sexual orientation, gender identity or expression, physical or mental disability, veteran or military status, unfavorable discharge from military service, criminal record, or any other basis prohibited by federal state or local law. The organization should also have a procedure for handling discrimination complaints.

## Funding Source

Funding for all programs and services offered by the Center comes solely from investment revenue generated by the John M. Scott Trust.

The Investment Committee determines the maximum expenditure per budget year as stated in the Investment Policy. The Investment Committee approves a maximum expenditure based on 4% of a 5-year rolling annual average of income generated from interest, dividends and capital gains.

## FY 2021 Budget & Program Highlights

The FY 2021 John M. Scott Health Trust budget includes more than \$560,000 in grant awards to local agencies

## What We Accomplished in FY 2020

FY 2020 was a busy year. The Commission worked diligently to develop and implement the new grants program. As a result, more than \$450,000 in grant funding was distributed to 20 local agencies.

## FY 2020 Performance Measurements

- Due to the shortened time-frame for the FY 2020 grant awards, FY 2021 awards were included in the same RFP. More than \$560,000 in grant funding to local agencies is included in the John M. Scott FY 2021 budget.

## Budgetary Fund Balance

John M. Scott Health Care Trust Grants Fund	FY 2019 (audited)	FY 2020 (Projected)	FY 2021 (Projected)
<b>Budgetary Fund Balance</b>	\$8,185,741	\$8,783,241	\$9,100,087

## CITY OF BLOOMINGTON BUDGET GLOSSARY

The Budget contains specialized and technical terminology that is unique to public finance and budgeting. To assist the reader of the Budget document in understanding these terms, a budget glossary has been included in the document.

### \*\*\*A\*\*\*

ACTUAL - The actual figures in the budget document are year-end actual totals for the fiscal year preceding the budget year.

APPROPRIATION - A legal authorization made by the City Council, which permits the City officials to incur obligations and to make expenditures of resources for a specific purpose.

ASSESSED VALUATION - A value established for real or personal property for use as a basis for levying property taxes.

AUDIT - A comprehensive investigation of the manner in which the government's resources were actually utilized. A financial audit is a review of the accounting system and financial information to determine how government funds were spent and whether expenditures were in compliance with the legislative body's appropriations. A performance audit consists of a review of how well the government met its stated goals.

### \*\*\*B\*\*\*

BOND - A written promise to pay a sum of money on a specific date at a specified interest rate. The interest payments and the repayments of the principal are detailed in a bond ordinance. The most common types of bonds are general obligation (G.O.) and revenue (Water/Sewer) bonds. These are most frequently used for construction for large capital projects, such as buildings, streets and bridges.

BUDGET - A financial plan for a specified period of time (fiscal year) that matches all planned revenues and expenditures with various municipal services.

BUDGET AMENDMENT - A legal procedure utilized by the City staff and City Council to revise a budget appropriation. This can be done at any time during the year by action of the City Council.

BUDGET DOCUMENT - The instrument used by the budget-making authority to present a comprehensive financial program to the City Council.

BUDGET ORDINANCE - Ordinance appropriating funds for a specific fiscal year.

BUDGETED FUNDS - Funds that are planned for certain uses but have not been formally or legally appropriated by the legislative body. The budget document that is submitted for Council approval is composed of budgeted funds.

BUDGETARY CONTROL - The control or management of a governmental unit or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

\*\*\*C\*\*\*

CAPITAL IMPROVEMENT - A nonrecurring project including, but not limited to, construction of, and major alterations, remodeling or repair of physical facilities, buildings, structures, streets and highways, storm and sanitary sewers, fixed equipment and landscaping.

CAPITAL IMPROVEMENT PROGRAM - A plan for capital expenditures to provide long-lasting physical improvements to be incurred over a fixed period of several future years.

CASH ACCOUNTING - A basis of accounting in which transactions are recorded when cash is either received or expended for goods and services.

COMMODITIES - Items that, after use, are consumed or show a material change in, or an appreciable impairment, of their physical condition, and which are generally of limited value and characterized by rapid depreciation.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) - An entitlement grant from the U.S. Department of Housing and Urban Development (HUD) to assist the low and moderate-income persons of the City in targeted neighborhoods.

CONTRACTUAL SERVICES - Services provided by another individual, (not on City payroll) agency, or private firm.

\*\*\*D\*\*\*

DEBT SERVICE - Includes principal and interest payments and handling charges on general obligation bonds, revenue bonds, special assessment bonds and notes.

DEPARTMENT - A major organizational unit of the City which has been assigned overall management responsibility for an operation or a group of related operations within a functional area.

DELINQUENT TAXES - Taxes that remain unpaid on which a penalty for non-payment is attached.

DEPRECIATION - The process of estimating and recording the lost usefulness, expired useful life or diminution of service from a fixed asset that cannot or will not be restored by repair and will be replaced. The cost of the fixed asset's lost usefulness is the depreciation of the cost to reserve in order to replace the item at the end of its useful life.

\*\*\*E\*\*\*

EAP - Employee Assistance Program.

ENCUMBRANCES - These are obligations in the form of purchase orders, general encumbrances or contracts, which are chargeable to an appropriation and for which a part of the appropriation is reserved. The use of encumbrances is designed to prevent overspending and permits officials to be certain of how much money is available for new commitments.

ENTERPRISE FUND - A governmental accounting fund in which the services provided are financed and operated similarly to those of a private business. The rate schedules for these services are established to insure that revenues are adequate to meet all necessary expenditures. Enterprise funds in Bloomington are established for services such as water, sewer, parking, solid waste and golf.

ESTIMATE - Revenue and expenditure estimates for the current fiscal year, which are developed as part of the budget preparation process.

ESTIMATED REVENUE - The amount of projected revenue to be collected during the fiscal year. The amount of revenue appropriated is the amount approved by Council.

EXPENDITURE - This term refers to the outflow of funds paid or to be paid for an asset obtained or goods and services obtained regardless of when the expense is actually paid. This term applies to all funds. (Note: An encumbrance is not expenditure. An encumbrance reserves funds to be expended).

EXPENSES - Charges incurred, whether paid immediately or unpaid, for operation, maintenance, interest and other charges.

\*\*\*F\*\*\*

FHWA – Federal Highway Administration.

FISCAL YEAR - The time period designated by the City signifying the beginning and ending period for recording financial transactions. The City of Bloomington's has a fiscal year of May 1st through April 30th.

FIXED ASSETS - Assets of long-term character, which are intended to continue to be held or used, such as land, buildings, machinery, furniture and other equipment.

FUND - An accounting entity that has a set of self-balancing accounts and that records all financial transactions for specific activities or government functions. Eight commonly used funds in public accounting are: General Fund, Special Revenue Funds, Debt Service Funds, Capital Project Funds, Enterprise Funds, Trust and Agency Funds, Internal Service Funds, and Special Assessment Funds.

FUND BALANCE - The excess of assets over liabilities and is, therefore, also known as surplus funds.

\*\*\*G\*\*\*

GFOA - Government Finance Officers Association.

GENERAL FUND - The largest fund within the City, the General Fund accounts for the majority of the financial resources of the government. General Fund revenues include property taxes, local taxes, licenses and permits, service charges, and other types of revenue. This fund includes most of the basic operating functions such as fire and police protection, finance, inspection, public works, parks and recreation, and general administration.

GENERAL OBLIGATION BONDS (G.O.) - Bonds that finance a variety of public projects such as streets, buildings, and improvements; the repayment of these bonds is usually made from the General Fund, and these bonds are backed by the full faith and credit of the issuing government.

GIS – Geographic Information System

\*\*\*G\*\*\*

GRANT - A contribution by a government or other organization to support a particular function. Grants may be classified as either categorical or block depending upon the amount of discretion allowed the grantee.

\*\*\*H\*\*\*

HOME-RULE MUNICIPALITY - A home-rule unit may exercise any power and perform any function pertaining to its government and affairs including but not limited to the power to regulate for the protection of the public health, safety, morals and welfare; to license; to tax; and to incur debt. The City of Bloomington is a home-rule municipality.

HUD – U.S. Department of Housing and Urban Development.

\*\*\*I\*\*\*

IDOT - Illinois Department of Transportation.

IEPA - Illinois Environmental Protection Agency.

IMRF - Illinois Municipal Retirement Fund. Retirement system established for municipal employees in the State of Illinois.

INFRASTRUCTURE – Any substructure or underlying system like roads, bridges, transportation, and water and sewer lines needed for the functioning of a community.

INTERFUND TRANSFER - Transfers made from one fund to another to reimburse or pay for specific services rendered, or to more generally support the activities of another fund.

INTERGOVERNMENTAL REVENUE - Revenue received from another government for a specified purpose.

INTERNAL SERVICE FUND (ISF) - Funds used to account for the financing of goods or services provided by one department to another department on a cost reimbursement basis.

INVENTORY - A detailed listing of property currently held by the government.

\*\*\*L\*\*\*

LEVY - To impose or collect taxes, special assessments, or service charges for the support of City activities.

LINE-ITEM BUDGET - A budget that lists each expenditure category (salary, materials, telephone service, travel, etc.) separately, along with the dollar amount budgeted for each specified category.

\*\*\*M\*\*\*

MAIN STREET CORRIDOR – The Main Street Corridor is a special planning area that spans approximately 5 miles of State Highway 51. The corridor is bounded on the north by I-55 in Normal and on the south by Veterans Parkway in Bloomington. The planning process is a joint effort between both communities.

MODIFIED ACCRUAL ACCOUNTING - A basis of accounting in which expenditures are accrued but revenues are accounted for on a cash basis. This accounting technique is a combination of cash and accrual accounting since expenditures are immediately incurred as a liability while revenues are not recorded until they are actually received or are “measurable” and available for expenditures. Since this type of accounting basis is a conservative financial approach, it is recommended as the standard for most governmental funds.

\*\*\*O\*\*\*

OPEB – This is an abbreviation for Other Post Employment Benefits. It is used in reference to the City’s health insurance liability associated with providing health insurance benefits to retirees.

OPERATING BUDGET - The portion of the budget that pertains to daily operations that provide basic governmental services. The operating budget contains appropriations for such expenditures as personnel, supplies, utilities, materials, travel and fuel.

OPERATING FUND - A fund restricted to a fiscal budget year.

\*\*\*P\*\*\*

PROPERTY TAX LEVY - A tax based on the assessed value of a property. Tax liability falls on the owner of record as of the appraisal date.

PURCHASE ORDER - A written legal document stating or confirming an offer to buy goods or services, which upon acceptance by a vendor becomes a contract. Its main function is to expedite and control buying by the City.

\*\*\*R\*\*\*

REVENUE - Funds that the government receives as income. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues and interest income.

REVENUE BONDS - Bonds usually sold for constructing a project that will produce revenue for the government. The revenue is used to pay the principal and interest of the bond.

RESERVE - An account used to indicate that a portion of a fund's balance is legally restricted for a specific purpose and is, therefore, not available for general appropriation.

\*\*\*S\*\*\*

SPECIAL REVENUE FUNDS - Funds used to account for the proceeds from specific revenue sources (other than trusts or major capital projects) that are legally restricted to expenditures for specific purposes.

SSA BONDS - These are bonds issued for the improvement of a Special Service Area. Businesses residing within this special service area become the source of revenue for repayment of these bonds.

STORMWATER MANAGEMENT – This is a management process that addresses pollution to bodies of open water from storm runoff discharged by larger municipal storm sewer systems and construction sites disturbing the land. The Normal-Bloomington urban area did not meet the population threshold to fall under the Phase I requirements. IEPA regulations address the following minimum control measures:

1. Public education and outreach
2. Public participation and involvement
3. Illicit discharge detection and elimination
4. Construction site runoff control
5. Post construction runoff control
6. Pollution prevention and good housekeeping.

These control measures are implemented by best management practices (BMPs) that were previously developed by communities permitted in Phase I and approved by the USEPA.

# CAPITAL IMPROVEMENT PROGRAM

## CAPITAL PROJECT SHEETS FROM THE FOLLOWING FUNDS

2030 Motor Fuel Tax  
2090 Drug Enforcement Fund  
4010 Capital Improvement  
4012 Capital Improvement (Asphalt & Concrete)  
5010 Water Fund  
5110 Sanitary Sewer  
5310 Storm Water

## CAPITAL EXPENDITURES

Capital expenditures may include street resurfacing, water, sewer and storm water lines. These projects are budgeted in the following budgets: Motor Fuel Tax, Park Dedication, Capital Improvement Fund, Water Fund, Sewer Fund, Storm Water Fund, Golf Fund and the Coliseum Fund. The City has a dollar threshold that the service or good must meet to qualify as a capital project. Capital infrastructure thresholds for capital assets vary from \$100,000 for street resurfacing, bridges, detention basins, pump stations, reservoirs, water plants, dams to \$25,000 for sanitary sewers, water mains, easements, sidewalks, bike trails and building improvements.

Capital expenditures include capital assets items: furniture, machinery, equipment and vehicles that have a useful life of one year or more and cost a minimum of \$5,000. These items are budgeted within the individual departments or the Capital Lease, if applicable, and depreciation is calculated annually.

### FY 2021-- Capital Improvement Summary

Included in FY 2021 Proposed Budget are thirty-nine capital improvement projects which total \$41,007,800. The listing of projects follows this page.

## City of Bloomington, Illinois FY 2021 Capital Projects (All Funds)

MOTOR FUEL TAX CAPITAL  
PROJECTS

**FY 2021 -- Capital Improvement Summary  
Motor Fuel Tax Fund**

The list provides a synopsis of the major capital projects planned for the City in FY 2021. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

**Motor Fuel Tax (MFT) Fund**

❖ **Fox Creek Road Bridge & Road Improvements: Danbury to Beich Road- Land & Construction**

➤ <u>Motor Fuel Tax Fund</u>	
Land	\$30,000
Construction	<u>\$7,350,000</u>
Total MFT Project	\$7,380,000

❖ **Hamilton Road Phase II (Bunn - Commerce) – Land**

➤ <u>Motor Fuel Tax Fund</u>	
Land	\$4,500,000
Total MFT Project	\$4,500,000

❖ **Street Lighting Charges - Electricity**

➤ <u>Motor Fuel Tax Fund</u>	
Electricity	<u>\$500,000</u>
Total MFT Project	\$500,000

❖ **Sheridan Elementary School SRTS– Sidewalks**

➤ <u>Motor Fuel Tax Fund</u>	
Construction	<u>\$220,000</u>
Total MFT Project	\$220,000

**Total FY 2021 Cost: \$12,600,000**

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
This section of Fox Creek Road is currently a two lane rural cross section with shoulders and ditches. This project will reconstruct Fox Creek Road and bridge as five lane urban sections with curb and gutter. A multi-use trail will be constructed on the north side and a sidewalk on the south side. Traffic signals and turn lanes will also be installed at Danbury Drive and Beich Road. Pedestrian accomodations will also be constructed on the bridge to connect neighborhoods north of Fox Creek Road to Pepperidge Elementary. New storm sewers and water main will also be installed. The project costs will be partially reimbursed from the IL Commerce Commission's Grade Crossing Protection Fund. The construction costs shown below show the total project cost which will be paid up front by the City with reimbursement estimated at \$1,450,000 from the Grade Crossing Protection Fund.

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
This is the last section of Hamilton Road needed to complete this four lane arterial from Fox Creek Elementary to Hershey Road. This project includes crossing the Norfolk Southern Railroad at grade. Rhodes Lane will be reconstructed to "tee" into the new Hamilton Road. Rhodes Lane will have new cul-de-sac that will cut off access to Morrissey Drive. Negotiations with Norfolk Southern Railroad have been ongoing for several years. Hanson Professional Services was hired in 2015 to perform a Phase I preliminary design services for this project which concluded in FY20. The work proposed on this sheet includes land acquisition, Norfolk Southern Railway design review expenses, final design documents, and construction of the roadway improvements. The funding is 80% STU funds with a 20% required local match from state MFT funds. Funding is included on the MCRPC Transportation Improvement Program for FY 2020- 2024.

Street Lighting			20300300-71320			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
This item includes payment to the electric utilities for providing street lights on public streets in Bloomington. In the Ameren service area this includes the cost of electric power along with maintenance and replacement of bulbs, ballasts, photo cells, poles, fixtures and wiring. In the Corn Belt Energy service area this is mainly the cost of electric power and bulbs. These services are provided as outlined in the respective franchise agreements. This item is not bid, but is simply a reimbursement to the City from the MFT fund.

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Sheridan Elementary School SRTS			20300300-72560			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
This project includes the replacement of approximately 35,000 square feet of sidewalk and ramps in the vicinity of Sheridan Elementary School. A typical ramp replacement costs about \$1,250, and a typical intersection has 8 ramps. Funding for this project is provided by a Safe Routes to School (SRTS) grant, that was applied for and awarded to the City of Bloomington. The grant totalled \$200,000, all of which is to be devoted to the sidewalk and ramp improvements.

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Long Term Evidence Storage Facility			20900900-72520-33000			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The Police department is charged with maintaining evidence from major cases for a significant period of time and in some cases indefinitely. The current space used for long-term storage has been exhausted. The lodge at the police firing range has not been used for some time. The building fell into disrepair for several years. The roof was replaced and no remediation of interior damage was completed. The interior of the building has continued to deteriorate to the point it is no longer useable. The building was evaluated and it was determined to not be salvageable. The department will build a morton style building to securely house long term evidence.</p>

Remodel Records evidence storage area		20900940-72520-35000					
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
Freedom of Information (FOIA) requests have continued to grow since the act passed. The department has an employee charged with fulfilling FOIA requests. This employee spends a significant amount of time reviewing and redacting written, audio and video evidence for release. This evidence is often sensitive in nature and requires close concentration by the employee. The department will remodel a current evidence storage area to create a private office space for the FOIA fulfillment employee to work. This office space will allow the employee to concentrate more closely with fewer interruptions and provide an extra level of security when screening sensitive materials.

CAPITAL IMPROVEMENT FUND  
CAPITAL PROJECTS

**FY 2021 -- Capital Improvement Summary  
Capital Improvement Fund**

The list provides a synopsis of the major capital projects planned for the City in FY 2021. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

**Capital Improvement Fund**

**Facilities Capital Improvement Projects**

❖ **Police Parking Garage Improvements-Construction**

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$350,000</u>
Total Capital Project	\$350,000

**Parking Capital Improvement Projects**

❖ **Bloomington Ice Center/Arena Garage Improvements- Construction**

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$100,000</u>
Total Capital Project	\$100,000

❖ **Market Street Garage Improvements- Construction**

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$1,330,000</u>
Total Capital Project	\$1,330,000

**Parks Capital Improvement Projects**

❖ **O'Neil Park Aquatic Center and Park Renovations - Design**

➤ <u>Capital Improvement Fund</u>	
Design	<u>\$738,000</u>
Total Capital Project	\$738,000

❖ **Route 66 Trail-south of Shirley to Funks Grove 2.9 Miles, Section 5 - Construction**

➤ Capital Improvement Fund

Construction	<u>\$197,300</u>
Total Capital Project	\$197,300

❖ **Route 66 Trail Funk's Grove to McLean 4.8 miles, Section 6 - Construction**

➤ Capital Improvement Fund

Construction	<u>\$10,500</u>
Total Capital Project	\$10,500

❖ **Zoo--Anteater, Bush Dog, Tortoise Exhibit- Design, Equipment & Construction**

➤ Capital Improvement Fund

Design	\$75,000
Equipment	\$25,000
Construction	<u>\$900,000</u>
Total Capital Project	\$1,000,000

**Total FY 2021 Cost: \$3,725,800**

Capital Improvement	Facilities Management		Russ Waller	6		
<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Police Parking Garage Improvements			40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
A major rehabilitation to the top level of the Police Parking garage was completed in 2012. No repairs were made to the two lower levels in the garage. Similar to streets, bridges and other facilities which are subject to vehicle use, parking garages receive high levels of wear and tear and require ongoing maintenance. Since it's been 8 years since work was completed on the top level and no recent work has been completed on the lower levels, repairs and maintenance on the entire deck are needed.

<i>PROJECT TITLE</i>				<i>ACCOUNT NUMBER</i>			
Bloomington Ice Center/Arena Parking Garage Improvements				40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
The Arena garage was built in 2005 as part of the US Cellular Coliseum project. Serious structural defects were discovered during the City's facility study. The defects were addressed in 2014 and the facility is currently rated in good condition. Despite the good condition rating, minor repairs are needed to address sealant and drainage issues. The repairs for both the Arena and Market garages will be designed and performed under a single project.

<i>PROJECT TITLE</i>				<i>ACCOUNT NUMBER</i>																																																																									
Market Parking Garage Improvements				40100100-72520																																																																									
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>																																																																													
Repairs to the Market garage completed in 2013 were expected to extend the useful life of the garage about 10 years. Since 2013, a few minor maintenance projects have been completed, but no additional structural repairs have been done. A structural evaluation of the garage completed near the end of FY2020 showed considerable problems which need attention during FY2021. Although continued structural repairs can keep the facility operational, the rate of return exponentially decreases with the age of the structure. A replacement plan should be pursued.

O'Neil Park Aquatic Center and Park Renovations-Design				40100100-70051			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
<p>These funds are for the architectural and engineered design of O'Neil Park and it's amenities. The design will address renovating the pool, skate park, courts, parking, pathways, play areas and a potential dog park. Staff are not sure how much longer O'Neil Pool can be kept operational. The Aluminum pool is 44 years old with a 25 year life span. The baby pool is permanently closed. It is important for this area of the City to have an outlet for youth including a pool. The long-term prospect for this project will be replacing the current pool with a modern-day aquatic complex. An aquatic complex could bring more people into west Bloomington due to the easy access off I-74/I-55. In addition to use, an updated attraction could see an economic impact for the business owners along Market Street.</p>

Construction-Route 66 Bike Path-Sect 5-Shirley to Funk's Grove				40100100-72580			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
<p>The City of Bloomington has an intergovernmental agreement (IGA) from November 1999, with McLean County, Town of Normal and other smaller municipalities within the County on providing funding for the Historic Route 66 Bike Trail project. Four sections have been completed and currently Section 5 will be constructed and billed in fiscal year 2021. This section is approximately 2.9 miles long, and runs from 1.1 miles south of Shirley to Funk's Grove. In fiscal year 2020 the design is being revised and will be billed out for approximately \$3,500. In fiscal year 2021 the construction will be completed and City of Bloomington's estimated share will be around \$197,300. The City's cost will be billed through McLean County, under the intergovernmental agreement after completion of the construction phase. In the 3-5 year range more trail will be done southward towards the Village of McLean. Longer range planning (5-10 year range) is Towanda to Lexington.</p>

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>																																																																													
<p>The City of Bloomington has an intergovernmental agreement (IGA) from November 1999, with McLean County, Town of Normal and other smaller municipalities within the County on providing funding for the Historic Route 66 Bike Trail project. Four sections have been completed, and section 5, from south of Shirley to Funks Grove, should be constructed and billed in fiscal year 2021. Section 6, the southern most portion, is approximately 4.8 miles long, and runs from Funk's Grove to Mclean. The first half of the design phase of section 6 is scheduled for fiscal year 2021 with the City's share approximately \$10,500. The second half of the design phase is scheduled for fiscal year 2022 with the City's share again around \$10,500. The construction of section 6 is tentatively scheduled for fiscal year 2023 with the City's share around \$205,000. The City's cost will be billed through McLean County, under the intergovernmental agreement, after each phase is completed. Longer range planning (5-10 year range) is Towanda to Lexington.</p>

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>																																																																													
<p>The Miller Park Zoo Master Plan prioritized the Giant Anteater, Galapagos Tortoise, and Bush Dog exhibits as the next animal exhibits to be completed. The total cost for this project is estimated at \$1,000,000. The Zoo will apply for a State of Illinois Department of Natural Resources Public Museum Grant which could be worth up to \$750,000. The Miller Park Zoological Society will cover the remaining \$250,000. There is no cost to the City. According to projected growth in the Strategic Plan, admission revenue will increase by 2.5%. The project will bring a few new animals to the Miller Park Zoo. The area designated in the Zoo's Master Plan is where currently the Eurasian Eagle Owl, Red Panda, Pallas' Cat, and Rainforest Theater are located. These wooden exhibits are older and have, generally speaking, surpassed their longevity. This project has completed the construction document design stage.</p>

CAPITAL IMPROVEMENT (ASPHALT &  
CONCRETE) FUND CAPITAL  
PROJECTS

**FY 2021 -- Capital Improvement Summary  
Capital Improvement (Asphalt & Concrete) Fund**

The list provides a synopsis of the major capital projects planned for the City in FY 2021. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

**Public Works Capital Improvement (Asphalt & Concrete) Projects**

- ❖ **Multi-Year Street & Alley Resurface Program - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
  - Capital Improvement Fund

Construction	<u>\$5,800,000</u>
Total Capital Project	\$5,800,000
  
- ❖ **Multi-Year Sidewalk Repair Program - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
  - Capital Improvement Fund

Construction	<u>\$1,200,000</u>
Total Capital Project	\$1,200,000
  
- ❖ **Multi-Year Street, Alley & Sidewalk Repairs - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
  - Capital Improvement Fund

Construction	<u>\$200,000</u>
Total Capital Project	\$200,000
  
- ❖ **Lutz Road Reconstruction: Morris Avenue to Luther Oaks – Construction supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
  - Capital Improvement Fund

Construction	<u>\$980,000</u>
Total Capital Project	\$980,000

**Total FY 2021 Cost: \$8,180,000**

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Street & Alley Resurfacing and Repair			40120200-72530			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Annual program that provides for resurfacing and repair of public streets and alleys. The roadways repaired are patched and incidental problems are addressed prior to the resurfacing. The resurfacing is typically approximately 2 inches of milling and new surface material.						
This budget also includes pavement preservation. This is primarily C-85 rejuvenating seal and reclaimite.

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Sidewalk and Ramp Replacement Program			40120200-72560, Grants-72560			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Annual program that provides for repair and/or replacement of public sidewalk and ramps in order to comply with Federal ADA - American with Disabilities Act requirements. Most sidewalk and ramp repair locations are within the City's annual resurfacing contract. Other sidewalk and ramp locations are determined by citizen request and then by public benefit. A portion of the program is set aside for 50/50 projects. The 50/50 program is an annual program that provides for replacement of public sidewalk with the participation of the property owner. The 50/50 program is voluntary based on first come first served until available money runs out. Low income households may qualify for assistance through CDBG -Community Development Block Grant programs.

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Lutz Road Reconstruction: Morris Avenue to Luther Oaks Entrance			40120200-72530			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
This section of Lutz Road is currently a two lane rural cross section with shoulders and ditches. This project will fund the roadway construction. The City has contracted with Mauer Stutz Engineering to perform a feasibility study for the roadway design. The results of the study recommend a hybrid type street design which includes curb and gutter on the north side of the road and an aggregate shoulder and ditch on the south side. The driving lanes will be widened to 11' from the existing 8' lanes and a sidewalk installed on the north side of the road.

CAPITAL IMPROVEMENTS PROGRAM FY 2021 - FY 2025

<i>FUNDING SOURCE(S)</i>	<i>DEPARTMENT</i>		<i>CITY CONTACT PERSON</i>	<i>WARD</i>		
Water Fund	Public Works Department - Water Division		Brett Lueschen	City Wide		
<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Water Division Rate Study			50100110-70050			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
A Water Rate Study has not been performed in over a decade and the anticipated Capital Improvement Projects costs exceed the currently projected revenue. A Water Rate Study is necessary to compare with other municipalities and decide on fair rates to meet infrastructure needs.

GIS Services				50100110-70051			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
Continue to develop a comprehensive water distribution, service connection, hydrant and valve GIS record system. Improved records will help maintain the City's water infrastructure, responding to emergencies such as main breaks and water service disconnects. ArcGIS solutions will help with the operational functions of the entire water system.

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
The Illinois Environmental Protection Agency (IEPA) has mandated that the City eliminate combined sewer overflow (CSO) at Locust Street and Colton Avenue. The City intends to secure a low interest loan from the IEPA to construct Phase 2 of a multi-phase plan to eliminate that CSO, final CSO elimination is expected to be complete in 2030. Phase 2 construction costs will be paid to the contractor with City funds, IEPA loan proceeds will reimburse the expended City funds. The IEPA loan will then be repaid on a 20 year amortization schedule.

Fox Creek Road Bridge & Road Improvements: Danbury to Beich Road				20300300-72510, 20300300-72530, 50100120-72540, Grants-72510, Grants-72550			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
This section of Fox Creek Road is currently a two lane rural cross section with shoulders and ditches. This project will reconstruct Fox Creek Road and bridge as five lane urban sections with curb and gutter. A multi-use trail will be constructed on the north side and a sidewalk on the south side. Traffic signals and turn lanes will also be installed at Danbury Drive and Beich Road. Pedestrian accomodations will also be constructed on the bridge to connect neighborhoods north of Fox Creek Road to Pepperidge Elementary. New storm sewers and water main will also be installed. The project costs will be partially reimbursed from the IL Commerce Commission's Grade Crossing Protection Fund. The construction costs shown below show the total project cost which will be paid up front by the City with reimbursement estimated at \$1,450,000 from the Grade Crossing Protection Fund.

Locust Colton CSO Elim. & W.M. Replace. Phase 2, non SRF Loan				50100120-72540, 51101100-72550, 53103100-72550			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
The Illinois Environmental Protection Agency (IEPA) has mandated that the City eliminate combined sewer overflow (CSO) at Locust Street and Colton Avenue. The City intends to secure a low interest loan from the IEPA to construct Phase 2 of the Locust Colton CSO Elimination and Water Main Replacement Project. However, IEPA loan proceeds may not be eligible for use on all construction items, such as restoration of all desired pavement, curb & gutter, and sidewalk, reconnections of some private sewer services, payments made for some types of landscape restoration, and other ineligible contingencies that may arise.

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
The Illinois Environmental Protection Agency (IEPA) has mandated that the City eliminate combined sewer overflow (CSO) at Locust Street and Colton Avenue. The City intends to secure a low interest loan from the IEPA to construct Phase 2 of a multi-phase plan to eliminate that CSO, final CSO elimination is expected to be complete in 2030. Phase 2 construction costs will be paid to the contractor with City funds, IEPA loan proceeds will reimburse the expended City funds. The IEPA loan will then be repaid on a 20 year amortization schedule.

Water Treatment Plant Combined Studies				50100130-70051			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
This project is one overall study of various WTP studies and improvements that were recommended by the Water Infrastructure Master Plan. This single, combined study will provide a coordinated approach to the following areas: HVAC system improvements to address chemical safety and other issues, stability of water after recarbonation, elimination of the old recarbonation basins, piping improvements to correct hydraulic limitations downstream of the clarifier/softeners, improved powdered activated carbon (PAC) storage and feed system to replace the existing nonfunctional system, additional wells to allow blending of nitrate-free groundwater and supplement the safe yield of the City's water supply, Lake Bloomington intake and low-lift pump station replacement, comprehensive improvements to the Water Treatment Plant to address the numerous capacity, water system integrity, and reliability issues, filtration improvement, replacement of Filters 1 through 12, architectural programming for modifications and additions at the WTP, disposition of the outdated 1929 Water Treatment Plant Annex building.

Water Treatment Plant PAC Storage & Feed Facility			50100130-70051			
			50100130-72590			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Design and construction of a Powdered Activated Carbon (PAC) Storage and Feed System at the Water Treatment Plant. The existing treatment process uses granular activated carbon (GAC) media in the filters to remove taste and odor-causing compounds. While geosmin and 2-methylisoborneol (MIB) levels are usually low, occasional spikes occur in the source water lead to elevated levels in the treated water and taste and odor complaints from consumers. This project will add a PAC feed system at the raw water and a storage system with a 30-day supply.

Water Treatment Plant Chlorine Gas Scrubber			50100130-72590			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Construction of improvements to include construction of a chlorine gas scrubber for the chlorine storage and feed rooms and correcting the chlorine emergency ventilation system which includes exhaust duct that is routed through interior building spaces before reaching the exterior discharge vent. The current industry best practice is to provide a gas scrubber where gas chlorine is used at facilities near residential or other populated areas. This project is being designed in the FY2020 Water Treatment Chemical System Upgrades project.

Multi-Year Reservoir Shoreline/Stream Erosion Control Improvements			50100140-72620			
			50100140-70051			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This ongoing project will continue the shoreline stabilization and stream stabilization work in the reservoirs and the tributary streams feeding them. The longevity of the drinking water reservoirs is extended, water quality is improved and fish and wildlife habitat is enhanced by these projects. Lakeshore erosion studies and stream inventories were undertaken from 2004 to 2007 to quantify sediment contributions and to prioritize restoration work for the identified erosion sites.</p> <p>The Department strives to work with agency partners to obtain other funding sources. Recently, through assistance of our partner agencies these projects have been partially funded through grants. This partnership extends the amount of work performed on an annual basis.</p>

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The Water Division will be applying for multiple Watershed Improvement grants through various State of Illinois agencies. These grants will require cost/share commitments from the City of Bloomington. As the City of Bloomington updates the existing Watershed Management Plan, various grants will become available, therefore needing a cost/share commitment.

Lake Bloomington Maintenance Facility Construction and Observation			50100140-70051-60000			
			50100140-72540-60000			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
A fire destroyed the Lake Parks Maintenance building on March 10, 2019. This project will design, construct and provide inspection services for a new facility that will house the maintenance operations for Lake Parks and Mechanical Maintenance for the Water Treatment Plant. The new facility will also house the Property Manager office, Ranger Station, dedicated work areas, conference room for both governmental and public meetings. This project will provide necessary space for storage, work and vehicles while creating efficiencies for Lake Parks and Mechanical Maintenance. Design funds will be encumbered during FY 2020. City of Bloomington will contract for construction and construction observation services in FY 2021.

Multi-Year Compound Meter Upgrades			50100150-72620			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Existing Meters are slow and usage / revenue is under accounted for. Replacing Compound Meters improves flow range detection and billing accuracy. Existing meter vaults will be replaced or retrofitted for proper access to the new meters for regular maintenance and to ensure safety. The HP PROTECTUS III S fire service meter is designed for applications where fire service and domestic water supplies are fed by a single line. The HP PROTECTUS III S measures extremely wide flow ranges at 98.5%-101.5% accuracy, registering leaks or unauthorized use of water from fire service lines. These flow ranges will be an improvement as the HP PROTECTUS III S also acts as a compound meter and the existing meters in these applications are currently single flow meters. We are currently targeting our wholesale customers for HP PROTECTUS III S meters. This will include installation of the R900 Gateway. This follows the plan of the 2019 Water Meter Evaluation.

Water Meter Test Bench			<i>ACCOUNT NUMBER</i>			
			50100150-72620			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Testing meters and checking the accuracy of periods of time will help the department build a true timeline for a meter replacement program. It is recommended by the AWWA to test meters at different flow rates to determine the accuracy. Based upon the results we will be able to further develop our meter change out program based on system specific data. In addition, we will be able to test meters in house for any customer concerns. This follows the plan of the 2019 Water Meter Evaluation.

R900 Gateway Installation Multi Year			50100150-72620			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The R900 Gateway's software-defined radio technology can process eight (8) meter readings simultaneously and gather 360 readings per second. The data collected will be accurate, timely, and simple to access. This will allow staff to spend more time on improving department infrastructure. This will include installation of the R900 Gateway. This follows the plan of the 2019 Water Meter Evaluation.

PROJECT TITLE			ACCOUNT NUMBER			
Water Treatment Plant Boiler Replacement			50100160-72520			
PROJECT DESCRIPTION/JUSTIFICATION						
This preventative maintenance project is to replace the original boilers installed at the 1987 plant that are beyond their life expectancy and becoming inefficient. Boilers at the old plant that were installed in 1987 have already failed and were replaced in FY17.

# SANITARY SEWER PROJECTS

**FY 2021 -- Capital Improvement Summary  
Sanitary Sewer Projects**

The list provides a synopsis of the major capital projects planned for the City in FY 2021. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

**Sewer Improvement Fund**

❖ **Multi-Year Sanitary Sewer Assessment – Design**

➤ <u>Sewer Improvement Fund</u>	
Design	<u>\$2,500,000</u>
Total Capital Project	\$2,500,000

❖ **Locust Colton CSO Elimination & Water Main Replacement - Construction Phase 2 –SRF Loan Eligible**

➤ <u>Sewer Improvement Fund</u>	
Construction	<u>\$1,600,000</u>
Total Capital Project	\$1,600,000

❖ **Locust Colton CSO Elimination & Water Main Replacement - Construction Phase 2 – non-SRF Loan Eligible**

➤ <u>Sewer Improvement Fund</u>	
Construction	<u>\$50,000</u>
Total Capital Project	\$50,000

❖ **Locust Colton CSO Elimination & Water Main Replacement – Design-Phase 4 – non-SRF Loan Eligible**

➤ <u>Sewer Improvement Fund</u>	
Design	<u>\$245,000</u>
Total Capital Project	\$245,000

❖ **Sugar Creek Pump Station and Forcemain Improvements - Design & Construction**

➤ <u>Sewer Improvement Fund</u>	
Design	\$300,000
Construction	<u>\$1,700,000</u>
Total Capital Project	\$2,000,000

**Total FY 2021 Cost: \$6,395,000**

Sanitary Sewer	Public Works - Engineering Division		Ward Snarr		Citywide	
<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Sanitary Sewer Assessment			51101100-70051			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
This annual program includes the evaluation of a portion of the City maintained 350 mile sanitary sewer collection system. Inspections are done primarily by CCTV (closed circuit televising) of sewer mains, manholes and service lateral connections. Other techniques may include smoke or dye testing and sound based inspections. This program is recommended in the Sanitary Sewer Master Plan and will be required as part of an IEPA (Illinois Environmental Protection Agency) approved CMOM (Capacity, Management, Operations and Maintenance) plan which the City must have in place by Fall of 2019. The goal is to assess approximately 70% in FY2021 and the continue to start re-assessing 10% of the system per year starting in FY2022.

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The Illinois Environmental Protection Agency (IEPA) has mandated that the City eliminate combined sewer overflow (CSO) at Locust Street and Colton Avenue. The City intends to secure a low interest loan from the IEPA to construct Phase 2 of a multi-phase plan to eliminate that CSO, final CSO elimination is expected to be complete in 2030. Phase 2 construction costs will be paid to the contractor with City funds, IEPA loan proceeds will reimburse the expended City funds. The IEPA loan will then be repaid on a 20 year amortization schedule.

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
The Illinois Environmental Protection Agency (IEPA) has mandated that the City eliminate combined sewer overflow (CSO) at Locust Street and Colton Avenue. The City intends to secure a low interest loan from the IEPA to construct Phase 2 of the Locust Colton CSO Elimination and Water Main Replacement Project. However, IEPA loan proceeds may not be eligible for use on all construction items, such as restoration of all desired pavement, curb & gutter, and sidewalk, reconnections of some private sewer services, payments made for some types of landscape restoration, and other ineligible contingencies that may arise.

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Sugar Creek Pump Station and Forcemain Improvements			51101100-72550			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The Sugar Creek Pump Station and associated force main was constructed in the mid to late 1990s. The pumps and related components in the station are old and even obsolete. Repair parts are often difficult to obtain. If a pump fails, it often takes about 4 to 6 months for repairs. Failure of multiple pumps or components could result in sewer backup in basements or surface sewage discharge that must reported to the Illinois Environmental Protection Agency. This project involves evaluating the existing lift station and force main, design of new components or systems and construction of the new facilities.

The Illinois Environmental Protection Agency (IEPA) has mandated that the City eliminate combined sewer overflow (CSO) at Locust Street and Colton Avenue. The City intends to secure a low interest loan from the IEPA to construct Phase 2 of a multi-phase plan to eliminate that CSO, final CSO elimination is expected to be complete in 2030. Phase 2 construction costs will be paid to the contractor with City funds, IEPA loan proceeds will reimburse the expended City funds. The IEPA loan will then be repaid on a 20 year amortization schedule.

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
The Illinois Environmental Protection Agency (IEPA) has mandated that the City eliminate combined sewer overflow (CSO) at Locust Street and Colton Avenue. The City intends to secure a low interest loan from the IEPA to construct Phase 2 of the Locust Colton CSO Elimination and Water Main Replacement Project. However, IEPA loan proceeds may not be eligible for use on all construction items, such as restoration of all desired pavement, curb & gutter, and sidewalk, reconnections of some private sewer services, payments made for some types of landscape restoration, and other ineligible contingencies that may arise.
