

DRIVE-THRU COVID-19 TESTING SITE LOCATED IN BLOOMINGTON

The COVID-19 drive-thru site at the Interstate Center in Bloomington, IL is using a self-swab test. Each person self-swabbing is instructed and monitored by an on-site staff member. This updated test does not need to swab as far back as the original test.

If you're concerned you may have COVID-19 and you meet the criteria below drive to the site to get tested. Testing is not limited to McLean County residents and there is no fee to those being tested. Insurance information will be collected if available.

Procedure:

Persons being tested need to be in a vehicle. **Please keep all vehicle windows up until instructed otherwise.** People will be permitted to step outside of their vehicles to use the portable restrooms but may not wander.

Criteria:

Anyone that is symptomatic, able to follow directions, and can complete the self-swab test by themselves can be tested at this site; adult assistance is not permitted. All minors must be accompanied by a parent/guardian. You may not have taken any fever reducing medications within six hours prior to testing. Lack of a fever does not disqualify you from testing.

First Responders and Medical Personnel, with proper ID, do not need symptoms to be eligible to test.

The drive thru testing site is located at the Interstate Center/McLean County Fair Grounds, 1106 Interstate Dr, Bloomington and is open daily from 9 am - 5 pm or until 250 tests are conducted.

Results:

Individuals will receive a phone call with their test results, if you miss the call they will try again.

Results are also available online:

If you tested before April 15th visit <https://myquest.questdiagnostics.com/web/home>. Tests taken on or after April 15th, visit www.labcorp.com/results for those results.

If you are experiencing a medical emergency call 911.
