## DOWNTOWN BLOOMINGTON FARMERS' MARKET

The Downtown Bloomington Farmers' Market is a producer-only market offering a wide array of farm products — including vegetables, fruits, cheeses, pork, beef, free-range poultry and eggs, flowers, plants, herbs, and more grown and produced by the individuals selling these items!

The Farmers' Market began on August 17, 1974 with a few local vendors, but it found its home in Downtown in 1997. The market is dog friendly, features kids' activities, and a different musician every week making it a dynamic weekend activity in downtown!
